Aggies Smother Villanova 33 to 7

Wildcats End 23-Game Win Streak

In looking over some of the grid results of the past week, it is noticed that San Francisco University tied Santa Clara 13 to 13. The Cadets have played both of these teams in the past.

Dick Todd tallied 13 points when his Washington Redskins in the pro league walloped the Pittsburgh Pirates 44 to 14.

John Kimbrough ousted Adams of Arkansas for the conference lead in scoring this week. He scored 12 points for a total of 30. Crain of Texas added two touchdowns to run his total points to 25. They are followed by Adams, Ark., 24; Johnston, S.M.U., 18, and Witt, Baylor, 18.

Two conference games will be on the program this week when the Aggies, undefeated, meet T. C. U., which has yet to win a game; Texas has Arkansas at Austin; Rice goes to New York to tangle with Fordham; S.M.U. has Marquette at Dallas and Baylor travels to Lincoln, Nebraska to hook up with Nebraska.

Was mighty Pitt broken up last year? . . . from their record this season one would never suspect such a thing.

"Satch" Elkins, star quarterback on the recently formed quarterback's club, questions a statement that was recently made in this column. It was stated that the Aggies would be trying to keep their Rose Festival record clean. In 1935 Dave Smukler and his Temple mates ran over Taylor Wilkins, "Bomber" Lindsey, Crow, Nick Willis, Johnny Morrow and the rest of the Aggies to win 14 to 0.

"Satch," we were talking about recent records and were not digging into your long past memories. Some of these boys are married and have children now, which is getting ahead of both of us.

Harry Faulkner, assistant football coach and one of the scouts, said, during the game Saturday, "Villanova is not playing the brand of ball today that they did last week when I scouted them." Harry, they didn't get a chance to play ball Saturday. The Cadets wouldn't let them. Faulkner did say, though, that he expected the Aggies to win.

Some of the Villanova boys tried to get a little rough, but the Aggies stopped them on that count, too.

Tickets for the T.C.U. fracas are on sale at the athletic office now.

Goddard College is believed to be the only institution of higher education in the U. S. that does not use academic regalia at commencement exercises.

Each Hunter College (in New York City) student spends an average of 1,650 hours riding subways during their four years in college.

Villanova came all the way to Texas Saturday to get their record of not having been beaten in 22 games broken. The Aggies took it upon themselves to break the record and did so by scoring 33 points in the first half and then letting the reserves have them during the second half. Final score, Aggies 33, Villanova 7.

The Yankees came down with the once famous Notre Dame shift and they looked very good shifting, but after the shift was over it was all A. & M.

A. & M. tallied 19 points in the initial frame and 14 in the second. Villanova scored seven points against the reserves in the final period. First downs were in the Aggies' favor 8 to 4 while on the ground the Cadets had a net of 105 to 35 for the visitors. A. & M. made 116 yards passing to 50 for the Wildcats.

John Kimbrough was the acting captain for the cadets. He took the opening kickoff and returned 17 yards. Kimbrough hit the line for two yards and then when Pugh's pass was intercepted, he recovered the fumble by the Wildcat. John made the first tally by ploughing the line from the one yard line. He made the second touch from the nine yard line, going over standing up.

Jeffrey passed to Thomason for a touch, but it was called back and the cadets penalized.

The other touchdowns were made by Conatser, who raced a punt back for 65 yards, and Spivey and Moser. Moser scored after taking a pass from Pugh on the Villanova 11. Spivey scored his on a five yard lunge across right tackle.

A. & M. just played the game they are capable of and the visiting bunch never had a chance to get started. With 33 points whistling down in a half with another six pointer being called back, the other team has very little chance to get set to stop the onslaught let alone try to do any scoring themselves.

Safety Advisor Is Appointed For NYA

Appointment of Carl H. Smith of LaJolla, California, as safety advisor of the National Youth Administration was announced today by Administrator Aubrey Williams. Mr. Smith will work with the technical staff of the national office and with State Youth Administrators in formulating standards and operating procedure designed to prevent accidents and to enhance safety of project employees and the public.

A native of New Mexico, Mr. Smith attended public schools in Iowa, and took college preparatory work in schools of Illinois.

Aggies Gain 26th Place After Villanova Rout Saturday; Williamson System Places S. M. U. 19th, Baylor 28th

The University of Michigan came through for the Williamson system by stomping the strongest Iowa team in years 27 to 7 to gain first place in the national ratings with 97.1.

In the pre-season appraisal the system picked Michigan to win the Big Ten pennant. Its demonstration against Iowa indicates Michigan is well on the way.

The surprising Pittsburgh Panthers eked out a 14 to 13 victory over Duke's Blue Devils in a game which the system called a toss-up and a hard fought battle. For that showing Pittsburgh rates second place with 96.7.

Although the System had its worst week in history, as mentioned in detail later, it did exceptionally well in picking the winners in the major games. Best picks were as follows:

Louisiana State over Rice (7-0); Notre Dame over S.M.U. (20-19); Texas Aggies over Villanova (33-7); Oklahoma over Texas (24-12); Stanford tying U.C.L.A. (14-14); Washington State over Washington (6-0).

Discounting the upsetting ties the System had an 80.6 efficiency.

Perfect Team	100.0
1 Michigan	97.1
2 Pittsburgh	96.7
3 Duke	96.6
4 Mississippi U.	96.1
5 Oklahoma U.	94.7
6 Kentucky U.	94.6
7 Tulane U.	94.1
8 Ohio St.	94.1
9 L.S.U.	93.0
10 N. Carolina	92.9
11 Alabama	92.2
12 Tennessee	92.1
14 Auburn	91.6
15 Notre Dame	91.4
18 Miss. State	91.0
19 S.M.U.	91.0
25 Purdue	90.1
26 Texas A. & M.	90.0
28 Baylor	89.9
32 U.C.L.A.	89.4
40 Texas U.	87.8
42 Arkansas	87.3
55 Oklahoma A. & M.	85.1
61 Santa Clara	84.7
64 Hardin-Simmons	84.6
74 T.C.U.	84.6
75 Villanova	84.0
87 Rice Institute	83.1

Navy Wants More Aviators; Number To Be Trained Is Doubled

The Navy Department has announced a program of tremendous expansion in its air forces effective immediately. This expansion plan calls for the training of hundreds of young college men who will be recruited from civilian ranks and taken into the Naval service. To these young men, who have a minimum of two years in college and who can qualify physically, the Navy offers a thorough course in aviation training in all its phases.

Seven Years' Duty
Upon completion of this training period the student is commissioned as ensign, U.S.N.R., and sent to duty with the aviation units of the fleet. After three years' service he is promoted to lieutenant (junior grade) with the option of four more years' duty. During this service he builds up an aviation background which gives him an unexcelled standing in this profession. While in service, he receives the full pay and allowances of his rank.

To young men interested in aviation, this presents an exceptional opportunity. The actual flight training covers all types of sea and land planes, single and multi-engine. The ground training consists of a thorough course in navigation, radio, engines and airplane structure.

To be eligible for this training, candidates must have the following qualifications: Be an American citizen between 20 and 28 years old; unmarried; of sound physical condition; have minimum height of 5 feet, 6 inches; a minimum weight of 132 pounds; and have at least two full years of college education.

Classes for this training will assemble at Pensacola on the first of every month throughout the year, and qualified candidates may

INTRAMURALS

With Hub Johnson

It seems that the first week of intramurals finished rather successfully with a big varsity game in Tyler that also finished in the same manner.

Basketball games outnumbered the rest of the sports with the spotlight resting on the 3 Hq. Field Artillery-B Chemical Warfare tilt. Ravey and Francis of the Hq. scored 7 and 6 points respectively to take the scoring lead as they ran up a 28 to 1 victory over the chem boys.

E Coast Artillery just marked up a win over H Infantry as the game ended in a 6 to 6 tie. The winners held one 40 yard penetration over the Infantry team.

Sam Arisco, brother to Mike, the scorer of the lone point in the 3 Hq. FA-B Chem Warfare game, led Company A of the Chemical Warfare Service to a close 21 to 17 win from E. Infantry. Jackson and Robbins were high point men for the Infantry while Warnke and Terrell led the floor for the Kiest Hall team.

In football games the last few days, G Coast Artillery held D Infantry to no penetrations and walked off with a 12 to 0 win, G Infantry downed D Coast Artillery 19 to 0, A Chemical Warfare topped F. Infantry 6-0, and A Coast Artillery registered the same score over D Field Artillery.

Noticed on the floor doing their best or their worst were Herman Spoede, playing a rough game of basketball as H. Coast Artillery dropped a 15 to 8 game to B Infantry, with J. B. Ashworth scoring 10 points for the winners.

David Yarbrough scoring the lone four points as the A Engineers lost to Hq. Cavalry in a game that saw only one point scored in the first half, that in favor of the horsemen.

Ranchgirls Again A Feature of Ft. Worth Stock Show This Year

Ranchgirl honor guests will be a feature of the Southwestern Exposition and Fat Stock Show at Fort Worth again in 1940, John B. Davis, secretary-manager, has announced.

A representative of the show has visited the leading rodeos and cattle sections of Texas and New Mexico during the summer, securing photos and information on potential guests. A number of young ladies are being considered, and Davis states that final selection of the eight young ladies will be made shortly.

Following the policy initiated by the show last year, each young lady will be strictly non-professional, an expert horsewoman, and a representative of the livestock families in the section she represents.

New and attractive features are being worked out for next year for the girls to demonstrate their horsemanship. Four of the girls who appeared in the world's championship rodeo here this year have gone to Madison Square Garden rodeo in New York, October 4 to 29, as honor guests. Officials of the New York show adopted the feature after its popularity was proven at the Fort Worth rodeo. The four girls chosen to go to New York were Miss Peggy Minnick of Crowell; Miss Fern Sawyer of Cross Roads, New Mexico; Miss Walter Fay Cowden of Midland; and Miss Sydna Yokley of Canadian.

choose the month they desire to go to duty. Interested young men are urged to write immediately for information and application blanks to the Senior Member, Naval Reserve Flight Selection Board, U. S. Naval Air Station, Pensacola, Florida.

Conatser Becomes Double Threat In Aggie Backfield

BY JIMMIE COKINOS

Bill Conatser, the new find in the Aggie's backfield, has finally made a touchdown that the referees could not call back. Bill broke into the scoring column in the Tyler game against Villanova when he took a punt on the Aggies 30 yard line and raced through the entire Villanova team for a 70 yard touchdown jaunt.

Conatser

When his 60 yard touchdown run was called back in the Centenary game, Conatser was dubbed by sportswriter's as the hard luck boy of the conference. He earned this title after having a total of three touchdowns called back by the officials. He had one called back last year and two this season.

Conatser, who last year was put into a game to punt when needed has been doing some fancy running for the Cadets. Norton has realized this year that Conatser can run with the ball as well as he can punt it. He has been turning in some runs, using a phantom change of pace and some neat sidestepping in eluding his tacklers.

Bill won his first varsity letter last year by carrying the brunt of the Aggies punting assignments. Statistics show that he led the Aggie punters with an average of 45 yards, which is considered a good average for any kicker. He received a second letter as a high jumper on the track team last spring.

His home is in Denison, Texas, where he played for the local high school. He lettered three times each in football and basketball and received two letters for track. In his senior year he was selected as a back on the all-district team. He served as captain of the football and basketball teams in his last year in high school. He entered A. & M. in 1937 and won freshman numerals in football and track.

Bill is teamed along with Derace Moser to give the Aggies two of the best broken-field runners and punt-returners in the conference. Punt returning is Conatser's specialty and we hope the opposing punters do right by him, so he can have a chance to display to the fans all points of his specialty.

J. T. Lund Attended Industrial Seminar As A. & M. Delegate

Dr. J. Thomsen Lund, assistant professor of agricultural economics, was the farm management representative of A. & M. at the 1939 Summer Industrial Seminar conducted last month by the American Farm Implement Manufacturers' Association with the co-operation of American Society of Agricultural Engineers.

The seminar included instructors in agricultural engineering and farm management from various state colleges. The work included visits to the manufacturing plants of various farm machinery companies, demonstrations on the use and effectiveness of farm machinery and consideration of power machinery on farms.

The University of Chicago has an endowment fund of \$65,400,000. Some 70 college and university presidents are graduates of Indiana University.

Some University of Louisville buildings originally housed a juvenile reform school.

The Universities of Texas, Oklahoma and California at Los Angeles have been given special Will Rogers Memorial Scholarship funds.

Cadets Point To TCU Game At Ft. Worth

BY JIMMY JAMES

Next week the Aggies, Corps Team, and all, make the trek to Cow-town to invade a very dangerous nest of air-minded Horned Frogs.

A. & M., with three victories tucked under its belt, is now prepared for what many of the players call the game which will either make or break them. The opposition, although losing its first three attempts by close margins, is due for a comeback.

T.C.U. is now feeling the expected blow of losing such men as I. B. Hale, Ki Aldrich, and Davey O'Brien, all-American men of the 1938 season. An unexpected blow came last week when Jackie Odle, supposed successor to O'Brien, broke a thumb. According to doctor's reports, Odle will be missing from the line-up the rest of the season.

Besides being due for a comeback, the Horned Frogs showed much improvement in their passing game against Temple. Another sore spot in the Aggies eyes is the discovery of a new passing ace who reminds the fans of Sammy Baugh and Dave O'Brien. The young man's name is Glenn Cowart, a quarterback, who got to play because Odle was left at home. Another improvement is borne out in the statistics of the Texas Christian, Temple fracas. Statistics show T.C.U. made fifteen first downs to Temple's nine. The Aggies start this game in fine physical condition and say that if they don't get any "warts" from the toads, they should be off for a fine season.

Ten Oklahoma And Texas Boys Named Naval Air Students

That ten Oklahoma and Texas college boys, including one Texas A. & M. graduate, have been nominated for naval aviation cadet training for duty in the October 15 class has been learned from U. S. Naval Air Station in Pensacola, Florida.

The men, who will be sent to Miami, Florida, for one month of training and then to Pensacola for the full course of training are Richard C. Elwell, Texas A. & M., R. L. Gittings, University of Oklahoma, Oswald L. Lee, Hardin-Simmons College, R. Le Rhea Cowan, Austin College, R. F. Gabler, Hardin Simmons College, V. W. Stallcup, Northwest Texas State Teachers College, W. C. Rivers, Southwestern State Teachers College, George Garza, Southwestern State Teachers College, R. W. Ross, Maryville College, and A. C. Roach, East Texas State Teachers College.

A class is sent to training every month of the year by the U. S. Naval Air Station. Information may be obtained by those interested by writing to A. Laverents, Lieutenant, U. S. N. R., Senior Member, Naval Reserve Flight Selection Board, Sixth, Seventh and Eighth Naval Districts, Pensacola, Florida.

New Instructor Talks To Pre-Med Society

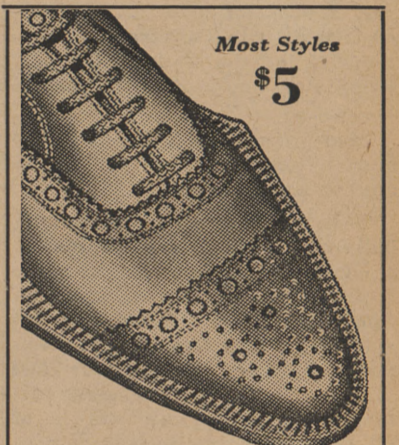

The Pre-Medical Society held its first meeting of the year recently in the Biology lecture room. John Howard, president of the club, opened the meeting with a welcome to the new members that were present.

Dr. G. E. Potter, new instructor in the Biology Department, was introduced to the club as the new sponsor for the coming year. He addressed the club for a few minutes mainly for the purpose of getting acquainted with the members.

After Dr. Potter's address, Allan Neighbors, secretary-treasurer, read the minutes of the last club meeting held last June.

Following the reading of the minutes, a discussion was held as to the time and place of future meetings. It was decided that the club would meet on the first and last Tuesday of each month in the Biology lecture room.

Among the other topics discussed were the annual trip to some medical school, the benefit picture show, and the annual club picnic. Nothing definite was planned on these subjects.
