## Gail Scott Praises Aggies For Win; Behavior Of Corps Was Excellent

Following is a letter received by Dean Kyle after the Fort Worth corps trip:  
Dear Dean Kyle:  
This is to offer to you my sincere congratulations on your fine football team and its signal victory over us the Saturday past. I have not seen a better example of balanced football in many a day. It looks like you have everything and I am glad. You have an aggressive, hard running, hard hitting group of boys, but as fair and sportsman-like team as I have ever seen. Now that we are beat-

en it seems to me that students, faculty and townspeople alike are pulling for the Aggies.

I want to congratulate you, too, on the excellent behavior of your fine corps while in Fort Worth. Our students seem to recover quickly from their defeat and from what I can find out helped celebrate in a whole-hearted and wholesome manner.

Sincerest personal regards,  
Gayle Scott,  
Chairman, T. C. U.  
Athletic Committee.

## Quarterbacks Meet Tonight In Confab; T. C. U. Pictures Are Shown In Color

Quarterback captain, Jock Roberts, announces that the meeting place for the second-guessers has been changed to the chemistry building because of the need for added space. The meeting will be tonight at 7:30 and pictures of the T. C. U. - A. & M. game will be shown. The pictures of that fray are in colors.

The Frogs are rated to have the best pair of wings in the conference, but as one writer put it, "the T.C.U. ends flew out the sides when Kimbrough spread the line open." The Toads will pick up a few wins before the season closes. They have a pretty fair ball club and they battled the Aggies almost as well as any ball club the Cadets have met.

## SANTA CLARA SPORTS EDITOR WRITES; IS GLAD HE DIDN'T BET ON BRONCS

Received a letter from Art Olsen, sports editor of the Santa Clara,

the other day. We never made contact in Frisco, but he said he found a couple of our travel-mates. "I started to bet \$5 with each of them before the game, but Thank God I didn't." He states the Aggies are the toughest bunch that he has ever seen on the Coast. He was loud in his congratulations of the Cadets beating Villanova as "Clipper" Smith, the coach, was coach at Santa Clara a few years ago. He said they are pulling for the Cadets to go through undefeated.

The Broncs did O.K. for themselves as well as us when they beat St. Mary's last Sunday.

Baylor comes to town this week, bringing with them a team that has been defeated only once this year and that time by mighty Nebraska. It has been several years since the Aggies won a game from the Bears. No five-year man has ever seen the Cadets ring up a victory over them, let alone the seniors.

The Bears have a big threat in Witt, cousin of the former great blocking back of Rice, and Wilson, a big 200 pound sophomore flash from Paris.

## Williamson Picks A.&M., T.C.U. & Arkansas To Win

By Paul B. Williamson

On 310 games reported over last week-end the Williamson system made a better showing than the previous week, with a percentage of 85.5 not counting upsetting ties.

The System was upset last week mostly by underdogs confounding their supposedly much stronger opponents. Mots of these topsy-turvy

Although the System's predictions fooled everybody, of course, slipping on it's last week's specials, except for good old Spearfish, here is some more limb climbing for this week:

Hardin-Simmons over Loyola (Col.), Mississippi over Tulane, Loyola (South) over Creighton, Knox over Beloit (conquerors of Chicago), Marquette over Arizona, Clemson over Navy, Arkansas over Villanova, Alabama over Mississippi State, Georgia Tech over Auburn, Oregon over U. C. L. A. These are honies, some of them closer than a gnat's eyelash. Try and pick 'em by "guessing."

The System's weekly prediction story does not include the very obvious picks. But after all there are always other Sam Houston Teachers and Gonzagas among us.

## Leading Title Chasers To Meet Here Saturday

When Texas A. & M. and Baylor University meet on Kyle Field here Saturday, Oct. 28, at 2:30, it will be a game that will attract a near-record crowd for a game between the Aggies and the Bears.

Two years ago when the teams met they were both undefeated in conference play, although the Aggies had played a tie with T.C.U. That game drew a crowd of almost 15,000 and set a new non-Thanksgiving attendance record at College Station.

It is sad to bring up unpleasant history but when the final gun was fired that day the Bears were still undefeated and the Aggies were out of the running for the championship that year.

This year both teams are undefeated in their conference schedule and are tied with University of Texas for the top rung of the ladder. The Aggies have a clear slate in all games played but Baylor dropped a tough one to Nebraska last week and Texas earlier in the season.

The Cadets are reported in top physical shape and grapevine news out of Waco says that the injured Bears will be ready when it is time to kickoff.

The present seniors on the team never have seen an Aggie team lick Baylor since they entered the college although they have seen them play two tie games, so they will be out trying to have the honor of sharing in the glory of smashing a jinx the Bears seem to be developing.

## Tommie Vaughn Holds Position As Aggie Center

By Jimmie Cokinos

Tommie Vaughn last year as a sophomore broke into the line-up as the starting center for the Baylor game. He did the trick when he ousted two lettermen. From then on he was considered as the starting pivotman and was called

the "find" of year in the Aggie line. At the beginning of the season this year Norton was undecided as to who would be the starting center for the team but as the practices got underway Vaughn settled down to business and stood out from the rest of the candidates. It was not long before he got the nod from Norton as he has started every game this season. He is at his best when it comes to throwing the ball back and plays a sterling defensive game.

He is capable of playing 60-minute ball as he is full of energy and his peppery voice and "jinneger" can be heard above the

## Correct Addresses Should Be Placed On Student Mail

The attention of the cadet corps is called to the fact that many students are receiving improperly addressed mail. In fact, there is so much of this mail, according to Mrs. Anna V. Smith, local postmistress, that the post office has two clerks working continuously to get this mail sorted.

She requests that each student make sure that all persons writing him have his correct box number.

"Have you ever noticed that Camels burn longer and give you more smoking?"

ASKS VAN CAMPEN HEILNER  
FAMOUS GAME AND FISHING AUTHORITY

Above, "VAN" waiting in the duck blinds for the "zero hour." Explorer, sportsman, scientist, conservationist, author of the authoritative, new "A Book on Duck Shooting," Heilner knows the waterfowl flyways from California to Maine, Alaska to Mexico, and those of Europe too. "VAN" has been a Camel smoker for 18 years.

You can tell a lot about a cigarette by whether it burns fast or slowly. Camel cigarettes are noted for their long burning. In fact, they burned longer, slower than any other brand tested, in recent scientific studies. Van Campen Heilner, the famous American authority on wild game, points out an interesting angle to this. "Camels give more smoking because those choice tobaccos burn so

slowly," he says. "And I think the way they burn is a good way to judge the quality of cigarettes too. I can smoke them steadily and they still taste smooth and cool, and my mouth feels fresh—and there's no throat irritation. Camels are mild, flavory. They give more pleasure per puff—and more puffs per pack." Get extra smoking per pack—topped off with the delicate taste of choice tobaccos. Smoke Camels!

MORE PLEASURE PER PUFF...MORE PUFFS PER PACK!

**CAMELS** Long-Burning Costlier Tobaccos

Whatever price you pay per pack, it's important to remember this fact: By burning 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them—CAMELS give a smoking plus equal to

**5 EXTRA SMOKES PER PACK!**

Cigarettes were compared recently... sixteen of the largest-selling brands... under the searching tests of impartial laboratory scientists. Findings were announced as follows:

1 CAMELS were found to contain more tobacco by weight than the average for the 15 other of the largest-selling brands.

2 Camels burned slower than any other brand tested—25% slower than the average time of the 15 other of the largest-selling brands! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 extra smokes per pack!

3 In the same tests, Camels held their ash for longer than the average time for all the other brands.
