lege cadets, Johnny Turner, Kilgore and Earl McCathren, Mineral Wells, joined their brother soldiers' fiesta with Helen and Ann Tartar of Fort Worth on their respective arms . . . Misses Dorcas and Doris Harrison, beautiful blue-eyed, dark-haired twins of Tuckerman, Ark., of TSCW, "Made" the dance with two Arkansas boys they met two years ago when en route to their respective schools in Texas, A. L. Bullard and Lynn Maxwell, both of Helena.

"At the Blackstone Hotel a crowd jammed the ballroom to hear Henry Alexander's music . . . At the Co-

coo Club it was Ernie Palmquist's band that drew the college crowd, including Robert Morin of Clinton, Ill., with Miss Joan Yoder, Harry Elliott of Lubbock with Miss Lorraine Golihar of Fort Worth, a former TSCW girl, and Ann Leatherwood of Big Spring with Bob Made of Eagle Pass."

At the student body dance at T.C.U. the first arrivals were Jack Chatham of Beaumont and Harry Askew of Shreveport, who escorted two T.C.U. freshmen co-eds, Misses Violet Lucille Turner and Faythe Ann Zimmer. They listened to Jimmy Petty's music while Jim Nichols, who runs the dances for the students, bemoaned the condition of the floor. He pointed to the scratched and marred areas and blamed them on the cadet boots that trod the floor at noon Saturday for a barbecue . . . The Lake Worth Casino also boasted a crowd that included a party of cadets and dates composed of Miss Roberta Owen and Happy McMillan of Mason, Red Montgomery of Mason and Miss Helen Westbrook, T.S.C.W. girl of Menard, Tommy Collins of Temple with Miss Nancy Maddox of Mineral Wells, a majorette of the high school band, Allen "Hunky" Murphy of Eldorado, Arkansas, and David King Sain of Atlanta, stags, and Gene Santoni of Puerto Rico with Miss Margaret Jo Cartwright of Denton.

New New State College for Teachers is sponsoring a weekly "grooming clinic" for all co-eds.

The University of Chicago has severed its affiliations with the University Broadcasting Council.

A neat little principle of physics
CARBURETOR KAYWOODIE \$4
In this Kaywoodie pipe, called the Carburetor Kaywoodie, a wonderfully sweet-smoking pipe has been improved by the application of a neat little principle of physics. When you take a puff at one of these Carburetor Kaywoodies, you automatically draw air in through a tiny inlet in the bottom of the bowl. That incoming air keeps the smoke cool, sweet and serene, no matter how belligerently you puff. In fact, the harder you puff, the more air comes in. That's why it's called a Carburetor Kaywoodie. Everybody knows that a Kaywoodie is the most socially-conscious of pipes—gets itself admired everywhere. And the Kaywoodie Flavor is famous. But don't let us urge you—Shown above, No. 22.

DETECTIVE IN A WHEEL CHAIR. Rather odd that Aunt Sue was giving the detectives precise instructions for finding the kidnapers of her nephew. But even from her wheel chair she had a hawk-eyed way of noting trivia others overlooked. Read *Miss Useless and the Underworld* by Almet Jenks.
