Two New Buildings To Be Constructed On Baylor Campus

WACO.—Two new buildings, to cost \$200,000 each, were announced this past week for the Baylor University campus.

A dormitory for women was announced by Baylor's President Pat M. Neff. It will be four stories high and house 168 girls. It will be the third girls' dormitory on the campus and fills a definite need in that some 125 girls were refused admission last fall because of lack of space. Nucleus of the \$200,000 for its construction is the gift of friends of the university.

Ex-students are giving a Student Union building to the university, Dr. K. H. Aynesworth, president of the Baylor Centennial foundation, has announced. This foundation was formed several years ago by the Baylor Ex-Students Association and has carried its campaign for funds throughout Texas. It will be the second student union building in the state.

Construction has just been completed on \$250,000 at Neff hall, a building to be used for administrative, classroom and museum purposes.

FORMATIONS SUSPENDED
All formations will be suspended after supper, February 6, 1940, until breakfast, February 12.

A. & M. Department of Animal Husbandry. Miller is serving as general chairman of the Portrait Fund Committee, and Mr. Burns as its treasurer.

Other members of the committee include Colonel Clarence Owsley, Fort Worth; C. P. Dodson, '11, Decatur; C. C. Krueger, '12, San Antonio; M. S. Church, '05, Dallas; Walter Booth, former member of the College Board, Sweetwater; C. M. Evans, '08, Dallas; Dr. Marvin Lee Graves, Houston; George G. At the time presentation of the portrait, it is planned to present Dr. Walton with a scroll bearing the reproduced personal signatures of all donors.

In its letter describing the portrait plan, the committee has pointed out that Dr. Walton has served the College in its present capacity longer than any other man. Also pointed out is the interesting fact that nearly 85 per cent of the graduates of the College have received degrees under Dr. Walton's administration.

Should any member of the student body desire to contribute to the Portrait Fund, he is invited to do so, by mailing his contribution to the T. O. Walton Portrait Fund, 1603 Fort Worth National Bank Building, Fort Worth. The committee is happy to receive donations in any amount.

At the next meeting, also, utility rates will likely be decided upon, Mayor Binney stated. Regulations concerning the collection of garbage in the city will also be adopted, and a city marshal appointed.

At the meeting Wednesday night, a letter written to City Attorney J. Wheeler Barger from Bill Murray, editor of The Battalion, was read, protesting disregard on the part of the Bryan Traction Company for the ordinances of the city of College Station regulating passenger limits, speed, and other factors. It was agreed by the City Council that copies should be mailed by Mr. Barger to the Bryan Traction Company and to City Attorney Henderson of Bryan, with a warning that the College Sta-

These skits which are being written and directed by Miss Harris, recently of Syracuse University, New York, are attempts at a combination of serious and comical acts depicting correct and incorrect manners of the present day. They are being enacted solely by freshmen.

Embarrassing moment: Greater Boston's untold thousands of debating fans were foiled a few days ago when they sat down to listen to a Harvard-M. I. T. word-battle broadcast. Reason: Both teams had prepared negative arguments, and no one was ready to uphold the affirmative side. Result: Strauss waltzes were heard instead of the debate.

At-last-the-truth-is-out item: So that its football field would be just the right color to impress the crowd that attended the Missouri-Kansas football duel a couple of months ago, the University of Kansas dyed its field "auragreen," using 300 gallons of coloring to make the playing field a thing of beauty—at least until the dye washed out.
