Green Bay Packers Beat Chicago Bears As New York Giants Trim Washington Reds

They sure had a couple of battles on Kyle Field Wednesday afternoon when the Green Bay Packers beat the Chicago Bears 14 to 0 and the New York Giants beat the Washington Redskins 4 to 0.

The Packers (A team) got their 14 points when Bill Conatser circled end for nine yards and a touch and later returned a punt 78 yards for a touch. John Kimbrough added both extra points.

Martin Ruby, 200-pound tackle, gave the Giants (B team) their four points when he crashed through and dropped "Bama" Smith behind the goal line and again when he dropped Tom Pickett behind the pay stripe.

Basketball Team Travels to Fort Worth, To Return Via Dallas and S. M. U.

The Aggie cagers left yesterday at noon for Fort Worth where they will play the T. C. U. Frogs tonight before stepping over to Dallas, suburb of Cowtown, for their final game with S. M. U. Monday night.

A. & M. beat both of these teams earlier in the year in DeWare Gym and they expect to do it again on foreign soil.

The cagers were in the "dumps" when they returned from Austin Thursday. They said that they should have beaten the Steers. To a man, they say they are going to beat out of Bobby Moers and his Texas mates a week from today when the Steers play here at College.

If the Aggies take two of their remaining three games they will finish the season way ahead of where anyone thought they would.

The pistol team is in Austin shooting against the Dept. of Public Safety team and the Austin Police. However, the results of the meet are not known yet.

Rice, with its new coaching staff of Jess Neeley and Del Morgan and Co., are holding spring practice at the Owl haunts and reports say that they are looking like a football team down there. Rice will be a hard team to beat next year.

A new coach always gives the boys "fire" and that is about all that Rice has needed for the past couple of years. They have some good boys on that team and with this fire they will be hard to take.

Wrestling which came early in the week and took over a great bit of interest from the many entries took a back seat Wednesday as the finals in Class A handball came to a finish.

C Coast Artillery tromped the E Battery Field Artillery team and claimed all three games. For the Coast team, Burgess, Sharp, McMahon, Davis, Kellog, and Marsh ran the floor while Gibson, Dwyer, Parker, Worthington, and the Shutz twins fought for the Field.

In their semi-final games, C Coast Artillery turned back A Coast Artillery with a 3 to 0 score also.

Teams Play Here Next Saturday In Last Loop Tilt

The University of Texas Longhorns trimmed the Aggies 42 to 31 Wednesday night in Austin to retain their chance of copping the conference flag over Rice.

Bill Dawson, Aggie center, led the scoring with 14 points, but the rest of the Aggies were pretty well bottled up. Dawson's opponent, Houpt, was second in scoring with 13 points.

J. T. Lang was assigned the duties of guarding Bounding Bobby Moers and he did it so well that he kept the "showman" down to four points.

A. & M. had hard luck in the game. Time after time the cadets hit the basket only to see the ball take a couple of turns around the hoop and then ride out.

Tom Tinker played an outstanding floor game, but had trouble with his goal shots staying in the bucket.

These teams meet again next Saturday night here at College Station in a game that will end the conference season for the two teams.

Baseball Film To Be Presented Here Wednesday Night

Snow may cover the Panhandle but it will be baseball weather in Guion Hall on the Texas Aggie campus next Wednesday evening, February 29 and again on Friday, night, March 1, according to an announcement made by Marty Karow, head baseball coach.

Coach Karow has arranged with the Watty Watkins Sporting Goods Store of Houston, to bring the picture "Play Ball America," produced by the National League baseball clubs so that the fans not located in big league cities may see their favorite players in action. Not only do they show game action but the stars go through a series of fundamentals to demonstrate how the game should be played.

The first show will be given at 6:45 o'clock for the Texas A. & M. students and as soon as they have left the hall and the film rewound, the picture will be run again for the general public. This should bring the second showing at about 7:45.

On Friday night the American League picture, "Touching All Bases" will be run on the same schedule. It is scheduled to be shown in Bryan that afternoon at the high school so Karow arranged to get it out to Aggeland for the same evening.

Admission is free and Coach Karow hopes a capacity crowd will turn out. If the crowd is too large for one showing in Guion Hall he has promised to keep on running the picture until everyone is satisfied. In addition he and Watkins will be on hand to answer any questions popped by "John Fan" from the audience.

In 20 years Mrs. T. H. Milikan of Maryville, Mo., has baked 73,000 pies for the restaurant she and her husband own.

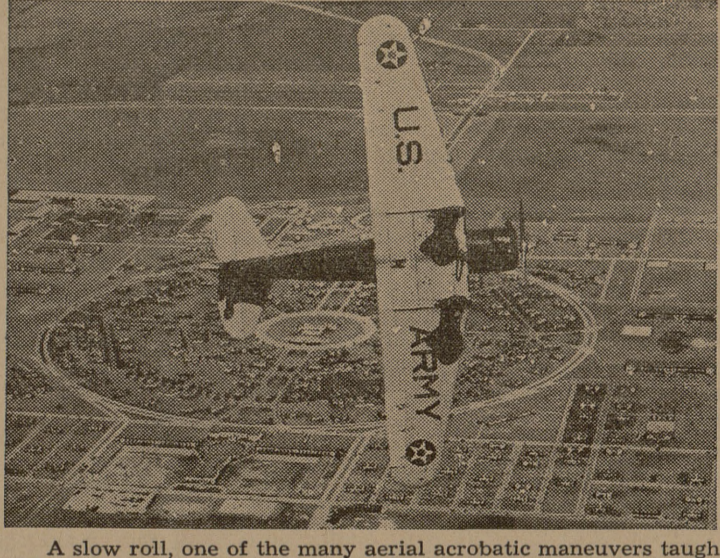

Quarter-finals in touchfootball saw G Coast Artillery fall 7 to 0 to B Engineers and the I Infantry eleven run over the Artillery Band 13 to 0. Then in one of the semi-final games F Field Artillery eaked out a win over I Infantry by penetrations and this was only one for forty yards.

The finals in Class B touchfootball were played yesterday evening but a bit after dead line so reports will be given later. The upperclassmen finals are to be played Monday evening.

"Over She Goes!" An Aerial Acrobatic Maneuver by an Army Air Corps Pilot

A slow roll, one of the many aerial acrobatic maneuvers taught at Randolph Field, Texas, home of the U. S. Army Air Corps Primary Flying School, is being executed by one of Uncle Sam's Flying Cadets in the secondary phase of his course in military aviation.

These gyrations in the clouds include loops, spins, slow rolls, snap rolls, Immelmann turns, and vertical reverses; they are taught each Flying Cadet not for the theatrical effect the aerial stunt may have upon the spectators on the ground, but to teach the student pilot the use of the plane's controls while the ship is in unusual positions. After a few hours of these acrobatics, the Flying Cadet feels just as much at home while in inverted flight as he does while flying in normal position.

Flying Cadets are between 20 and 27 years of age, are paid \$75 per month, and are given uniforms, food and lodging together with best of medical care.

ANNUAL JUNIOR COLLEGE DEBATE MEET UNDERWAY

The second annual A. & M. Junior College Debate Tournament being held at the College Y.M.C.A. started yesterday afternoon at 3 and ends this morning at 11. The participants are Tyler, Kilgore, Texas Lutheran, and Lamar Junior Colleges; and A. & M. freshmen and sophomores.

The debate topic is: "Resolved, that the United States should maintain a policy of strict economic and military isolation toward all countries outside of the western hemisphere engaged in armed civil or international conflict." Anyone interested in hearing the debates may learn the rooms in which they are being held by inquiring at the Tournament Headquarters in the lobby of the Y.M.C.A.

A luncheon is to be held in the mess hall annex today, and at this time the winners will be announced and presented medals.

Members of the A. & M. faculty are acting as judges.
