

JUDE SMITH HEAVES JAVELIN 205.5 FEET IN HIS LAST MEET ON KYLE FIELD SOD

Tuesday afternoon Jude Smith stepped out and tossed the javelin 205 feet and six inches, the best toss he has ever made in meets for A. & M. Before coming to A. & M. he tossed the spear around 213 feet at John Tarleton.

The Aggies have had good javelin throwers since time began in their track world. In 1917 J. T. L. McNew (now a civil engineering prof), set the record of 155 feet, five inches. But John Kimbrough tossed it farther than that by his first toss. The last Aggie to hold the record was Walter Skripka. In 1936 he threw it 206 feet, 3/4 inches.

Coach Brunson of Rice, just before the track meet, looked over at Dough Rollins and said, "Dough, if you hadn't invited a third school to this meet, you would beat us today." Rollins didn't say anything, but his boys went out and proceeded to beat the Owls anyway.

If "Bama" Smith learns to run the 220 dash before the conference meet he will be the champion. He is crowding some good time and some good men by just running as fast as he can for as far as he can.

Was talking to a gal from Kansas the other night and she said the people in Texas are crude and like a bunch of hillbillies. She said he didn't see how the Aggies ever beat an out-of-state football team because if the players on the

team were Texans they couldn't act and think fast enough. Well, I don't know anything about Kansas but I do know that we were getting along pretty good before that Kansas soil started blowing down here. I haven't heard of Kansas wanting to play the Aggies either.

RAMBLINGS

Looks like Chubby Dean has the right number on the New York Yankees—Diz Dean was knocked out of the box, but he filled the stadium with paid customers. . . . Texas U.'s baseball team is of class A calibre. . . . Moser did a neat job of boxing in Howard Pany's 440 man until they hit the back stretch. . . . Was in Bryan the other night and it looked awfully quiet—looked like the show closed pretty early too!

IT'S "COLONEL" HARRISON NOW

Dr. R. Henry Harrison, '20, has received his promotion from major to lieutenant-colonel of the Medical Corps Reserve of the Eighth Corps Area. Dr. Harrison was commanding officer of the 13th Medical Regiment of the Reserves prior to his promotion. Harrison is a physician in Bryan, Texas, where he and Mrs. Harrison, and their two children, Dick and Gloria, make their home.

After receiving his degree from A. & M. in veterinary medicine in 1920 he became assistant state veterinarian, where he served for four years. He then attended Baylor Medical School, Dallas, for four years, receiving his M. D. in 1928. Dr. Harrison was signally honored in being selected to attend the School of Medical Aviation at Brooks Field as flight surgeon for the month's tenure.

Known to his classmates at A. & M. as "Doc," he was captain of Company C Infantry, manager of The Battalion, 1919-20; a member of the varsity football team in 1917-18-19, and a member of the "A" Club, Ross Volunteers, Y. M. C. A. Cabinet, and participated in many other campus activities.

Triangular Track Meet Tuesday Won By Aggies

WOLCOTT OF RICE HIGH POINT MAN WITH 3 FIRSTS

Track Team Leaves After Meet for Des Moines And The Annual Drake Relays

By Gene Oates
Earl "Bama" Smith and John Kimbrough proved to be the surprises in the triangular meet which the Aggies won over Rice and Howard Payne here Tuesday afternoon. "Bama," running in the second meet of his life, put plenty of fear in Fred Wolcott in the 100-yard dash and came back in a few minutes to take second in the 220 with a photo finish. Smith surged into the tape with Charlie Marshall, but the judges gave the race to Marshall, saying that he was the one that put the most tension in the string.

Kimbrough, throwing in his first meet, took second place behind Jude Smith in the javelin try.

Coach Rollins' proteges took the lead in the third event by taking all four places in the high jump. Bill Conatser, Ed Dreiss and Bob Finley all tied for first at 5'11. That gave them 11 points in one even and from there on they gradually added to the lead.

Fred Wolcott of Rice was high in points with 16 1/4, taking firsts in the 100, both hurdles and running a leg on the winning sprint relay team. Dreiss was second with 10 1/12, just ahead of Guarnero of Howard Payne who won both the mile and two mile runs.

Rice ran away with first places, winning the pole vault, the 100-yard dash, both hurdles, the 880 run, the sprint relay and the broad jump. Howard Payne took first in five events, the 440, mile, and two mile runs, mile relay, and 220 dash.

A. & M. took firsts in the high jump, shot put, discus and javelin. It was the Aggies' ability to take the seconds and thirds in nearly all events that gave them their margin of victory. A. & M. tallied 75 points while Rice was collecting 53 and Howard Payne 41.

James Thomason, in winning the shot put, tossed it farther than he has this year in meets. His heave was good for 47 feet six and one-half inches. Kimbrough beat Robnett with the javelin by the width of a chalked line on the football field.

Right after the meet Coach Rollins, Jude Smith, Roy Bueck, "Red" Cecil, "Bama" Smith, and Ed Dreiss left for Des Moines, Iowa, where they will enter the Drake Relays.

Rice has a track team that is at a loss in dual and triangular meets. They have a few cinch first-place winners, enough to win a meet if the other teams cut each other's throats.

Special Courses In Fish And Game To Be Offered

The A. & M. College Department of Fish and Game this summer will offer two intensely interesting courses in field work open to students with a working knowledge of plants and animals, equivalent to information gained in a basic course in biology, according to Dr. Walter P. Taylor, head of the new department which graduates its first four-year class of bachelors of science this June. The department also is scheduled to confer its first master's degree in June.

A course in stream and pond management is planned for the first term of the summer session, June 10 to July 20. Dr. Kelsaw Bonham will be in charge and practical aspects of fish culture will be stressed. This course carries six semester hours of credit and will cost the student approximately \$60 which includes registration fee, board, room and transportation on trips to state fish hatcheries. Practical methods of stocking and rehabilitating farm ponds and tanks will be stressed.

Dr. W. B. Davis will have charge of the second course from July 22 to August 31 and the trans-Pecos region of Texas in Culberson County will be the scene of cover-mapping, study of nature and distribution of birds and mammals of the area, preparation of study specimens and life-history studies of selected animals. This course carries seven semester hours of credit and will entail an expense of approximately \$72.50. Enrollment is limited to eight students in each course.

INTRAMURAL HIGHLIGHTS
By Hub Johnson
Saturday evening in the Downs Memorial Natatorium the water will splash high as the Class A Intramural Swimming Meet gets underway at 2:30 p. m. The preliminaries will be run in the races necessary Friday and the finals in all events will be run Saturday at the same time.

The various events include 100-foot freestyle, 100-foot backstroke, 100-foot breaststroke, 100-yard freestyle, 400-yard freestyle relay, 300-foot medley relay, and the diving contest.

No participant will be allowed to enter more than three events and each organization must have one or more entries in four events to receive the entry points.

Last year the Field Artillery went wild as the "buggy boys" swam off with the first three places in each class. Ist Headquarters Field won the upper-classman meet and will again have G. J. Palmer and F. J. Krampitz on hand for the present meet. These two boys were on the '38-'39 championship Class A team.

E Field carried off the fish class last year and have the entire team back to again try the ropes. E. W. Conway, J. E. Patterson, W. P. Biggs, and R. L. Burney are the returning members.

Last December the present fish held their meet and it ended as the largest meet to have been held by the Intramural Department, with over 450 entries. F Field and C Field carried off first and second places respectively.

Last night the freshmen wound up the handball schedules as A Chemical Warfare and B Coast Artillery fought it out for the championship.

The track meet slowed down things Tuesday and the rain called a mark time yesterday, but today games are scheduled in Class A speedball, semifinals in Class A volleyball, and the finals are getting under way in both classes of horseshoes.

Now is a good time to give out the word; therefore, anyone who is interested in writing sports next year, contact me at The Battalion Office or in room 220 of Lacy Hall, Dormitory 6. Anyone who is carrying some bad memories of crossed results might also be interested in that it is the top bunk of said room.

Invitations—

(Continued from page 1)
workmanship than ordinary photogravure and printing.

The invitations will be available in either maroon leather or white cardboard. A French-fold invitation which contains only the commencement notice can also be ordered. A deposit of 10 cents for each leather bound invitation, 5 cents for each cardboard invitation, and 5 cents for each two French-fold invitations will be required at the time of the order. Final prices will be 50 cents for the maroon leather bound type, 25 cents for the white cardboard, and 12 1/2 cents for the French-fold announcements.

Pistol Team Has Chance To Cop National Honors

By Hub Johnson
Captain Phil Enslow will leave A. & M. with a fine record and the feeling within himself that maybe the Aggies can really shoot if the team comes through the week in the customary manner.

Xavier and Michigan are the last two of the year to face the Aggies' fire and to wind up a coaching career at the "Brazos Bottom" school for the captain.

Four years ago, upon his arrival, he formed a club, worked to have the sport recognized, and fired against any comers no matter what they had to boast. Only once have they been defeated. This was last year when the Purdue Boiler Makers fired a "luck" score and eked out a win over the Aggies. Later they dropped to two teams the Aggies had already downed which once more cleared the way for the cadets.

If the team comes through with the two wins, again they will be crowned the National Collegiate Champions.

Throughout the year each member of the squad has been taking the lead for a spell and each has made an exceptional showing in the various matches.

With Captain Enslow will go three of the six top members, Bert Burns, W. E. Lewis, and the team captain, Bob Shiels. The remaining including C. A. Lewis, Louis Kennemer, Gene Shiels, W. L. Mayfield, H. C. Warner.

Barnyard Frolic—

(Continued from page 1)

them pretty things from T. S. C. W. in addition to all them there local beauties. You ain't got a date? Shucks don't let that stop you. Just drap around by Room 207, Bizzell Hall, in a hurry 'an see ole R. L. Patrick. He's got a list of all them there T. S. C. W. gals 'an he'll fix you up.

An' say; that ain't all! If that there barnyard costume of yours is the strangest looking outfit there they're gonna step up an' just flat out give you five bucks just for comin' in that fancy getup. Ain't that generous of them!

You say you ain't got no money? Heck, that ain't no stopping point! You can always find some skintflint that you can beat a buck out of 'cause that's all it's gonna cost.

Oh, Yeah? There's something else. Thu Executive Committee has said that freshman and sophomore Agricultural Engineering students can stay out an' attend the ball.

Is the cost of keeping well dressed on a college budget bothering you? Many, many of those pieces of clothing which you consider too worn for further use can be rejuvenated by our service so that they will look just as good as new. Whatever it is, our cleaning, pressing and repair service will put it back into first class shape and make all of that budget worrying unnecessary. The cost of our service is almost nothing compared to the cost of new clothes.

HARD LUCK BOYS MEET BAYLOR IN TWO-GAME PLAY

Both Teams Have Three Losses Against Record In Conference Contests

Coach Marty Karow's hard luck boys will leave here tomorrow morning to meet the Baylor Bears in Waco in a two-game, two-day series to be played Friday and Saturday.

In their past three games the Aggies have dropped them all, one to the Horned Frogs in Fort Worth, one to the Owls at Houston, and the other to the Disch men here on Kyle Field.

The Bears lost two last week, both to the Southern Methodists Mustangs in Dallas. In the first of their series with the North-Texas the Bears led the way throughout the game with eight runs totaled at the end of the sixth inning. Golden, tall southpaw hurler for the Bears, retired at the end of the eighth to give way to Roberts.

The Mustangs tasted the win and scored three runs in the seventh and the home half of the ninth to win 9 to 8.

Barnes finished the first game when he replaced Roberts in an attempt to stop the rally.

Barnes again came to the mound the following day only to lose in a close 3 to 2 decision. He allowed only eight hits and struck out the same number of men with his freak breaking curve.

The Aggies will find a rejuvenated club on hand as they face the Bears for their first match of the year as the Baylor Club was picked as one of the teams which might possibly overthrow the Texas crew at the first of the year and they will be attempting to re-establish themselves in the old conference as will be the Aggies.

Dr. J. E. Smith, Youngstown College dean of men, is on leave of absence to act as research adviser to GOP candidate Thomas E. Dewey.

L. K. Tanzer—

(Continued from page 1)

216 Lee Avenue, Oakwood Addition.

He is survived by his wife, Mrs. Pearl Barthelow Tanzer, formerly of Iowa; an eleven-months-old son, Ernest Claude; and a brother, Dean, living in Pennsylvania.

Burial will be in Bryan, with the Sanders-McCullough Funeral Home in charge. Rev. E. S. Bledsoe of the Christian Church will conduct the services. The time has been set tentatively at 2 p. m., provided Dr. Tanzer's brother will have been able to arrive from the East.

Pallbearers will be F. M. Smith, W. D. Harris, H. H. Garretson, W. G. Huey, Glenn Dooley, and F. W. Jensen, all of the Chemistry Department. Dr. C. C. Hedges, head of the department, is honorary pallbearer.

For That Important Date...

Dinner at Texas A. & M. Grill will turn that "date" into an "occasion"—to be greatly enjoyed and long remembered! The very finest of foods, service that anticipates every wish, surroundings that make dining a great pleasure!
