 2. Bookracks
 3. Radios
 4. Scarfs & Mufflers
 5. Organization Sweaters
 6. Typewriters
 7. Window Shades
 8. Dance Photographs
- ORMOND R. SIMPSON, Chairman
 Student Labor Committee

CHANGE OF ADDRESS
 The Post Office Department requests that all students who do not plan to be here for the summer session, turn in their forwarding addresses NOW, dated the day they are to become effective. It is highly

important that the forwarding address cards be filled out completely. It is urgent requested that those students who receive newspapers, magazines or other periodicals notify the publisher at least four weeks in advance of change of address.

By doing this you will not miss any editions of your publications and greatly help the post office by eliminating this congestion of the mails. Convenient form cards for this purpose can be secured at the windows, free of charge. Patrons of the Main Office are warned that box keys must be turned in before you leave for the summer in order to receive your refund. To those students who will remain for the summer session: Box rent is due June 1 and by paying it before that date you will receive uninterrupted, efficient service.

ENGLISH CONTEST
 A list of students who have met all the conditions of eligibility for the English Contest examination has been posted on bulletin board 20 near the English Office. The examination will be held on Thursday, May 9, 6:50 to 9:30 p. m., in the Library classroom. Each student will please bring a fountain pen and a soft pencil (HB or No. 2). Paper will be furnished.

SENIOR CALLING CARDS
 Those seniors who failed to get their engraved calling cards last Thursday and Friday may get them anytime this week from Archie Greig in 51 Leggett Hall.

CITY TAXES
 All taxpayers of the city of College Station will render their taxes for the year 1940 beginning April 15th at the City Office.

ENGINEERING LECTURES
 Senior engineering students are excused from the 11 o'clock period on Tuesday, May 7, and Thursday, May 9, in order to attend the lectures by Colonel Willard Chevalier in the Chemistry lecture room. Attendance will be checked.

OPENING FOR AG GRADUATE
 The Placement Bureau has received an inquiry as to the possibility of securing a young agricultural graduate to lease a small farm in Archer County. Any senior interested in looking into this matter should contact the Placement Bureau immediately.

INTERIOR DEPT. JOBS
 The Placement Bureau has received an announcement concerning the types of professional and other services utilized by the United States Department of the Interior, and containing also a list of the Civil Service examinations that have been held in recent years, from which the Department of Interior has recruited

Engineering Show—

(Continued from page 1)

est of all previous Engineers' Days, and possibly larger than the Engineers' Days of other leading colleges and universities over the state.

All of the shows are so arranged that they may be seen in a systematic tour. William P. Smith Jr., A Signal Corps, is chairman of this year's show.

The following departments are participating in the show this year: Architecture, Architectural Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Industrial Engineering, Mechanical Engineering, Petroleum Engineering, and the various Military Units.

A. T. Hingle, in charge of the Chemical Engineers exhibit, has slated a water show at 2, 4, and 8 p. m. in the lecture room of the Chemistry Building as the outstanding attraction of that department. Some individual projects to be shown are: a model sulphur plant, paper made from Southern yellow pine, chemical flowers, and a chemical warfare demonstration at 3 p. m.

The Civil Engineering Department will have on display all their equipment. The "Foundation of Youth" will be shown by the hydraulics lab. The soils lab will demonstrate various experiments on the different types of soil. In the strength lab will be shown the huge testing apparatus testing concrete specimens. Jack West chairmans this department's exhibit.

The Mechanical Engineering Department will display their equipment, and the various student designed and constructed exhibits. The mechanics and steam lab will have their equipment in operation with a novel hot air engine as the main feature. Arthur Reager is in charge of the show of this department.

Oil well pumping with electric-

ity personnel.

All seniors interested should call at the Placement Bureau for additional information.

LUCIAN M. MORGAN,
 Association of Former Students

FELLOWSHIP LUNCHEON
 The weekly Fellowship Luncheon will be held every Thursday noon through May 23.

FINGERPRINTS OF FUTURE O.R.C.'s
 In order to obtain fingerprints of all students to be appointed in the Officers Reserve Corps at the end of this school year, as required by Army Regulations 345-120, all students who have so applied, except those who have yet to attend R.O.T., C. Camp or who will be under 21 years of age on May 31, 1940, will report in the west basement of the Old Mess Hall, to be fingerprinted, according to the following schedule:

Tuesday, May 7, 1940—Cavalry and Engineers.
 Wednesday, May 8, 1940—Coast Artillery, Signal Corps, and Chemical Warfare.
 Thursday, May 9, 1940—Cavalry, Engineers, Coast Artillery, Signal Corps, and Chemical Warfare.
 Col. Geo. F. Moore, Commandant.

DEADLINE FOR GRADUATE THESES
 The Graduate Bulletin carries the date for the graduating exercises as June 7 and fixes the deadline for completed theses, approved by department heads, to be turned in to this office as May 18. Inasmuch as the date for the graduating exercises has been changed to May 31 it will be necessary for us to have completed theses in this office not later than May 11, in order that they may be read by our Committee in time for the orals, most of which will fall in the period May 20-24.

T. D. BROOKS, Dean,
 The Graduate School.

Organizations

GIRL SCOUTS' BRIDGE, "42" PRIZE BENEFITS
 The Girls Scouts are having a bridge benefit at the Country Club on Thursday, May 9, at 2:30 o'clock. There will be tables of forty-two for those who do not play bridge. Prizes and refreshments. For reservations at college, phone Mrs. Fred Hale, College 208, or Mrs. V. M. Fair, C. 669. For reservations in Bryan, phone Mrs. M. P. Holliman, Bryan 628, or Mrs. Lamar Jones, Bryan 464. Price \$0.50 per person.

MARKETING AND FINANCE CLUB
 Any member of the Marketing and Finance Club is entitled to a free banquet Tuesday night, May 7, the banquet in room of the old mess hall at 6:30. You must sign with Miss Eudaly in room 400, Agricultural Building, before noon today. Homer G. Hewitt or the Northwestern National Life Insurance Co. will speak to the Marketing and Finance Club Wednesday night, May 8, in the Y.M.C.A. Chapel.
D. B. VARNER, President

SCHOLARSHIP HONOR SOCIETY
 The Scholarship Honor Society will meet Thursday night at 7:00 in the Civil Engineering lecture room. Officers for next year are to be elected.

A. I. C. H. E.
 The student chapter of the A. I. C. H. E. will meet tonight at 7:00 o'clock in the Chemistry lecture room. Those interested in taking part in the engineering show are especially urged to attend.

COTTON SOCIETY
 The Cotton Society will hold its regular meeting Thursday May 9, at 7 p. m. in the Textile Building. Dean Kyle will speak, and important business will be discussed.

F. F. A.
 The Junior Collegiate F. F. A. will meet Thursday night in the Agricultural Engineering lecture room. It is imperative that all members be present.

ARCHITECTURAL CLUB
 The Architectural Club will have a called meeting in the Architectural library at 7 o'clock on Tuesday, May 7, for the purpose of nominating officers for next year.

I. E. CLUB
 There will be a very important meeting of the Industrial Education Club in room 101 of the M. E. Shops building tonight at 7:00. Plans for the benefit show will be made.

 LOST—Royal portable typewriter, with maroon finish, in black carrying case. Also a girl's small white gold diamond ring. Ten dollars' reward for return. See Tom Chapoton or Charles Daniel at project house 12.

FOR SALE—A 1929 Ford roadster, with rumble seat. Call at news stand.

Willard Chevalier, Publisher, Speaks Here This Week

Colonel Willard Chevalier, well-known publisher, arrived on the campus yesterday to deliver a series of three lectures during the week. His visit is sponsored by the School of Engineering under the distinguished professorship plan.

Colonel Chevalier is well known at A. & M., having visited here on several occasions and having delivered the Commencement address last June. He is a distinguished civil engineer, a World War veteran, and at present is Vice-President of the McGraw-Hill Publishing Company and Publisher of "Business Week".

The first two of Colonel Chevalier's lectures are to be delivered in the Chemistry Lecture Room and will be attended by all seniors in the School of Engineering. "The Engineer as a Community Servant" is scheduled for Tuesday morning at eleven o'clock and "The Engineer's New Place in Industry" is scheduled for Thursday morning at eleven o'clock.

The third lecture in the series, "The Young Engineer Sizes Up His Outlook", will be delivered at eleven o'clock Friday morning, May 10, in Guion Hall. All students in the School of Engineering will attend and all others who might be interested are cordially invited.

ity looms as the main feature of the Petroleum Engineering Department's exhibit. Included in their show will be demonstrations of surface tension, core analysis, and the display of their equipment. H. Peters is in charge of this show.

The Electrical Engineering Department has scheduled 26 exhibits to form perhaps the largest of the department exhibits. Among the attractions will be polarized light, high voltage, heat motors, radio frequency heating, and various trick devices. Gilbert P. Rhoten is in charge.

Surveying the prospects it is easy to see that these exhibits will be highly interesting to all visitors, and they will prove real entertainment for the visiting parents on Parents' Day.

Walton Portrait—

(Continued from page 1)

be hung for a day or so in both Duncan and Sbsia Halls.

The portrait of Dr. Bizzell, the college president preceding Dr. Walton, now hanging in the Y. M. C. A., will be moved to the library and hung along with the portrait of Dr. Walton.

Mothers' Day—

(Continued from page 1)

Parents' Day services will be held in Guion Hall after the review, at 11:45 a. m.

After lunch, all the dormitories on the campus, with the exception of Walton Hall, will be open to visitors, until 3:30. At 2:30, the Ross Volunteers will present their exhibition drill on the old drill field.

The last event on the Parent's Day program will be a concert by the Aggie Band in the triangle in front of Sbsia Hall.

Tests at New York University reveal the "New York accent" as the nation's most thoroughly disliked style of speech.

Dr. Friley Will Address Class At Commencement

Rev. Williams Will Deliver Baccalaureate Sermon Before Exercises

Dr. C. E. Friley, president of Iowa State College at Ames, Iowa, has been announced as the speaker for the Commencement exercises at Texas A. & M. College to be held in the Kyle Field stadium Friday night, May 31. Dr. Friley was formerly dean of the School of Arts and Sciences and registrar at Texas A. & M.

That same morning Rev. S. W. Williams, D. D., pastor of the First Methodist Church of Brownwood, will deliver the Baccalaureate sermon to the class of 700 in Guion Hall on the campus. Rev. Williams is the father of one of the members of the class.

Durward B. Varner of Cottonwood, cadet colonel of the A. & M. cadet corps, and basketball captain in 1939-40, will deliver the valedictory address during the exercises in the stadium.

A change of plans has moved the date of the graduation exercises from June 7, the date published in the college catalogue, to May 31, one week earlier, as all of the graduates will finish their school work by that date.

On Saturday morning, June 1, members of the graduating class who have completed the advance courses in military training and have satisfied other requirements will receive commissions as second lieutenants in the Officers' Reserve Corps. Following the presentation the Final Review of the corps will be held on the drill field.

DYE AWARDED FIRST PLACE IN POULTRY JUDGING

Morris N. Dye of Goliad was high-scoring individual in the poultry judging contest held at the college poultry farm Saturday. Dye scored 783 points out of a possible 900, placing nine classes of exhibition and production poultry. Robt. Whitfill was second and Gordon Grote third.

Gold medals are being awarded the three winners of the contest. This is the first time such a contest has been held here. Prof. D. H. Reid, head of the Poultry Husbandry Department, reports. The contest will be an annual affair, he stated.

Donors of medals for the winners are Woodson Lumber Company, Bryan; Parker Lumber Co., Bryan; and Howell Lumber Co., Bryan.

Carl Williams, graduate assistant, E. D. Parnell, associate professor, and members of the Collegiate Poultry Science Club had charge of the contest.

Yale University has received a private grant of rare books dating back to 1538.

Class Absences Are More Discretionary Matters, Says Prof

Although college and university cut regulations vary in length and complexity, the general tendency in most is to make the subject of unexcused class absences increasingly a discretionary matter between students and officials of the institution.

This is the finding of Haverford College's Dean H. Tatnall Brown in questionnaires returned by 17 institutions.

Academic standing of the student largely determines the degree to which he will be entrusted with keeping his class appointments as he sees fit.

In this respect, half of the institutions answering the questionnaire—Bowdoin, Wesleyan, Yale, Williams, Princeton, Lafayette, Lehigh, and Smith—grant special privileges regarding classroom absences to undergraduates on a so-called Dean's List or Honor Roll.

The remaining eight either exempt students doing honor work or leave it up to the professor to determine whether or not a member of his class is impairing his scholastic standing by the failure to attend lectures.

None of the colleges or universities supplying information, however, grants the student an unlimited cut allowance.

Freshmen in order to qualify for a Dean's List are usually required

Fingerprints of 2,000 open house visitors were made by Police club members at Los Angeles City College.

Simmons College freshmen observe May Day by hanging May baskets on the doors of their junior sisters.

to score grades higher than those demanded of upperclassmen.

Cutting classes immediately preceding and following a vacation without a valid excuse is forbidden by all 16 institutions. Penalties range from lowered grades and even a failure at Swarthmore, Mount Holyoke, and Lafayette to curtailment and possible loss of cutting privileges at Bryn Mawr.

Well, He Probably Got A True Picture Anyhow

The royal flush is said to be reflected in a few faces down Stanford way. During exams recently a bunch of boys in the dorm were having a little poker session when they heard a knock.

"Who the devil is it?" one of the boys yelled.

The knock was repeated. "Well, come in."

They came in—the president of Stanford and the proxy of Rochester University. Dr. Wilbur (Stanford) had wanted to show his colleague what a typical Stanford dormitory looks like.

Professor Harold Hibbert of McGill University has a process for liquefying wood.
