MADELEY'S PHARMACY

IMPORTANT NOTICE

In the past it has been the practice of subscribers on the dial section of our College Station exchange to leave off the first digit of the number they dial in attempting to reach other subscribers.

Due to changes recently made in connection with new dial equipment now being installed at College Station it will not be possible for subscribers to dial their numbers by leaving off the first digit.

It will be necessary in all instances for the number as listed in the directory to be dialed in order to secure party called.

The Telephone Company desires the cooperation of all of our subscribers and request that the full directory number be dialed in attempting to secure the party called.

It is our plan to cut over College Station to 100% dial service between August 1st and August 5th. Due notice of exact date will be given College Station subscribers prior to cut-over.

SOUTHWEST TELEPHONE CO. M. C. ATKINS, District Manager.
