OFFICIAL MEMORANDUM TO DAY STUDENTS

1. Day students are cautioned to consult the bulletin board in the rotunda of the Academic building daily. They will be held responsible for proper observance of all orders and instructions posted thereon. Failure to consult this bulletin board will not be accepted as an excuse for non-compliance with such orders or instructions.

2. The Battalion carries important announcements and each issue should be read. Day students will be held responsible for proper observance of notices and instructions appearing in The Battalion.

3. All passes must be in the Office of the Commandant not later than 9:00 A. M. on the day they are to become effective.

4. Schedule of classes will be submitted to the Office of the Commandant not later than noon, Saturday, September 28, 1940.

5. Copies of the College Regulations will be issued day students from the Office of the Commandant on Friday, September 20, 1940, from 1:00 until 5:00 P. M. Each student will familiarize himself with these regulations.

Ex-Students Offer Scholarships

The Association of Former Students of A. & M. is offering 25 "opportunity awards" to outstanding high school and junior college students to provide a complete financial program covering the student's entire college career. These awards will combine a student job through which the student may earn \$150 annually, a student loan

of \$100 annually, and the student's own financial participation in the amount of \$150. This total income of \$400 will cover the student's normal expenses, and his indebtedness to the loan fund is to be liquidated by monthly payments following graduation. To be eligible for these awards, a student must have ranked in the top 25 per cent of his graduating class and he must need such assistance as this award gives.

New Antenna For WTAW

The new broadcasting antenna for radio station WTAW has been completed and is now occupying a prominent place on the north horizon. The antenna, itself, together with the ground equipment was completed and was put into operation a few days before the first of this month.

Though WTAW's power-output of 500 watts will not be changed, the new antenna is so efficient that it is expected to increase the broadcasting range to an area of 80 miles across.

The antenna is 220 feet in height, triangular in shape, and of the most modern type. The base of the tower is anchored in enough concrete to make further supports unnecessary, even in the strongest winds. Vertical sections of the tower are painted alternately red and white in order to make it plainly visible from the air. Aiding in the plan to remove the antenna as

an aerial hazard is the red light on its summit which can be plainly seen at night.

Entertainment For Summer

The continuation of the policy of past years in providing an Entertainment Series for the summer session brought to the campus as entertainers the Imperial Exet, the Cass County Kids, and a marimba duo featuring Doris Jeanne Peterson.
