## Javelinas Stop Work; Try Passing

"Sacks" Mattingly  
Appears To Be Man  
A. & M. Must Watch

By HUB JOHNSON  
Battalion Sports Editor

This afternoon the Aggies open that questionable season. The first game up and the one for "this week" will be the A. & I. Javelinas from the capital city of the King Ranch, Kingsville, Texas.

With the Alamo Conference team already holding a one game experience over the Aggies and one in which they surprised the country by turning back Pop Warner's strong San Jose scoring champions, the game has in the past week turned from one earlier considered to be just another opener to one of acid test.

The Javelinas turned away from the heavy practice Thursday and settled down to drills on deception plays and passing attacks. With the pass defense considered one of the best ever to be possessed by an A. & I. team the Javelinas spent most of their time in preparing for the offensive. Last year, the Porkers stopped Sam Houston State Teachers from nearing the pay dirt with their some 57 passes thrown and also stopped the same type of offense used by the West Texas State Teachers. The same members of this defense system are back with the additional greats from St. Edwards.

As for the line defense, a wall which allowed the Spartans only eight yards during the game last week. The forward line averages better than 195 pounds with five all-conference performers carrying the brunt of the load.

The two stand outs of the back field will probably be "Sacks" Mattingly in the fullback post and Leonard Hasenstab in the half back position throwing the passes.

Behind "Sacks" waiting the call will be J. P. Hillard who converted against San Jose and also kicked the field goal for the three additional points.

As for the Aggies, they will send

Leonard Hasenstab, top, leaps into the air to whip a bullet pass, while Stewart Clarksen and tackle Al Dowgillio, handle the blocking assignments.

Francis (Sacks) Mattingly, bottom, drives into a hole in the line as Jensen, Stephens, and Reese block out the defense.

Russell Jensen, right, was named all Texas Conference end last year while playing for St. Edwards University.

## Intramurals

### Rules, Plans, and Scoring System Explained to Managers at Banquet

BY BOB MYERS

Very tasty food crossed many a palate in Sbis Hall last Thursday night when the annual intramural managers banquet was thrown. Mr. W. L. Penberthy, head of the Physical Education department, was toastmaster for the evening and introduced Lt. Col. Watson, Commandant & PMST, who provided many minutes of interesting entertainment with his talk on army sports as they were back when men were men.

Myers

Others at the speakers table included Art Adamson, swimming coach, Dewey Hoke and Spike White of the intramural department, and the three senior managers: N. A. Ponthieux, "Slush" Williams, and Joe Windrow.

After plates had been cleared away and the cigars torched up, Mr. "Penny" explained changes in rules, scoring systems, and plans for the coming season. After this, entry cards were passed out along with a request for the customary five "bucks" entrance fee. All in all it was a very successful banquet, both from the standpoint of food and subject matter.

A new type football is being used this year by the intramural

## Good Reserve Seats Scarce for Town Hall

It was announced late yesterday afternoon after a thorough check that only a few choice reserve seat Town Hall tickets remain for sale. With requests for tickets coming in daily from out of town a complete sell out is predicted before the first number, which will be the Marine Band which will be here Thursday, October 3.

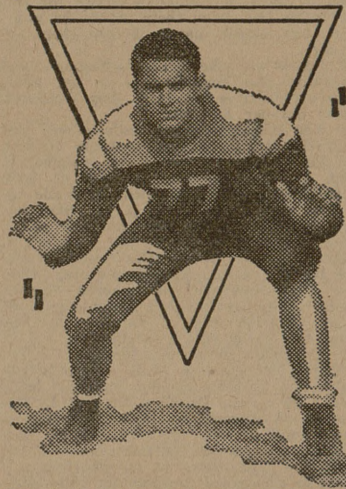

Due to the large expected crowd all students are urged to get their tickets before coming to Guion Hall. These tickets may be secured now from all organization commanders; and from special salesmen in the project houses.

to the field, much the same team that wore the maroon and white last year.

Jim Thomason, Marion Pugh, De-race Moser, and John Kimbrough will start in the backfield.

Tommie Vaughn will hold down the center post with Charles Henke and Marshall Robnett at the guard positions. Ernie Pannell and Chip Routt will take the tackle posts, and Bill Buchanan and Jim Sterling start in the wing positions.

## Texas A. & I. Stars

Other prospects include: Bob Langford, a very promising and capable player, who has been in competition with such players as

## Keck and Robinson, Exes, To Be Married

Edward Thomas Keck, Jr., former student of Texas A. & M. will wed Miss Katharine Marie Roundtree of Houston on October 12 at St. Mary's Catholic Church in Houston.

Mr. Keck graduated from A.&M. in the spring of '39.

Joe Martin Robinson, Missouri City, another former student of Texas A. & M. will wed Miss Anida Loise Darst of Richmond on Oct. 5. The couple will be honored guests at a number of entertainments in Houston where they plan to make their home.

Mr. Robinson graduated from A. & M. in the spring of '38.

## Tickets to Tulsa Game To Be Sold Till Wednesday

Ticket sales for the Texas A. & M. - Tulsa game in San Antonio October 5, were extended to Wednesday, October 2, according to an announcement received from E. W. Hooker, secretary of the athletic council today.

The original deadline for student tickets was September 29.

Nearly half of all the feed grown on Texas farms is wasted in one way or another, but a trench silo saves over 95 percent of the feed for farmers.

department. It is made of fabric covered with rubber. The outstanding characteristics of the new ball are its waterproofness, it is practically immune to skins from bouncing against the pavement and walls, and is much easier to hold. Other than the difference in material, the ball is the same; being regulation in size, weight and inflation.

Many organizations are getting lined up for their first games by practicing each afternoon. As the time draws nearer, more and more of the teams will hit the field and courts to work out the kinks and build some plays that will stymie their opponents.

Primary in the plans for this year is a desire for fewer forfeits—none if possible.

## Baylor University Band To Feature Swing Music

With everything else in this topsy-turvy world changing fast, Baylor University's Golden Wave Band has come out with the startling statement that this year's musical unit will introduce swing to the Baylor students in addition to its traditional classical and march music.

With a record breaking number of potential swingsters, 120, trying for places, Dr. R. D. Perry, new director of the band, stated that the Baylor band would lock horns and meet its competitors in any type or style of music in which they wish to indulge. "If it is swing they want, we'll outswing them, if it is march music they want we will play that," he said.

## Prospects Look Good For A & M Varsity Tennis

Prospects for this year's Aggie tennis team are very bright according to Coach T. H. Terrell. Paced by Captain James Giles, the Aggies promise to give the rest of the Southwestern Conference a good fight for the flag. Among newcomers, the leading candidate for a place on the team is Xavier Fernandez from Lima, Peru. Going by his record in the tennis court, he seems to be a sure shot for a regular spot on the team. At the age of 15 he was Junior Champ of Peru in singles and doubles. In April 1938, he was designated as number 3 player on the Peruvian Tennis Team winners of the South American Olympic Games. If he lives up to his reputation, Fernandez will give the rest of the boys a hot fight for honors on the Aggie team.

Other prospects include: Bob Langford, a very promising and capable player, who has been in competition with such players as

Don McNeil, present amateur champion, and Henry Boyter of the University of Texas. G. H. Guin, former Boys State Champion of Texas and a former member of the Freshmen Tennis Team at Rice Institute, Al Krezdorn, letterman, 1939-40, B. C. Rogers, winner of second place at the Sweetwater Invitation Tournament, and player on the freshman team here last year, R. H. McLarn, varsity squadman last year and Ralph Eads, runner-up in doubles in the Texas Interscholastic Meet in 1937.

With such bright prospects as mentioned above, the Aggies will be one of the leading contenders in the conference this year.

## He could have been "The Man Most Likely to Succeed"

but indifference, like using  
a faulty pen, kept him  
behind the 8-Ball

Harry had everything, except a sense of discrimination. Perhaps he leaned too heavily on his natural gifts. Anyway he never added to them in college, but laughed things off—like the times his old-fashioned pen ran dry in classes and exams. Our bright alumnus is out in the world today—a man who could have given orders, he is taking them.

Sure, it seems far-fetched, but you'll be surprised what a great big difference it makes in your grades to carry a sure-fire pen like the Parker Saccless Vacuumatic.

It's this revolutionary streamlined Beauty that never runs dry unless you let it. For its sacless Television barrel holds nearly twice as much ink as our old type, and it lets you SEE days ahead if it's running low.

It's the only Style that looks like circlelets of shimmering velvet—ring upon ring of luminous Pearl and Jet. The One-Hand sacless filler with the "lubricated" Point of extra fine-grained 14K Gold, extra resilient—tipped with Osmiridium that writes "as smooth as oil."

It's the college favorite by nearly 3 to 1—so it rates one "in the Know" to carry the genuine.

Be sure to look for Parker's Blue Diamond—it means Guaranteed for Life. Avoid all substitutes—then you'll have no regrets.
