

Santone Miss Will Reign As Rodeo Queen

By Lee Rogers
The hard-riding members of the Saddle and Siroin Club met the other night and picked Molly McKeller of San Antonio as queen of the twenty-first annual Texas Aggie Rodeo on October 18. Ruling with Miss McKeller will be Graham Purrell who has been chosen as king for the rodeo this year.

Invitations have been sent to some of the hardest riding, easiest to-look-at cowgirls in the state in order that the patrons of the event will be insured entertainment from all angles—and curves.

The Aggie "Cow punchers" will meet again next week and select two more Texas lassies to act as ladies-in-waiting to Queen McKeller. These lasso twirling misses are selected for their riding ability as well as their beauty.

The proceeds from the rodeo are to be used to finance the International Livestock Judging Team on their tours throughout the nation in the various judging contests in which the team participates.

Only students from A.&M. will be allowed to take part in the rodeo contests and of this group the majority will be composed of students majoring in animal husbandry.

College Citizens To Hold Meeting Tomorrow Night

Tomorrow night at 7 o'clock a mass meeting of all College Station citizens will be held in the lecture room of the Chemistry building.

"All citizens and interested persons are urged to be present," Mayor Frank Anderson said.

The purpose of the meeting is to discuss the budget for the year, the paving of streets, the tax rate, and to serve as a general round table discussion of College Station activities. At this time the city council will show the disposition of tax money.

Mayor Frank Anderson will preside at the meeting.

Texas Nutrition Committee Will Hold 2nd Meeting

Second meeting of Texas' statewide nutrition committee has been called in Austin on October 5 for further consideration of the nutritional needs and problems of Texans, according to an announcement of the committee chairman, Mildred Horton, vice-director and state home demonstration agent of the Texas A. & M. College Extension Service.

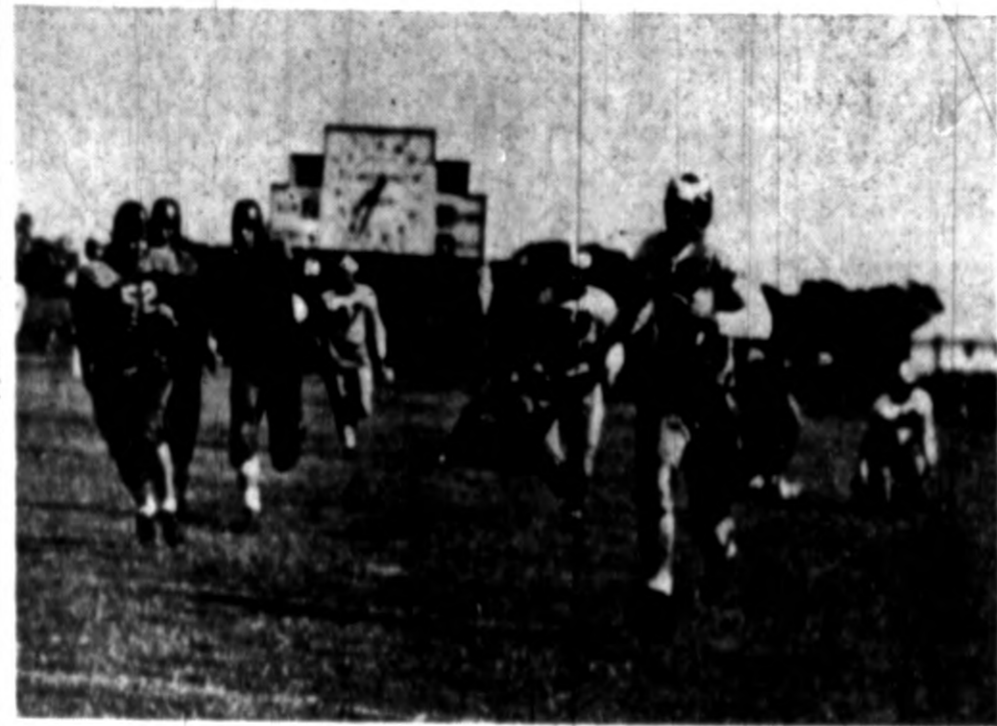

The committee was appointed by Dr. T. O. Walton, president of A. & M. College, and held its first meeting in Dallas late in August. Similar committees are being named in other states upon the request of Dr. Louise Stanley, chief of the Bureau of Home Economics, U. S. Department of Agriculture.

One feature of the meeting will be a committee report of suggestions for aiding low income groups in Texas to obtain better diets. Members of the committee assigned to work on this problem are Dr. Jet Winters of the University of Texas, Dr. Errel S. Eppright of the Texas State College for Women, and Dr. Florence Secular of North Texas State Teachers College.

"The purpose of the committee," Miss Horton explains, "is to bring together a representative group of Texas home economists and lay people to discuss the needs and the problems of Texas people as they relate primarily to nutrition. The group will make plans for assisting the people to solve their own problems and will place emphasis on human welfare, seeking to strengthen our national defense by strengthening our social defense."

Organizations, institutions and agencies represented on the committee include the three state institutions named above plus Texas Technological College, State Board (Continued on Page 4)

Time and Tide . . . and John Kimbrough

With five minutes left in the first quarter, John Kimbrough (39) returns a punt down the west side of Kyle Field for a 70 yard gain. In the background can be seen Chip Routt (58) and Jim Sterling (67).

Neff To Address Civil Engineers At Meet Tonight

Judson Neff, head of the newly created department of Industrial Engineering will address the student chapter of the American Society of Civil Engineers at their regular meeting Tuesday night, at 7:30 p. m., in the civil engineering lecture room.

Mr. Neff will discuss in a fifteen minute talk to both members of the chapter and other students attending the meeting the subject of present day engineering as it affects the civil engineer. The speech will be directed to students of all classes and will bear particular emphasis on the orientation of the civil engineer in today's rapidly advancing field of professional engineering.

A short business session will be held after the address in which the new officers for the year, Hank Drumwright, president; Ross E. Cox, vice president; and J. A. Teague, secretary-treasurer, will present several important business items for action by the chapter and its committees. All civil engineers are cordially invited to attend both the address and the business session.

DR. JOHNSON OF ST. LOUIS WILL SPEAK TO AGGIES

As a contribution to the religious life of the campus, the First Baptist church in Bryan has brought Dr. C. Oscar Johnson of St. Louis to speak to the cadet corps Thursday and Friday.

Dr. Johnson, president of the Metropolitan Ministerial Association of St. Louis, is under the direction of the YMCA.

Dr. Johnson has held pastorates in Newport Beach and Los Angeles, California, Campbellsburg, Kentucky, and Tacoma, Washington, and has been in St. Louis in the Third Baptist Church since 1931. The Christian Herald recently ran a story of his accomplishments for moral welfare in that city. His church turns people away at every service on even the Wednesday night service, and yet it has one of the largest church auditoriums in that city.

The schedule of his addresses on the campus is as follows: Freshmen Thursday afternoon, at 4:45 p. m. Seniors and Juniors—Friday morning, 9 a. m. Sophomores, Friday afternoon at 4:45 p. m.

Dr. Johnson will speak also in the Bryan church at 7:30 p. m. both Thursday and Friday nights. This church will seek to continue to bring the outstanding religious personalities of the nation for the benefit of A.&M. students and residents of College Station and Bryan.

Finney To Supervise Installation Of Chem Exhibit At State Fair

Professor C. J. Finney, of the department of architecture, leaves this Saturday for Dallas to supervise the installation of the Texas A. & M. College Chemurgic Exhibit at the Texas State Fair to be held in Dallas, Oct. 5-20.

Town Hall Season Opens Thursday Night With U S Marine Band

The season for the A. & M. Town Hall will begin Thursday night when the United States Marine Band gives their long heralded concert of thrilling marches and inspiring musical presentations at Guion Hall.

This series, managed by Paul Haines, is due to bring the most excellent programs possible to the Texas A. & M. students and the people of this section of Texas.

Although there has been a neglect of tour work for the Marine Band, the radio has brought their top grade achievements to the millions of devoted listeners throughout the nation. Flawless precision, and a balance of light and shade are symbolic of their playing.

Town Hall is bringing the most well-known of all band organizations to A. & M. in the United States Marine Band and it has every indication of becoming the most illustrious and noteworthy concert of the decade.

John Rowlett Is New Architecture Prof

Newest addition to the staff of the Department of Architecture is John M. Rowlett who comes to A. & M. College from the state office of the National Youth Administration in Austin where he was employed as architect.

A native of Georgetown, Texas, Rowlett graduated from the University of Texas with degrees in both architecture and education. At the University he held membership in the Sphinx Club, the honorary architectural society, and in Phi Delta Theta fraternity. After graduation he worked in the office of Page and Sutherland, Austin architects. From 1936 to 1938 he was employed by the Centennial Division of the State Board of Control designing the lettering for approximately 1500 historical markers placed throughout the state.

The Agriculturist Magazine Will Be Issued On October 30

The first issue of The Agriculturist, the magazine for all non-engineering activities, has been announced for Wednesday, October 30 by the editor, Tom Power. The staff of the magazine includes a reporter selected by each of the nineteen clubs concerned to contribute news and pictures of the activities of his club.

At a meeting of the club presidents on September 26, it was agreed that the clubs will sell at least 1000 subscriptions to their respective members. Since the magazine will include articles and features concerning everything but engineering, it will be of interest to every non-engineering student on the campus.

The subscription rate of 25¢ entitles the subscriber to four magazines per year. Roland Bing will be in charge of the section of the magazine which will contain news of the various clubs. The miscellaneous part of the magazine which includes interesting odd facts, jokes, features, and pictures, will be in charge of Lee Rice.

Who's Who Lists Two From Bryan; Eleven From A & M

The 1940-41 edition of "Who's Who in America" includes the names of 11 residents of Brazos county. This grouping of the nationally eminent is made by the place of residence of the various persons. Two are listed as living in Bryan, and nine as living in College Station.

From Bryan, the volume includes N. B. Allen, educator of Allen Academy; and Dr. Walter N. Ezekiel, plant pathologist, of the Texas Agricultural Experiment Station.

The group from College Station: Prof. John Ashton, writer; Dr. Frank C. Bolton, dean of the college; Dr. Thos. D. Brooks, dean of the Graduate School; Dr. Geo. S. Fraps, state chemist; Dean Edwin J. Kyle, School of Agriculture; Dr. Geo. E. Potter, professor of biology; Prof. Chas. N. Shepardson, head of the Dairy Husbandry department; Dr. Walter P. Taylor, biologist; and Dr. Thomas O. Walton, president of A. & M. College.

Fountain Needs Only Light Equipment For Its Completion

The bare triangle in front of Sblsa Hall (officially known as Saunders Park), heretofore noteworthy only as the site of occasional band concerts, will soon become one of the beauty spots of the campus. Rapidly nearing completion in the center of the park is the only fountain on the campus, the gift of the class of '38.

The fountain is 18 feet across and is built of concrete and cast stone. Marked with two bronze tablets, the chief decorative feature of the fountain will be the fact that it is illuminated. Special equipment will be installed which (Continued on page 4)

Member of A & M Board of Directors Dies At Home In Houston Saturday

Only Juniors And Seniors Authorized To Make Corps Trip

The executive committee of A. & M. College has authorized juniors and seniors to make the trip to San Antonio next Saturday for the purpose of witnessing the A. & M. Tulsa football game to be played there in the recently completed Alamo stadium. Official excuses from classes must be filed in the Commandant's office before leaving. Freshmen and sophomores living in the vicinity of San Antonio may also attend the game provided they have special permission filed in the Commandant's Office for this particular trip from their parent or guardian and obtain passes before departure from the campus.

The Missouri Pacific Railroad will run a special train to San Antonio leaving College Station at 4:30 a. m. Saturday. The special train returning to College Station will be made up at 11:00 p. m. Saturday night for the convenience of those who wish to get on the train early. Time of departure will be 2:00 a. m., Sunday morning. Tickets will be honored on the regular train leaving San Antonio at 8:30 p. m. Sunday night. The round trip ticket will cost \$2.95.

Organization commanders and house masters will canvass their organizations and submit to the Commandant's Office not later than 5:00 p. m., Tuesday the number of students in their organizations and submit to the Commandant's Office not later than 5 P. M. Tuesday the number of students in their organization who intend to ride the special train and also the number of students who intend to do otherwise. Passes for this trip must be submitted to first sergeants and housemasters before Thursday noon and submitted by them to the Commandant's Office not later than Thursday noon.

The prescribed uniform for those students authorized to make the trip will be No. 1.

A. & M Exhibits Will Be Featured At State Fair

Industrial uses of Texas farm products will be graphically explained in a chemurgic exhibit which will be Texas A. & M. College's contribution to educational displays in the Chemurgic Building at the State Fair of Texas in Dallas, October 5-20.

The 13-panel display, featuring the college colors—maroon and white—has been designed and constructed by students in the Architectural Department. A huge maroon and white replica of the college seal has been constructed as a keystone for the exhibit, and it will bear this legend: "The College, the Experiment Station, and the Extension Service cooperating with the farmer and industry to better serve agriculture."

Panels will be devoted to industrial uses of corn, tung oil, sweet potatoes, castor beans, flax, peanuts, soybeans, and cotton, according to plans of the exhibit committee in charge. Each panel will tell the chemurgic story of these raw products through processing stages to their various uses in industry.

For example, the tung oil panel will include three photographic enlargements showing the development of a tung oil grove, and will also show tung nuts whole and in cross-sections. The background of the panel will feature a map of Texas indicating portions of the state adapted to the growing of tung trees, and another portion of the exhibit will enumerate uses of tung oil products.

Members of the committee include the chairman, M. K. Thornton, Jr., agricultural chemist for the Extension Service; J. D. Lindsay, professor of chemical engineering; Louis Franke, extension editor; E. B. Reynolds, chief, D. T. Killough, and K. F. Manke, agronomists, and E. S. McFadden, associate agronomist, all of the division of agronomy, Agricultural Experiment Station; C. J. Finney, professor of architecture; S. H. Yarnell, chief, division of horticulture, Agricultural Experiment Station; and Howard Berry, technical assistant for the experiment station.

Construction of the exhibit is such that it can be shipped to other fairs at the conclusion of the Dallas event without being completely dismantled, according to Mr. Thornton.

Keeton To Sell Records Of School Songs By Band

A new concession was created on the campus recently when head yell leader "Buster" Keeton took over the selling end of several recordings produced by the A. & M. band and the Aggieland orchestra.

Three songs, "Goodbye To Texas", "Spirit Of Aggieland", and "I'd Rather Be A Texas Aggie" are all recorded on excellent recording composition material on one record.

H. C. Schuhmacher Member Since 1925

Henry C. Schuhmacher of Houston, member of the A. & M. College Board of Directors, died at his home on Shadowlawn Drive at 5:30 p. m. Saturday. Funeral services were held Monday morning at the Holy Rosary Church in Houston and the burial rites were conducted in La Grange that afternoon.

Schuhmacher graduated from A. & M. in 1892 with a degree in civil engineering. He has lived in Houston for the past thirty years and was the president of the Schuhmacher Grocery Company there.

He was elected as a director of the college in 1925 and would have served as a member until the expiration of his term in 1948. Schuhmacher was chairman of the Prairie View committee, a member of the committee in charge of auditing finances and of the executive committee.

Henry Schuhmacher was a prominent man in business and banking throughout the state. He contributed much of his time and finances toward the promotion of the Port of Houston, took an active part in the Rotary Club, and served as president of the Houston Chamber of Commerce. A great part of his time was devoted to working with charitable organizations and at one time he served as vice chairman of the community chest.

Here at A. & M., Schuhmacher will be remembered by Dormitory 8 which has been named in his honor.

He is survived by his widow, Mrs. Katherine Schuhmacher; two sons, John and Harry; and four sisters, Mrs. M. R. Robson, Mrs. M. Perlit, Mrs. Lillie King and Mrs. Bettie Hopper, all of Houston; a brother, J. C. Schuhmacher of Rutersville, and four grandchildren, Dineen, Nancy, Katherine and John Schuhmacher Jr. of Houston.

Among those from College Station who attended the burial services were President and Mrs. T. O. Walton, Dean F. C. Bolton, Dean and Mrs. Gibb Gilchrist and Mr. and Mrs. Fritz Hensel.

Brown Completes Twenty Years As Baptist Minister

Twenty years in Baptist Church work at Texas A. & M. is the Rev. and Mrs. R. L. Brown's record. Coming here from Ridley Park, Pa., in 1920, Rev. Brown has seen the congregation grow from 325 to more than 1700 members.

The first church was organized in 1923. The parsonage was built the following year and the church building in 1928. Last year, the auditorium was enlarged and additional classrooms built.

Reverend Brown says that in the beginning the results were practically negligible, and only \$200 was raised during the first year. There was not any vital church program nearer than Bryan prior to Rev. Brown's coming.

Last year, the church received 320 members, 33 for baptism. Contributions for the year amounted to nearly \$9000, approximately \$1000 of which was given by A. & M. students. The Sunday school has 23 classes with an enrollment last year of 700. Also there are 11 unions in the training union, a W. M. U. and a B. S. U. Cadet William Kent, president of the local chapter is also president of the state B. S. U.

Reverend Brown received his A. B. degree from Wake Forest College, attended the Southern Baptist Theological seminary at Louisville for a year, received his B.D. degree from Crozier Theological seminary, and his M.A. from the University of Pennsylvania.

Word has been received from officials of the Baptist State Convention that preparations for an adequate church building are being made.

Junior Class Meeting

The Junior Class will meet tonight in Guion Hall for the purpose of organizing and electing officers for the 1940-41 session. The meeting will be immediately after yell practice as announced by Cadet Colonel Bill Becker, who will be in charge of the meeting.

This first assembly this session of the class of '42 is important and all juniors should attend. If time permits after the election of officers, other business concerning the class will be discussed.

TEACHING STAFF INCREASED BY 35 NEW PROFESSORS

In order to take care of its exceptionally large enrollment this year, the faculty at A. & M. has been enlarged by the addition of many new members to the teaching staff.

The military science department, which has taken in the greatest number of new members, has received Col. James A. Watson, our new commandant; Captain Ernest A. Elwood, Major Tom Fox, Major O. Everett Hill, Lt. Wm. Chas. Janensch, Lt. Elbert B. Sale, Lt. Col. Charles N. Sawyer, Captain Richard P. Lively, Lt. Carl G. Sory, Major Edwin B. Spiller, Major John F. Stevens, Lt. Tom B. Strother, Lt. Alvin P. Utterback, Major James B. Wise.

The chemistry department has been increased by the addition of Mr. Robert Vincent Andrews and Mrs. G. P. Parker. The department of veterinary medicine has been increased by the addition of Willis Kuzewski, Russell L. Mundhenk, Harold Edwin Redmond, George (Continued on page 4)
