JOB E. DAVIS, Assistant Commandant.

Senior Mechanical Engineers Interested in Aeronautical Engineering
Ten hour of aeronautical engineering course will be available to mechanical engineering seniors this session—three hours the first semester and seven the second. The ten hours will qualify students on graduation to take the Civil Service examination for Junior Aeronautical Engineer. Passes come by my office Tuesday to arrange for substitution.
G.H. Gilchrist,
Dean of Engineering.

Juniors interested in working on the advertising staff of the Battalion come by the Student Publications Office, Room 125, Administration Bldg. in the afternoon as soon as possible.

The regular meeting of the Brazos County Chapter of the Reserve Officers Association will be held in the Petroleum Engineering Lecture Room at 7:30 P. M., Tuesday, October 1, 1940. The subject for discussion will be "Anti-Aircraft Defense". All senior cadet officers are invited to attend.

All students are notified that there is no occasion for jewelry of any kind to be worn in the dormitories. No concession for this merchandise will be granted during the current school year.
Ormond R. Simpson, Chairman,
Student Labor Committee

will light it from under the water and multi-colored light will play on the fountain. These lights can be regulated and will be turned on for special occasions according to the wishes of the corps.

At the present time construction is being held-up by the delay in the arrival of the electrical equipment. This, however, should arrive in the near future and it is expected that the fountain will be completed and in operation within a few weeks.

The fountain will be immediately surrounded by four panes of St. Augustine grass and the remainder of the triangle will be graveled. Several concrete benches will also be placed on the plot.

In answer to an inquiry as to whether or not there would be fish in the fountain, F. W. Hensel, head of the Landscape Art Department,

engineering drawing department, Chris Harold Croneman, a new member of the department of industrial education, S. T. Keim in the economics department, John Otis Pasco, of the mechanical engineering department, F. W. Peikert of the agricultural engineering department, A. Doyle Reed, a new addition to the department of agricultural economics, John Miles Rowlett of the architectural department, and A. E. Sals of the electrical engineering department.

Legal Notices
RESOLUTION:
Be it ordained by the City Council of the City of College Station, Texas:
Section I. No houses, garages or other buildings shall be moved across the streets or along the streets of the City of College Station, Texas, unless there shall be a permit issued by said city for the moving.
Section II. Said permit will designate the streets to be used and the time which the moving will be done.
Section III. Before any permit will be issued a deposit of \$100 shall be made with the City Secretary. Such fee will be held by the city until the structure is completely moved, and then such damage to the city streets, bridges, city utility lines will be required by the city and the costs charged to the depositor. The balance of the deposit remaining after repairs are made will be refunded to the depositor.
Section IV. Anyone violating the provisions of this ordinance, when found guilty, shall be fined not more than \$100, and each day of violation shall be deemed a separate offense.
An election will be held Saturday, October 5, 1940, as provided in Article 947 A, Section 10, Vernon's Texas Statutes, 1935 Edition, to control all future real estate developments or land subdivisions within the City of College Station, or within a radius of five miles thereof, exclusive of the territory of the City of Bryan.
The purpose of this election is to forestall improper developments with particular regard to a proper layout of streets, alleys, drainage, and utility installations. The enactment of this law is very necessary at this time.
