

### Many Tall Tales Due To Be Spread Around; Tennis Team Holds Meeting To Start Year

Now that the UCLA game is over, every one is looking forward to this week's match with T.C.U.—that is with the possible exception of the Aggies who are between College Station and Los Angeles with nothing to ride but the well-worn thumb.—Keyes Carson came in yesterday at 10:45 after 34 hours of hitchhiking and will be on hand to meet the team when they arrive at 9:50 this morning.

### Robnett Lives Up to His Promises By Laying Robinson and Bartlett Low Early

Marshall Robnett apparently wasn't wasting words when he said that he was going to pulverize a couple of "right boys" in last week's game with UCLA. Jackie Robinson left the game early when Rob laid him low on a tackle but Ray Bartlett was made of a little thicker material and lasted until the fourth quarter under constant hammering of the Southern team.

this week by the boys who went to the West coast - and they won't all be about football.

T. H. Terrell held a meeting of tennis players yesterday to get a line on this year's Varsity and Freshmen teams. The Varsity prospects look pretty good with several lettermen back and sophomores to fill many of the empty courts left vacant by last year's graduation.

Texas University lost a player for the season when V. D. Basey, guard, ended up on the wrong end of a knife in Dallas Saturday night. Although Basey's condition is very serious, he will pull through in fine shape barring complications. This season seems to be a hard one as far as losing players is concerned; S. M. U. dropped a backfield man as did Baylor in accidents.

Don't forget to go down and see the team in at 9:50 this morning.

### 7-0 Victory Drops Aggies To Fourth Place

By Paul B. Williamson  
Texas Aggies blanked out U.C.L.A. 7-0 for a rating of 97.2 and fourth place, but the Aggies will have to do better than that if they hope to fulfill their Southwestern and national aspirations.

Pittsburgh hit the System with an upsetting 7-7 tie with favored S.M.U. We bated 87.5 percent on the 60 principal games of the week.

Leading games reported through Oct. 12, 1940.

Perfect team	100.00
1. Cornell U.	99.9
2. Clemson	98.2
3. Tennessee	97.5
4. Texas A. & M.	97.2
9. S. M. U.	95.4
13. Texas	93.4
14. Rice	93.3
15. Iowa	93.1
30. Oklahoma A.&M.	90.3
38. U.C.L.A.	89.4
41. T.C.U.	89.0
49. Georgetown	88.2
54. Texas Tech	87.8
59. Arkansas	87.4
62. Baylor	86.7
65. Sam Houston	86.2
70. Texas A. & I.	85.7

### A & M Drubs UCLA 7 to 0 For Third Victory of Season

The Texas Aggies rolled on to another victory last Saturday in Memorial Coliseum at Los Angeles when they took the U. C. L. A. Bruins into camp 7-0. This inter-sectional tilt gave the Cadets their 16th consecutive victory and the third win of the 1940 campaign.

A. & M. failed to ring up more than one touchdown, but the score does not indicate what the Aggie dreadnaught did to a U. C. L. A. line. Kimbrough and Company tore the line to shreds in a valiant sixty minutes of slashing play.

Before a crowd numbering over 60,000, A. & M. crashed over the double chalkmark on an intercepted pas by Kimbrough, two runs by Willie Conatser, a pair by Kimbrough, and the final run being made by "Jarrin' John" who carried over from the nine yard stripe.

U. C. L. A. got plenty of breaks but they were unable to cash in on the golden opportunities. Marshall Robnett, a man of his word, ripped through a heralded Uclan line in the second period to snare fleet Jackie Robinson, colored Bruin back, and U. C. L. A.'s hopes diminished when Robinson was taken off the field too injured to continue the game.

Vicious blocking helped an Aggie cause that has grown in intensity with every game. And the club is shaping into the machine that wore the maroon and white of 1939.

A great Cadet defense held the Bruins down to a net gain of two yards rushing for the afternoon, but UCLA came through with some inspired passing in the last half that had the Norton charges fighting deep in their own territory. When the Bruin battering went for naught the airplanes gave the Uclans 122 yards of gain.

Jim Thomason, devastating blocker for A. & M. tried his hand at carrying the mail, and proved that there is plenty of power in the man who leads the way. He picked up 13 yards in two tries with the pigskin.

The first string forward wall for A. & M. dealt misery to any activity in the Bruin backfield as every play saw one or more Aggies filter into the Uclan secondary.

A. & M. muffed a couple of other chances to score during the game and these came about by mistakes of the Aggies. Play is improved, however, and the conference clash on Kyle field next Saturday should bring out a smoother combination.

### Intramurals

### Swimming System Works Smoothly; Forfeit Doghouse Hits New Low

By Bob Myers  
According to Coach Art Adamson, the new system of running intramural swimming is really working smoothly. Last year's swimming was all scheduled for one day and required quite a bit of splashing at once to complete. This year each organization has been assigned to a league and swims against other members of its league; the winners of each against each other in the run-offs.

An increased enrollment brought about the changes and from participation records, it looks as though greater enthusiasm has been created. This can easily be understood since each organization has many opportunities to enter competition instead of only one that existed in the old "one big splash system."

### FORFEIT DOGHOUSE 2nd Corps Headquarters

A new low has been set for the DOGHOUSE with only one guest registering for this issue. With a little more organizing the house should soon be bare. Forfeits not only cause an unnecessary loss to the organization but also knock

things of interest to their association about the college.

The Texas Association is particularly important because this is the largest wool producing state in the nation, producing 80,000,000 pounds in 1937. This was one fifth of the total for all states in that period. The wool scouring plant was set up at the college by the state largely as a result of the undivided support of the sheep and goat raisers of Texas and the directors are now holding their meeting here so that they may inspect the new and enlarged plant. The plant serves the useful purpose of testing grades and shrinkages in Texas wool and issuing the information to producers through the Agricultural Experiment Station bulletins.

high officials indicate that the films will be used to distribute and loan to former students' associations, mothers clubs and other A. & M. clubs throughout the nation. A staff announcement yesterday morning indicated that the principal aim of Aggietone News was to serve as a diary of A. & M. activities this year and in years to come.

Fuermann pointed out that the corps should not expect too much from the first edition of Aggietone News. "The staff has worked diligently to produce a near-professional newsreel, but this is our first effort and it will naturally be amateurish. As time passes we hope

to produce a continually improving newsreel which will measure up to Aggie wishes and expectations," Fuermann said.

Following tonight's world premiere, the regular showing of Aggietone News will begin its regular showing tomorrow and Thursday. College officials, student executives and notables from over the state will be in attendance at tonight's premiere.

An anticipated crowd of more than three thousand will be led in a yell practice by junior yell leaders Skeen Staley and Bill Beck from the marquee of the theater and senior yell leaders E. R. Keeton and C. J. Bland from within the theater. Cadet Colonel William A. Becker will speak briefly on behalf of the corps.
