46 Enrol In Rural Sociology Extension Course

Forty-six persons have registered for an extension course in rural sociology being offered by the University of Texas through the office of Tom Rascoe, head of the Department of Rural Sociology. Those registered include those from the University, though the majority of them are from outside the University. The 106 enrollees were ready to report to the various Extension Service agents Monday morning to begin their work on the Extension course.

100 Attend Festivities of Dairy Day

Dairy Day was held Wednesday, October 16, at the A. & M. dairy plant in College Station. National organization, plant superintendent, state and other dairy workers were there who all had a part in the day’s events, which were related to the future of dairying.

This year, the dairy was under the direction of C. C. Shoemaker, of the dairy industry. The first Dairy Day was held in 1931 in order to bring together a group of all college and university dairies in the United States. This year, it is being held in an effort to bring together those who are interested in dairy science and dairy products. This is the first Dairy Day that the A. & M. dairy plant has been open to the public.

Hensel Replaces Anderson as Extension Seminar Leader

The dairy program, which was led by B. R. Richey, P. O. Egner, W. W. Smith and Austin Nance, included many topics such as milk production, dairying, and the history of dairy science.
