

# Official Notices

## SCHEDULE OF EVENTS:

November 11 to 16 inc.—Public Utility Short Course for Electrical Metermen (N. F. Rhode).  
 November 15 and 16—Cattle Raisers Association (Dean Kyle).  
 November 15—Banquet, Cattle Raisers Association, Sbia Hall—7 P. M.  
 November 15—Water Polo Club Benefit show—3:15 P. M. and 6:30 P. M.  
 November 15—Texas Feed Manufacturers Association (Dr. Fuller).  
 November 16—A. & M. vs. Rice Institute football game—Kyle Field—2:30 P. M.  
 November 16—Senior Class Corps Dance—Mess Hall—9 P. M. to 12 midnight.

## PACKAGE

The President's office is holding a package from A. F. Schmalzreid Co. of Ft. Worth. This seems to be samples of imitation leather. Will the party ordering these samples please call for same.  
 Mrs. Williams

## NOTICE, SENIORS

All seniors who have their pictures made for the class section of the Longhorn and who have not selected their proof will be given until Saturday to select their proof. After Saturday, the proof will be selected for you.

## GRADUATE CLUB DANCE

The Graduate Club will hold its first dance of the year in the Maggie Parker Tea Room, Bryan, Texas, Friday night, November 15, 1940. All graduate students are urged to come and bring their friends. The Entertainment Committee has been arranged for a special program during intermission. Transportation will be provided for those who do not have cars.

"Two Convenient Stores" College Station - Bryan

## Notice to Students in the NEW DORMITORIES ONLY:

All students with summer beginning with A. B. C. D. turn in your laundry Friday 7-8 a. m., call for Monday 3-6 P. m.

We feel that making this change will result in better laundry service. We will greatly appreciate your cooperation.

G. P. Ayers, Mgr. A. & M. Laundry

## TUTORS

A list of approved tutors is available at the Registrar's Office to any student needing this service.

Any student who desires to be placed on the list of approved tutors should apply at the Registrar's Office at once.

H. L. HEATON, Asst. Registrar

## FEBRUARY ENGINEER GRADS

The Placement Bureau has been advised by a subsidiary of the United States Steel Corporation that they will have some openings for midterm technical graduates and will be glad to receive applications from such seniors who are interested. Any engineering senior who will graduate at midterm and who is interested in looking into this, should come by Room 133, Administration Building, at once.

Lucian M. Morgan, Director Placement Bureau

## SENIORS

All seniors are urged to turn in their personnel records as soon as possible at Room 133, Administration Building. Those who are going to have the personnel leaflets prepared should pay for these and furnish a glossy print photograph now. It is necessary to do this NOW in order to have the leaflets ready by the Christmas holidays. The Placement Bureau has received several requests from industry for these leaflets on various types of students. Your cooperation will be appreciated.

Lucian M. Morgan, Director Placement Bureau

## THANKSGIVING HOLIDAYS

The Academic Council has extended the Thanksgiving holidays for students until Retreat Monday, December 2, 1940.

F. C. Bolton, DEAN

## FRESHMAN ENGINEERING STUDENTS

Each year quite a number of freshmen enroll in the School of Engineering whose scholastic preparation is not sufficient to enable them, even with earnest and faithful study, to pass the freshman work in engineering.

John Tarleton Agricultural College at Stephenville, a branch of this institution, by reason of its endowment, is required to offer not only the first two years of college grade work, but also the last two years of high school work. In the past few years many students who have not had adequate preparation for college work in engineering have transferred to John Tarleton, but it has been necessary that they wait until February to enter. At John Tarleton students can take courses of senior high school level and it has been found that students who applied themselves have been able to return to A. & M. with the essential basic training.

Arrangements have now been made for students who desire to do so and who are recommended by the Dean of Engineering at A. & M. to transfer to John Tarleton immediately after the November 15th grades are received and classes will be formed for them at that institution in order that they may go right into basic courses, particularly mathematics and English. In addition, students having passing grades in engineering drawing with plates all in, and in military science, will be allowed to go into the college grade classes in those subjects. Dean J. Thos. Davis at Tarleton will be glad to go over the record of each transfer student individually and advise with him as to which basic courses he should carry and which college courses he should retain.

It would be well for any freshman engineering student who has found his high school work inadequate and who desires to take advantage of this opportunity to communicate this notice to his parents or guardian, securing IN WRITING their approval of the transfer so that no time will be lost.

Gibb Gilchrist, Dean of Engineering

## CLUB PRESIDENTS

On November 21st the Battalion will carry an official club roster giving the names of A. & M. club and the club officers for 1940-41. Only those clubs which have constitutions on file with the Student Activities Committee and which have filed the names of their officers with this committee will be included on the roster. Club officers may be filed for the committee at Room 126 Administration Bldg.

## ARCHITECTURE SOCIETY MEETING

Thursday night at 7:30 in the Architecture Lecture Room. There will be a special meeting for the freshmen.

## HILLEL CLUB

Rabbi Robert I. Kahn, Associate Rabbi of Temple Beth Israel, Houston, will be the guest speaker at an open meeting of the Texas A. & M. Hillel Club on Sunday evening, November 17 at 7:30 at the Lounge Room of Sbia Hall. Rabbi Kahn will discuss the War and its aftermath. The meeting is open to the public and a cordial invitation is extended to all those interested. A business session at 7:00 p. m. for club members will precede the open meeting.

## STUDENT WELFARE

The monthly meeting of the Student Welfare Committee will be held in Sbia Parlors at 6:15 p. m., Wednesday, November 20.

F. C. Bolton, Chairman Student Welfare Committee

## CAMPUS STUDY CLUB

The Campus Study Club will meet in Sbia Hall Annex next Tuesday, Nov. 12, at 3 o'clock. Mrs. Gooden Gay will talk on "Brazil, The Land of Beauty and Coffee Plantations."

## A.S.M.E. MEET

The A.S.M.E. will meet tonight after yell practice in E.E. Lecture Room. There will be two entertainment pictures and a talk by Mr. Barlow, head of the Aeronautical Engineering Dept.

## AZTECA CLUB

The Azteca Club will hold its regular meeting Friday night right after yell practice in room 217 Academic Building. All members are requested to be present as plans for this year will be discussed.

## AGRONOMY SOCIETY KEYS ARE HERE

The Agronomy Society keys are now in the post office. It is absolutely necessary for those who have keys ordered to pay the remainder before November 18 as they will be sent back to the company if not paid out by them.

Money may be paid to J. T. Anderson, room 218 dorm 3, or to Mrs. Johnson in the Agronomy office.

AMERICAN CHEMICAL SOCIETY  
 Mr. Harold A. Levey of New Orleans will speak on the subject of "New Synthetic Molded Plastics" to the Texas A. & M. Section of the American Chemical Society in the chemical lecture room at 8 p. m. on Thursday, November 14. His talk will be illustrated with lantern slides, charts, and specimens of molded plastic products.

Synthetic plastics are now about a hundred years old, but progress which has extended over the past thirty years has been very rapid. Many useful articles and parts of articles can now be molded in plastic materials at low cost. Many different kinds of plastics are available. The use of soy beans for plastics is only one phase of the subject.

## VETERINARY STUDENTS

The Junior A.V.M.A. will meet in the veterinary lecture room at 7:30 Friday to hear Dr. W. G. Brock. His subject will be "How Organized Veterinary Medicine Assists the Livestock Industry." All pre-veterinary students are invited.

## ENTOMOLOGICAL CLUB

The Club will hold an important meeting tonight at 7:30 in room 5, Science Hall. Dr. H. L. Von Volkenberg will speak. All members are urged to attend. Any person interested is cordially invited.

## AMERICAN CHEMICAL SOCIETY

The ninth meeting of the Texas A. & M. Section of the American Chemical Society will be held Thursday, November 14, 1940, at 8:00 P. M. in the main lecture room of the Chemistry Building, A. & M. College, College Station, Texas.

## DRAMA GROUP

The Drama Group of the College Women's Social Club will meet at 9 o'clock Thursday morning in the home of Mrs. R. L. Mundhenk in Oakwood. Mrs. A. A. Blumberg will review a play.

## FELLOWSHIP LUNCHEON

There will be a Fellowship Luncheon for employees of A. & M. from 12:10 to 12:40, Thursday noon.

## Classified

LOST—On corps trip Gruen very thin watch with yellow gold curved case and black clamp band. For liberal reward return or give information leading to recovery of watch to C. E. Turner, Jr., 78 Goodwin.

LOST—A brown California Sportswear suede coats-jacket, on or about October 26. Reward for return to 29 P.G. Hall.

LOST—One small leather key-holder advertising Bowman Chevrolets on it. Return to I-11 Hart Hall.

FOUND—In U. S. Post Office. A pocket knife. M. L. Cashion, Y.M.C.A.

RIDE TO DALLAS and return this week-end. Leave college 2 p. m. Friday. Leave Dallas 6 p. m. Sunday. 1936 Oldsmobile with radio and heater. \$2.00 round trip. \$1.00 either way. See Jim Gillespie, room 123, Dorm No. 12.

WANTED—Someone to drive me to Lubbock Saturday morning. Call Mrs. Ormond Simpson, College 4-6234.

FOR SALE OR LEASE—New F. H. A. home, furnished, large corner lot in Meadowbrook. 5 large rooms, many built-in features. Hardwood floors, large sun terrace. 1 1/2 miles to College buildings. Easy terms. F. H. A. payments less than rent. Will lease or sell all or any part of furniture. Get key from Chef John's Cafe, Highway 6, next to Grant's Service Station or phone 4-4944.

FOR RENT—Furnished 4-room garage apartment for couple; electric refrigerator. One block south of Community Center in College Park. Apply 300 Montclair or call 4-4164.

## Civil Service

(Continued from Page 1)  
 proximate experience in lithographic production work or in the engraver's art is necessary. For these positions applications will be rated as received until further notice.

Senior artist illustrator (animation artist), \$2,000 a year; War Department. The work involves the production of titles, maps, diagrams and animated sequences for use in instructional motion pictures on military subjects. Applicants must have completed a 4-year high school course and must have had successful commercial art experience, partly in animation experience (which is considered as involving the pro-

duction of animated motion pictures). Closing dates are November 28 and December 1, 1940.

Medical technician, \$1,800 a year; also senior, \$2,000 a year; and assistant, \$1,620 a year; War Department. Applicants must have completed a 4-year high-school course. In addition they must have had experience in X-ray activities, including X-ray photography and the installation and maintenance of X-ray apparatus; or experience in an operating room or clinic. Closing dates are November 28 and December 1, 1940.

Printer, hand compositor, \$1.20 an hour; printer, slug-machine operator, \$1.26 an hour; printer, monotype keyboard operator, \$1.26 an hour; Government Printing Office. Employment is on a 40-hour week basis. Applicants must have completed 8 years of schooling and a 5-year apprenticeship as printer. In addition they must have had 1 year of experience as a journeyman printer within the past 10 years. Closing dates are November 28 and December 1, 1940.

Chief laboratory mechanic, \$2,600 a year (when actually employed). A vacancy exists at the present time in the Bureau of Home Economics, Department of Agriculture, in connection with the cotton hosiery investigations project. Applicants must have completed a 4-year high-school course, unless they pass a written general test, and in addition they must have had experience in the operation and adjustment of modern knitting machines in the production of cotton hosiery.

Principal translator, \$2,600 a year, Department of State. Optional languages are Portuguese and Spanish. Applicants must have completed a 4-year college course unless they substitute additional qualifying experience in translation work. In addition they must have had experience in translating from English into Portuguese or Spanish.

The United States Civil Service Commission is endeavoring to secure inspectors of miscellaneous supplies to fill positions at the Jeffersonville Quartermaster Depot, Jeffersonville, Indiana.

Inspectors are needed in the following classes of supplies: Hardware and glassware, stoves and ranges, tents, sheet metals and sheet-metal products, bakery and cafeteria equipment, tableware and kitchen utensils, paints, varnishes, shellac, lacquers, etc., and gasolines, greases, lubricating oils, etc. The salary for these positions ranges from \$1,800 to \$2,000 a year, less a retirement deduction of 3 1/2 percent.

Applications may be filed with the Secretary, Board of U. S. Civil Service Examiners, U. S. Engineer Department at Large and Jeffersonville Quartermaster Depot, Louisville, Kentucky, until further notice. In view of the great demand for qualified persons, applicants are urged to file their applications promptly.

Applicants must have completed a 4-year high-school course, except that they may substitute additional inspectional or testing experience for this requirement. In addition, they must have had 4 years of experience in the inspection or testing of one or more of the classes of supplies listed above. Each year of college study in appropriate engineering courses may be substituted for each 6 months of this experience. Applicants will not be given a written test, but will be rated on their qualifications as shown in their applications and on corroborative evidence.

Further information as to the requirements for the examination may be obtained from College Station, Texas and Bryan, Texas, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.

## Williamson Ratings

(Continued from Page 3)  
 It's Brown over Harvard. Can't those Browns ever lose now?

The figures say that Nebraska will take Pittsburgh by one or more touchdowns. Another traditional game will be, Princeton over Yale. Among other leaders we pick: Arizona over Loyola of California; Hardin-Simmons over Catholic U. —and who ever heard of Hardin-Simmons until the last few years?; Alabama over Georgia Tech; Tem-

CAMPUS VARIETY STORE

ple over Holy Cross; Villanova over Manhattan, in another close one; Michigan State over Marquette; Florida over Miami of Florida, just barely a breather; Indiana over Wisconsin, close; Texas over T.C. U., also close; Tulane over Georgia; Washington State over U.C.L.A., and it'll be close; Utah over Colorado State, for a close one which may decide the championship of the Big Seven. On Sunday, a very brave prediction is St. Mary of California over Santa Clara.

## HE BOWLS WITH EXTRA SPEED AND EXTRA POWER

# SMOKES CAMELS FOR EXTRA PLEASURE

His "Fireball" made him a bowling champion. Slower burning won Joe Norris to Camel cigarettes

WHAT A MAN in a bowling alley! He was the "boy wonder" a decade ago. Today, with a long list of national titles at his belt, the bowling world still wonders just how he gets such pin-blasting power and such hair-line control... such extra power and extra control!

No question, though, how Joe Norris gets the extras in his cigarette. He turned to the slower-burning brand... Camel... for extra mildness and found several other pleasing extras as well, including extra smoking.

Slower burning... costlier tobaccos—what pleasure they can add to smoking! More mildness and coolness because Camels are free from the irritating effects of too-fast burning. More flavor—because slow burning lets the flavor come through. And along with extra pleasure—extra smoking per pack (see below, right).

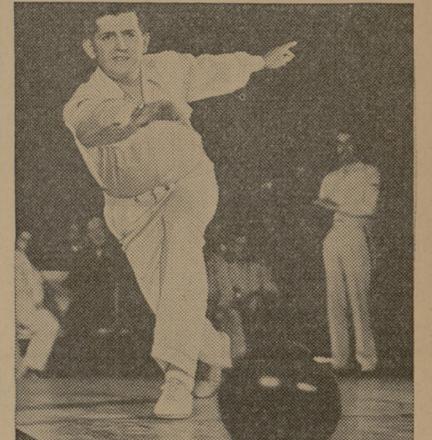

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

"THOSE EXTRAS IN CAMELS SCORE WITH ME EVERY TIME — ESPECIALLY THE EXTRA MILDNESS AND FLAVOR — CAMEL'S SLOWER WAY OF BURNING GIVES ME A NICE BIT OF EXTRA SMOKING, TOO"

Joe Norris

GET THE "EXTRAS" WITH SLOWER-BURNING CAMELS THE CIGARETTE OF COSTLIER TOBACCOS

THIS IS the "Fireball." Joe Norris (above) uses a two-finger mineralite ball with narrow grip—a quick-breaking hook—throws one of the fastest balls in bowling. But no speed...no fast burning... for Joe in his cigarette. It's always slow-burning Camels. He says: "Camels give me extra mildness. And there's nothing like a Camel for flavor."

EXTRA MILDNESS

EXTRA COOLNESS

EXTRA FLAVOR

In recent laboratory tests, Camels burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking plus equal to

5 EXTRA SMOKES PER PACK!
