carry an official club roster giving the names of A. & M. club and the club officers for 1940-41. Only those clubs which have constitutions on file with the Student Activities Committee and which have filed the names of their officers with this committee will be included on the roster. Club officers may be filed for the committee at Room 126 Administration Bldg.

The President's office received an old wooden panel from Crescent Panel Company of Louisville, Ky. Will the party to whom this belongs please call for it.
 Mrs. Williamson

BIG SPRING CLUB
 There will be an important meeting of the Big Spring A. & M. Club in Room 110 Academic Building Monday night immediately after yell practice.

FACULTY DANCE CLUB NOTICE
 The next Faculty Club dance will be held on Friday night, November 22 at the Maggie Parker Dining Room in Bryan. Ed Minnock and his Aggieband Orchestra will play for the dance from 9 to 12 midnight. All Faculty members, Experiment Station and Extension Service employees and their friends are urged to attend.

ROUND TABLE CLUB
 The Round Table Club will meet in room 319 Academic Building Monday night at 7:30 for the purpose of discussing the question, "Should Texas increase the tax on her natural resources?" Anyone interested is invited to attend.

GEOLOGY CLUB
 There will be a meeting of the Geology Club Tuesday night at 7:45 in the Geology Building at which time Dr. Virgil E. Barnes of the Bureau of Economics Geology will speak on "Tektites." Be there!

SADDLE & SIRLOIN MEETING
 There will be a very important meeting of the Saddle and Sirloin Club Monday night, November 18, in the Animal Industries lecture room immediately after Yell practice. All members should try to be there.

COSMOPOLITAN CLUB
 The Cosmopolitan Club will meet in the Y.M.C.A. Parlor Sunday afternoon at 3 o'clock.

HILLEL CLUB
 Rabbi Robert I. Kahn, Associate Rabbi of Temple Beth Israel, Houston, will be the guest speaker at an open meeting of the Texas A. and M. Hillel Club on Sunday evening, November 17 at 7:30 at the Lounge Room of Sbia Hall. Rabbi Kahn will discuss the War and its aftermath. The meeting is open to the public and a cordial invitation is extended to all those interested. A business session at 7:00 p. m. for club members will precede the open meeting.

STUDENT WELFARE
 The monthly meeting of the Student Welfare Committee will be held in Sbia Parlor at 6:15 p. m., Wednesday, November 20.
 F. C. Bolton, Chairman
 Student Welfare Committee

AGRONOMY SOCIETY KEYS ARE HERE
 The Agronomy Society keys are now in the post office. It is absolutely necessary for those who have keys ordered to pay the remainder before November 18 as they will be sent back to the company if not paid out by then.
 Money may be paid to J. T. Anderson, room 218 dorm 3, or to Mrs. Johnson in the Agronomy office.

Classified

 Free buses to the Church leave both Y.M.C.A.'s and Project House Area at 9:20 every Sunday morning.

Food Lockers—

(Continued from Page 1)

in the patrons' lockers and are maintained at zero temperature.

According to C. E. Murphy, the training received from working in the locker plant, which is part of the new Animal Husbandry 431 course, should materially help those eleven students now enrolled in the class and those who are to follow in future semesters. He maintains that since the field of frozen foods is comparatively new that there are great opportunities for college trained men in the line. In fact reliable sources indicate that there are nearly 100 such plants in Texas and that this figure will probably be raised to over 625 in the next few years.

For the purpose of instruction the students do most of the work in the locker plant, but they are carefully supervised by Murphy and by W. W. Bailey who was brought to A. & M. specifically to help manage the plant.

In order to familiarize the students and the residents in this vicinity with the plant's method of operation an open house is being planned for the early part of next week.

Military Engineers—

(Continued from page 1)

engineers here in the worlds largest military school.

Much interest has been shown by the students in the Engineer Corps, in the organization. The primary object of the chapter is to foster a closer understanding among the Corps of Engineers and the people they will be associated with in later work. Any person taking advanced Engineer military science is eligible to become a member and is cordially invited to attend the next meeting.

Chapter officers chosen so far are: C. F. DeVilbiss, president; Les Appelt, senior vice-president; Paul Wright, treasurer; and J. F. Stephenson, secretary.

Ashburn—

(Continued from page 1)

most important states in the national defense program on account of its extensive coastline and the long international border on the south, has 6,375 miles of highways that have been designated by proper national defense agencies as strategic military highways.

While relating that highways, as the base of motor transportation, have revolutionized trade, commerce, industry and agriculture in Texas, and have contributed immeasurably to Texas' growth and prosperity, Governor O'Daniel's proclamation also added that:

"Recent surveys by cooperating state and federal agencies have disclosed that the state highway system is far from complete and that it would require an expendi-

Arkansas Stands One Up Over SMU In Count On Games

DALLAS, Nov. 15—The Southern Methodist University Mustangs will be out to even the records with the Razorbacks of the University of Arkansas when the two clubs tangle in Southwest Conference competition in Ownby Stadium Saturday.

In 15 previous meetings between Razorback and Pony aggregations the lads from Fayetteville claim a win margin of 7 to 6 over the Dallas athletes. Teams have tied on two occasions. Coach Matty Bell has seen his Mustangs go down before Arkansas three times in his five years at the head of Hill-top football.

Coach Bell has reminded his charges of the slump which followed their game with Texas A. and M. last season when the Razorbacks hopped on them in Arkansas, 14-0.

Rough work has been completed for the week. There were not any serious injuries following the hard battle with the Texas Aggies last Saturday, although End E. L. Keeton and halfback Johnnie Clement were considerably bruised.

Freshmen Game—

(Continued from Page 3)

DeArment stood out for A. & M. on defense in this period.

The third period found A. & M. kicking off to Rice and after several plays, A. & M. rushed Rice off their feet and Daniels raced 70 yards for a score that was called back. Later, Daniels passed to Hollis who fought his way to the Rice three. Andricks, wearing number 37, looking more and more like Kimbrough as the game progressed

ture of approximately \$385,000,000 to bring the Texas highway system to a standard regarded as modern in the light of existing traffic demands. There are 8,860 miles on the state system only partially improved, 5,600 miles in need of reconstruction, 4,836 miles of farm-to-market roads in need of construction, and additional designations pending before the Highway Commission totalling 3,116 miles. Safety on the highways has become a problem of increasing social and economic importance," it also was added. The building of safety features into the highway system has become a major item in highway needs.

The Texas Good Roads Association is urging observance of Texas highway Week in every county, city and town possible and is busy with plans for statewide celebration of the week, Datus E. Proper, executive vice-president of the Association, announced.

On Kyle Field—

(Continued from Page 3)

The feathered bayou boys could win today and then take the rest with a bit of lady luck, and they had this against "little" A. & I. They have everything to win and nothing to lose except the ball game.

Texas—Texas is just the last—Texas is just Texas in Austin.

The Roses smell sweet and Sugar a bit of energy but Stuffed Owls with a bit of tough streak for Longhorn hide is next on the menu.

Next Wednesday Coach Anderson will take his cross country runners back to Austin where they dropped their duo-meet with Texas

smashed around left end for the score, standing up. Conversion failed.

Late in the third, Whitworth pulled a Herb Smith and took the ball away from Roberts on Rice's 17 yard line. Woolverton rolled around right end to score from the three yard line. He then converted to make the score 26 to 7.

Aggie reserves came into the game frequently and proved that this year's Fish club is in the same class with the freshmen of 1937. The fourth period went off without a score and A. & M. roundly outplayed the Bayou City boys.

In Austin next Thursday, A. & M. tackles the Texas Shorthorns in Austin on the official Turkey Day throughout the nation. The old traditional Turkey Day game between the varsities of the two colleges will come one week later.

"Meeting Place For The Aggies"

this week for the Southwest Conference run.

Three schools, Texas, A. & M. and S. M. U. will enter the run and it is expected to finish in the named order.

Once again the cry goes up "Wait until next year," for the same team will return to become the threat of the conference.

Water will splash throughout the Christmas holidays again this year as the water polo and swimming team take their tour about the country. It is yet undecided as to what part of the country they will go, but hopes are that they will travel West to the Pacific Coast.

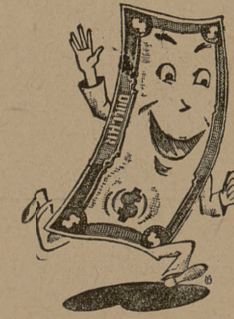

University of Detroit footballers scheduled games on both coasts—with Manhattan in New York and Gonzaga in Spokane, Washington.

Administration of justice is the oldest function of counties in New York State.

"Make This Christmas Cotton Christmas" is a slogan adopted by the National Cotton Council this year in its campaign to increase the consumption of American Cotton.
