

# Six Aggies Named In Battalion All-Southwest

Hartman, Whitlow, Simmington, Russell And Brumley Place

By Hub Johnson  
To the list of all-star teams goes the Battalion's today.

Six Aggies dominate the team, while three men from Rice, one from Baylor and one from Arkansas round out the eleven.

The backfield is filled with power. It boasts the leading passer of the league and the greatest back ever to come from these parts. Kimbrough and Brumley have all the drive any coach would want in his backfield. Thomason has led the way to many touchdowns and large gains. Pugh has passed the Aggies on when the ground attack failed to gain with ease. He has called game after game without error. For the punting he would probably have to rely on Thomason.

Layden, Conatser, Johnston, and Bruley were all in the class from which to pick the fourth player. Saturday Johnston took the back seat, while the Rice star carried on, even though the Ponies claimed the game. Conatser with his punting and great running pushed the

Owl gridded hard but evened up with Layden for the second berth. The line has on its ends one junior and one sophomore. Sterling from the Aggies has proven his worth on defensive play as well as on the offense while Russell of the Bears takes over the other post.

Pannell and Hartman take the tackle posts with records that tend to crowd that of Joe Boyds'. Robnett was an undisputed holder of one of the guard posts. The other was to be taken by Bassett of the Owls, Henke of the Ags, Sherrod of T.C.U., or Simmington of the Razorbacks. Due to Simington's skill in place kicking and his bolstering of the Hog's line, he takes the post.

Due to his skill in place kicking as shown especially in the Mississippi game and his part in bolstering the Hog's line, Simington takes the post. Rice Institute's Whitlow gets the center post due to the letdown in Nelson's play and his transfer to tackle for the one game. Pope of S.M.U. and Vaughn of the Aggies were also considered for the spot but failed to show up as did the Rice line star.

The second and third teams are

standard. In 1933 newspapermen became interested in this hobby, and Williamson's statistics were published locally in New Orleans, later taken up for syndication by United Feature Syndicate.

Williamson was one of the original group who formed the New Orleans Midwinter Sports Association, sponsors of the annual Sugar Bowl game. He is still an official of that organization.

The football expert is married and has three children. Besides predicting football games, his profession is that of oil engineer and geologist, stationed in New Orleans, where he is famous for discovering oil-bearing deposits in Louisiana.

The Michigan Wolverine, with 950 members, is said to be the largest student cooperative in the world.

#### Water Polo Hits Slump as Basketball Passes from Intramural Game Picture

By Bob Myers  
Water polo is coming up to take the place of basketball but isn't being received with quite as much enthusiasm, judging from the number of recent forfeits in that particular sport. It only takes six men to play a game and the water isn't too cold so come on down and see what the swimming pool looks like in the winter.

Rifle competition started last Monday and will continue until the Christmas holidays. Take advantage of the off periods and get your targets shot before the last minute rush.

strong and could readily represent the section in hard fought duels.

Conatser, Johnston, Layden, and Wilson are four backs hard to top in any one section of the country.

B Engineers  
A Coast Artillery  
B Cavalry (2)  
C Engineers

Handball finalists are coming in to the home stretch and the college champions should be known before the holidays.

In an eighth final game F Field Artillery took another step toward the finals when Boyd, Patterson, Bailey, and Hutchens made the ball bounce in their favor to take the 5th Corps Headquarter Cooper, Conway, and Davis combined for 5 CHQ's singleton.

B Signal Corps evidently doesn't intend to be "knocked off" in order to let last year's football champions repeat and turned back F Engineers 6-0 to prove it. The game was close though, with penetrations tied at one 40 and one 20 each. Their game with H Field Artillery will tell whether or not they go into the playoff.

A Engineers cashed in on a 40 yard pass to gather in six points that matched D Cavalry's six and came from behind to take the game on penetrations. D Troop set up their counter on a blocked kick that was recovered, recovering on the 2 yard line. A pass, Callahan to Ellis paid off. Both conversions failed.

Darnell, Gous, Jackson, and Bemish won a 2-0 tennis match for A Signal Corps when they outplayed the bunch from E Engineers.

2-1 match ended in favor of G Coast Artillery when Keese, McKemie, Tillery, and Guill got hot and took two games. Seigel and Harrison cashed in for the Sigs.

Teams from Machine Gun Cavalry and E Field outplashed the Headquarters Signal Corps and I Field Artillery by scores of 2-0 and 4-0 respectively when they took to the cool water of Downs Natatorium in opening water polo games.

E Infantry played heads up football and won over 3rd Corps Headquarters 9-6 by taking full advantage of every opportunity. Their nine points resulted from a touchdown, conversion, and a safety.

Rare books from a private collection in Cambridge, England, have been added to the library of the Texas College for Women.
