

Official Notices

SCHEDULE OF EVENTS:
 Jan. 17—Entomology Club Benefit Show—Assembly Hall.
 Jan. 20, 21, and 22—Dairy Husbandry Short Course.
 Jan. 24—Fish and Game Club Benefit Shows—Assembly Hall—8:15 and 6:30 p.m.

C. E. 3068 EXAMINATION
 Students who have secured permission through petition are hereby notified that the examination for credit in C E 3068 (summer practice) will be given on Saturday afternoon, January 18, 1941.
 J. T. L. McNEW, Head,
 Department of Civil Engineering

FRESHMAN JUDGING CONTEST
 The annual Freshman Judging Contest, sponsored by the Block and Bridge Club, will be held in the A.H. Pavilion on Saturday, January 18, 1941 at 8:00 a.m. All Freshmen enrolled in A.E. 107 the present semester and those students who took A.H. 107 last semester and who have had no additional judging work are eligible to compete in this contest. Excused absences for Saturday classes will be granted those student participating in the contest.

COTTON CONTEST
 The first of the A. & M. Cotton Contest examinations, according to tentative dates set by Prof. J. S. Mogford of the Agronomy department, will be held Friday night, January 17, on Cotton Production. Other exams of the contest which will be held during the coming months are as follows: January 24, Botany of the Cotton Plant; February 2, Cotton Insects; March 7, Cotton Machinery; March 14,

Cotton Diseases; March 21, Cotton Textiles; April 4, Cotton Marketing; April 15, Cotton Genetics; the last exam on Cotton Grading and Stapling will be held on some bright afternoon in the latter part of April, depending on the weather. The three high men of the contest will be given travelling fellowships for foreign cotton study. In all probability to various countries of South America. Any student desiring to take the examination should see Prof. Mogford at once.

CIVIL SERVICE EXAMS
 The examinations listed below have been announced by the Civil Service Commission. It is hoped that every engineering student who finds it possible to do so will make application. The examination announcements and application blanks are available at the U. S. Post Office South Station.
 Junior Professional Assistant, \$2,000.00 a year. Applications must be on file with the Civil Service Commission by January 20, 1941.
 Student Aid, \$1,440.00 a year. Applications must be on file with the Civil Service Commission by January 20, 1941.
 Junior Engineer, \$2,000.00 a year. Optional branches: (1) Aeronautical and (2) Naval Architecture and Marine Engineering. Applications must be in by June 30, 1941.

Gibb Gilchrist
 Dean of Engineering

SECRETARY CIVIL SERVICE
 George O. Buchhalt is now secretary of the Civil Service Board and can be reached at the station. Telephone No. is 4-1137. Mr. Buchhalt is posted at the main office and station.

CANDY CONCESSION AGENTS
 An important meeting of all those acting as agents for the Student Candy concession will be held in the YMCA Chapel Thursday at 7:15 p.m. Please be there.
 Wendell B. Horsley, Chairman
 Student Labor Committee

U. S. Naval Reserve
 We have a pamphlet of information for persons desiring appointments as officers, cadets or enlistments in the United States Naval Reserve. There is too much of the information to print in "The Battalion", but we shall be glad to make it available in this office for any students who may be interested.
 Gibb Gilchrist
 Dean of Engineering

APPLICANTS FOR CAA PRIMARY TRAINING
 Applicants whose names are listed below are requested to report to the Aeronautical Engineering Department on the afternoons of Thursday, January 16, Friday, January 17, and Saturday, January 18, for first interview.
 Ball, John
 Bradshaw, Thomas Eugene
 Brundrett, Warner Morris
 Carroll, Alton Jackson
 Dickerson, William Francis
 Dixon, Jack Harold
 Doid, Carlos Lester
 Dollison, Charles Herman
 Eckert, Roy Frederick
 Everett, J. LeRoy Branch
 Florey, James Robert
 Fowler, Butler Bailey, Jr.
 Gibson, Fred Amos
 Grobe, Roy Ben
 Hamilton, Curtis Orville
 Hill, Richard Gordon
 Hooten, Morris Edgar
 Kline, Vann Allen
 Lahn, Thomas Edwin
 Link, John Bernard
 Martin, Oscar M.
 McCall, Maurice Woulfe
 Meek, Robert Lee, Jr.
 Nelson, Lewis Jackson
 Neugebauer, Eugene Paul
 Ross, Fred Raymond
 Rutherford, William Medford
 Siegel, Gordon I.
 Towns, James Philip
 Van Orden, Dick
 Waddell, Thomas Corvin
 Warner, James Madison

CIVIL SERVICE
 Dr. John E. Donovan, representative of the United States Civil Service Commission, is expected Saturday afternoon. His visit is in connection with the examinations to be given with reference to the National Defense Program. We shall not know Dr. Donovan's program until he arrives or wires us again. Saturday at noon an announcement will be made in each dining hall and a notice will be placed on the School of Engineering bulletin board in the Academic Building with reference to his visit.

GIBB GILCHRIST
 Dean of Engineering

CONFLICT EXAMINATIONS
 On bulletin boards 11 and 12 on the first floor of the Academic Building may be found a copy of the conflict examination schedule.
 H. L. HEATON
 Asst. Registrar

CLASSIFICATION CHANGES
 Any student who expects a change in classification for the second semester should have his name at the Registrar's Office now.
 H. L. HEATON,
 Asst. Registrar

LANDSCAPE CLUB
 There will be a very important meeting of the Landscape Art Club in the Landscape Drafting Room Thursday night at 7:30. All members are urged to be present.

APPLICATION PHOTOGRAPHS
 Application size photographs which accompanied personnel leaflets are ready for the following seniors. Please call for these at Room 138, Administration Building, at your earliest convenience.
 Brimberry, Will O.
 DeArmond, Geo. W., Jr.
 Hensley, Harold S.
 Higgins, Walter S., Jr.
 Johnson, L. H.
 Smith, Tracy E.
 Sweeney, R. L., Jr.
 LUCIEN M. MORGAN, Director
 Placement Bureau

PERSONNEL LEAFLETS
 Printed personnel leaflets are ready for the following seniors. Please call for these at Room 138, Administration Building, at your earliest convenience.
 Atkins, J. M.
 Brounes, Pincus
 Callham, M. R.
 DeArmond, Geo. W., Jr.
 Drumwright, H. E.
 Hensley, Harold S.
 Hoar, C. E.
 Johnson, L. H.
 Provost, F. E.
 Rahn, L. W.
 Riggs, E. B.
 Robinson, J. H.
 Scott, James A.
 Shelton, J. H.
 Sikes, R. E.
 Sweeney, R. L., Jr.
 Vivian, E. A.
 Warnke, H. F.
 Wenzell, Paul R.
 Williams, C. B., Jr.
 Willrick, L. H.
 Wittie, L. D.
 LUCIEN M. MORGAN, Director
 Placement Bureau

NOTICE
 Students who have gotten forms for Student Loan applications should turn them in at once. Friday, January 24 will be the last day on which applications can be accepted.
 ASSOCIATION OF FORMER STUDENTS

A. I. E. E.
 There will be a meeting of the A.I.E.E. tonight at 7:00 o'clock in the lecture room of the E.E. Building. Mr. V. O. Johnson of the E.E. Dept. will speak on "Wave Analysis". Everyone is urged to attend.

ECONOMICS CLUB
 A group picture of all members of the Economics Club will be made at 12:45 Friday on the steps of the old YMCA building. Seniors will wear boots and serge shirts.

Film Club

(Continued from Page 1)

movies of other countries and as good shows. Although the language of the native country is spoken on the sound track of the film, an English translation of the dialogue is printed at the bottom of the pictures.

Tickets to the entire series of six films may be obtained at the box office of the Campus Theater for \$1.00 tonight by non-members of the club who wish to witness all the showings. Students who wish

BIOLOGY CLUB MEETING
 All members of the Biology Club are urged to be present Thursday, January 16, 7:15 p. m., at the Lecture room of the Science Hall. The meeting is a business meeting of great importance. Any students who would like to join the Biology Club are welcomed. Refreshments and cigars will be served.

NOTICE AGRICULTURAL ENGINEERS
 The Student Branch of the Agricultural Engineering Society will meet Thursday night, January 16th at 7:00 o'clock in the Agricultural Engineering Lecture Room. Mr. F. C. Knight of Massey-Harris Company will speak. All Agricultural Engineering students are urged to attend.

EX-4-H CLUB
 There will be a special meeting of the Ex-4-H Club tonight at 7:00 o'clock in room 131, A. & L. Building. Officers for next term will be elected. Also a date for the T. S. C. W. dance will be set.
 It is urged that all who can be present and bring their dues.

FELLOWSHIP LUNCHEON TABLES FOR LADIES: At the Fellowship luncheon this Thursday noon—but newly-weds may still sit together if they behave.
PAN, MANTEQUILLA, CAFE Y NATA: will be familiar sounds at the Spanish table during the Fellowship Luncheon each week.
ROY L. DONAHUE, Chairman
 Fellowship Luncheon

AZTECA CLUB
 The Azteca Club will hold a very important meeting Friday night at 7:30 in Room 217, Academic Building. Important that all members be present.

GALVESTON A. & M. CLUB
 The Galveston Club will meet at 5:00 o'clock Thursday on the Y steps. A. H. Amundson.

to attend single performances of any of the productions may do so by purchasing a regular ticket for that production for 20¢ at the box office. Inside the theater part of the center section will be reserved for the holders of the \$1 tickets. The remainder of the house will be sold for individual attendances.

The star of "Strange Life" is Elizabeth Bergner, an actress well known in England and recognized in this country as an excellent dramatic actress. She plays a double role as each of the two twin sisters who are in love with the same man. The film is described by distributors as being a good example of a British production although it may seem to go a little slow to American audiences.

An American documentary film, "The City", will also be shown as part of the program. This film was shown at the New York World's Fair during the past two years. It runs for approximately 30 minutes.

The other five selected foreign films include three French productions, one Mexican, and another British one. They are to be shown on alternate Thursday nights at the Campus theater for the next two weeks.

Civilian Defense

(Continued from Page 1)

al Defense appointed last summer by President Roosevelt. Other members of the committee include A. A. Potter, chairman, Purdue University; Dr. F. L. Bishop, University of Pittsburgh; R. E. Doherty, president of Carnegie Tech; H. P. Hammond, Penn State; W. O. Hotchkiss, president of Rensselaer Polytechnic Institute; Dr. R. S. McBride, Washington, D. C.; Thorndike Saville, New York University; C. C. Williams, president of Lehigh University; B. M. Woods, University of California; and Allen W. Horton Jr., Washington, D. C.

Gilchrist will go to Washington Feb. 8 at which time the committee will meet with Seaton to complete plans for the training program which will gradually extend to most of the nation's major institutions of higher learning.

Although A. & M.'s part in the civilian training program is expected to be more inclusive than those of other colleges of the southwest, Rice Institute, S.M.U., and Texas University will also have a part in the training.

Three days previous to Gilchrist's announcement, Lt. Col. James A. Watson, A. & M. commandant, announced that the War Dept. had authorized 100 addition-

al advanced Reserve Officers Training Corps contracts. The communication received by Col. Watson said, in part, "These additional contracts are being granted Texas A. & M. because of the exceptional circumstances and facilities existing there for the training of officers."

The additional hundred contracts gives the college 1051 men who will become second lieutenants in the Officers Reserve Corps within 18 months.

"The War Dept. has told us that we have an opportunity and a responsibility here which will enable us to do this work (the training of officers) better than at any other institution in the nation," Col. Watson said.

"In this connection," he added, "we are doing everything in our power to adequately train our cadets as officers. In only a few months they may be in active command of troops—either in combat or in training—and our principal aim is to instill into these men a sense of military character before that time."

Iranian Student

(Continued from Page 1)

The American legation in London was responsible for Mehdi's choice of A. & M. from among the nation's colleges. Then too, the Texas climate and its similarity to that of Iran had a great deal to do with his decision.

In mixed-up sentences, Mehdi explained that he arrived at A. & M. early in Oct., 1939; has been here ever since; writes to his parents every other month; and hears from the "girl back home" about once a week.

Incidentally, Mehdi has done an all-the-way job of picking up American slang. "Guy," "big shot," "babe," and half a dozen others are as much a part of his English vernacular as that of a Times Square policeman.

Mehdi was a little reluctant to say anything about the war situation. "I am different from you," he said. "You can say anything you want—I cannot." However, he seemed to feel that in the event Iran should enter the war it would enter on the side of the allies.

Only the fact that his father ranks high in Iran's governmental circles allows Mehdi to study abroad. The Iranian government is strongly opposed to having its citizens gain their higher education in other nations. To enforce this, the government has made it almost impossible for Iranians to take or send money out of the nation.

through its iron-hand control of the exchange. "Iran wants its students to support their own universities," Mehdi pointed out, "and only the fact that I already had funds in the U. S. made it possible for me to come here in the first place."

His opinions of America are almost unique. "When I was in Iran and other parts of Europe," he said, "I never thought of America as I think of it today.

"We in Iran think of America as a place where people are only interested in money. Put the water in a bottle and sell it for a VERY HIGH price. Money, money, money—only that do we think that Americans are interested in.

"That is as far as your people are concerned. As for the place itself, we think of it as one big slot machine—everything mechanized. Texas we think of as a wild place where cowboys (Iranians know well of Texas and its cowboys) are always shooting people.

"In reality, however, I find the country much different. Things here are actually slower than even in England. People seem to spend more of their time in cultural and pleasure-making enterprises. And health, too, seems to be greatly stressed here. However, as I had expected, you Americans are very money conscious.

"I like Texas better than anywhere else in the world except Iran. It is so easy to make friends here—a truly wonderful place. "The only thing I do not like about this country is the fact that you seem to live in cars. Not so

Local Chapter of American Chemical Society Meets Today

(Continued from Page 1)

College Station, Jan. 14.—The Texas A. & M. section of the American Chemical Society will hold its eleventh meeting in the chemistry building lecture room, Thursday, Jan. 16 with Dr. William Lloyd Evans, president of the society and head of the chemistry department at Ohio State University, Columbus, Ohio, the speaker of the evening.

Other speakers who will be on future programs include: D. B. Keys, head of the division of chemical engineering, University of Illinois, Urbana, Ill., Tuesday, March 4; and Dr. H. E. Bent, dean, Graduate School, University of Missouri, Columbia, Mo., April 23.

in France and elsewhere. There, people go to cafes and other places where many people will congregate to study people, to see how they dress and to listen to music. Here in America you go to a drug store, drive up outside in an automobile, honk your horn and, presto! You are waited on. Truly, you Americans are a race of people who seem to live in your automobiles."
