Legal Notice

ORDINANCE REGULATING CONNECTIONS TO THE SEWER SYSTEM Be it ordained by the City Council of the City of College Station, Texas: Section 1. Every owner of a building or part thereof occupied by people for any purpose, any part of the day or night, situated on any city block in the city, where a public sewer is laid and maintained within 150 feet from the nearest lot line on which said building is located is required to install within said building or part of building a water closet

et or water closets and have them connected to the sewer. Owners of building coming within the terms of this ordinance and located on acreage tracts shall be required to install a water closet or water closets and connect same to the sewer if the said building at its nearest point is within 250 feet from the sewer. Said water closets shall, when required, discharge into a septic tank which shall in turn discharge into the sewer.

Section 2. All workmanship and materials used in installing water closets required under this ordinance shall comply with the requirements of the City Plumbing Ordinance.

Section 3. Written notice shall be given by the plumbing inspector to property owners violating Section 1 of this ordinance, said notice to inform the property owner that the water closet shall be installed and sewer connection made not later than sixty days after date of the notice.

Section 4. Contractors and others who employ workmen outside of buildings shall provide water closet facilities acceptable to the plumbing inspector, within twenty-four hours of time of notice of such requirement. Said facilities shall be maintained in sanitary condition.

Section 5. Any person, firm, or corporation who shall fail to comply with, or shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding fifty dollars (\$50.00) for each offense, and any day that any person, firm, or corporation shall maintain a condition that is in violation of any provision of this ordinance shall be deemed a separate offense.

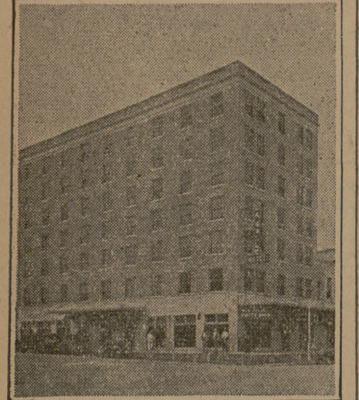

Section 6. It shall be the duty of the plumbing inspector to file complaints in the city court against all violators of this ordinance as the expiration of periods set forth in the notices mentioned in Sections 3 and 4.

The SMOKE of Slower-Burning Camels gives you EXTRA MILDNESS, EXTRA COOLNESS, EXTRA FLAVOR and 28% LESS NICOTINE than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself FIVE of the largest-selling cigarettes were tested and compared by scientific analysis of the smoke itself... and the brand that smoked with less nicotine was the brand that burned slowest—Camel! Yes, Camel's costlier tobaccos are slower-burning... for more flavor, more coolness, more mildness... and less nicotine in the smoke. 28% less nicotine than the average of the 4 other brands tested. Try Camels. You'll know they're slower-burning. You'll know by the assurance of modern science that in Camel's milder, more flavorful smoke you're getting an extra margin of freedom from nicotine. And extra smoking, too (see right). BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to 5 EXTRA SMOKES PER PACK! CAMEL THE SLOWER-BURNING CIGARETTE
