It is a known fact that the Bears are the most in and out team that has hit this conference in many years. Their performance against the Aggie team earlier in the season lost them plenty of prestige, but their turnabout in thumping the Texas Longhorns twice caused the sports experts to lift their eves

Why students squirm in classrooms:

. Because the lecture is dull.

2. Because they're going to be called on.

3. Because they're wearing uncomfortable underwear.

We can only cure the third case! We suggest that you stock up on the world's most comfortable shorts: Arrow Shorts. They have the patented seamless crotch, they have roomy seats, they never shrink out of perfect fit. What's more they have grippers instead of buttons-nothing to sew back on!
