## Town Hall—

outbreak of applause that has in previous years always accompanied the presentation of a favorite number seems to spur the musicians on to far greater heights.  
In commenting on a recent concert by the Houston Symphony a music critic of a Houston paper had this to say. "The orchestra showed exceptional fire and a brilliance of attack that produced stirring effects; it was resilient, assured, and responsive to Hoffmann's every demand; it sustained for the evening a gratifying and civilized balance of tone, and in short distinguished itself as a well poised and mature symphony organization. The results was a demonstration of music that proved exciting and thoroughly satisfying, and it drew from the vast audience some of the finest salutes that have ever been offered the orchestra. Tonally the orchestra was at something close to the finest level it has ever yet attained. It was indeed a magnificent performance and one that Houston music lovers will long remember."  
The 77 musicians of the Houston Symphony Orchestra are a very versatile group. Besides being top ranking musicians, they are an intensely sports loving crowd, with football, baseball, fishing and swimming their chief outside interest. Fishing is probably sport number one, the nearness of Houston to the gulf accounting for that.  
Boston born Ernst Hoffman is an accomplished tennis player. Though physically slight, he is formidable with a tennis racket and gives burly opponents many a surprise drubbing. While at Harvard he was one of the school's best tennis players.  
It was announced by Paul Haines, student Town Hall manager, that there will be no increase in Town Hall prices for those who do not have reserve seat tickets. Tickets may be secured at the ticket office at Guion Hall starting at 6:30 Thursday evening with the cost of \$1.00 for adults and 50¢ for students.

and staff may have ample warning of the cancelling of the summer vacation.  
6. These accelerated courses should be operated as part of the Engineering Defense Training Program conducted under the auspices of the U. S. Office of Education.  
7. The government should make provision for loans, not to exceed \$50 for students requiring financial aid. The need of this aid arises from the fact that the students enrolled in the accelerated programs will be deprived of their opportunities for customary summer employment.  
It was also recognized that R.O. T.C. students must defer summer military training until after graduation.  
The application of such a program for the present sophomore class was deemed inadvisable, and the general opinion indicated that no action would be taken to institute a three-year course of study.  
Princeton's Theological seminary opened its 129th year with an enrollment of more than 220.  
Dr. Otto Loewi, co-winner of the 1936 Nobel prize in medicine, has joined the staff of the New York University college of medicine.

## Next "Engineer" to Have Defense Theme

"The Engineer," monthly magazine published by the students of the college, will be ready for distribution the latter part of this week.  
The magazine this month is based on national defense with an article entitled "Defense Housing" by S. B. Zisman of the Architecture Department, and "This is W-T-A-W" by R. L. Tosch, '39, W-T-A-W technician. Also there are several short articles on national defense as well as several campus illustrations on the part of A. & M. college in the program.  
Registration at Kent State University (Ohio) hit 2,536 to break all records.  
Pennsylvania has more colleges and churches than any other state.

day night at the Municipal Auditorium before an audience of 15,000 attending the Teachers' convention there.  
Novelty numbers in the Latin-American manner were presented during the concerts to Xavier Fernandez, Miguel Soto, Gabe Fajardo and Gustavo Carson. The numbers included La Paloma, La Cucaracha, Rancho Grande, and other native songs.  
On octet composed of Ed Bush, L. C. Salm, Pete Adams, Lloyd Bailey, Reynolds Smith, Gib Michalk, Bernard Martin and J. O. Bartlett was a featured part of the program. They sang "Kentucky Babe," and a medley of "In the Evening by the Moonlight," "Can't Go to Heaven," and "Dice Song."  
Tentative plans are being made by the Singing Cadets to make a tour of North Texas in the first part of April to include Dallas, Fort Worth and Denton.  
As a Town Hall presentation, the Singing Cadets will give a Gilbert and Sullivan operetta, Trial by Jury, on April 4. Also included on the program will be a number of the numbers used on the recent concert tour. Arrangements are being made to have the Modern Choir from T.S.C.W. appear on the program with the Singing Cadets.
