### 1942 Cage Team to be Built Around Five Lettermen and Six Numeralmen

Coach Hub McQuillan will have five returning lettermen next year around which to build his team for yesterday the Athletic Council awarded nine letters to the varsity team and six numeralmen to the first year squad.

Captain Bill Dawson was awarded his third letter as was J. T. Lang and Harold Duncan. Other letters went to Charlie Stevenson, Sammie Dwyer, Bill Henderson, R. B. Bayer, Ray Jarrett, and Fred Nabors.

Mike Cokinos lacked little more than a game's time to letter since he was ineligible until mid-term.

Freshman numeralmen were awarded Jamie Dawson (little ? dog), A. M. Ebde, T. S. Parker, J. G. Robinson, C. L. Sterling and D. L. Walker.

A word for help was sent out by the fencing team last week. The

other minors sports teams of the college are on the "go" but the swordsmen lack the proper instruction and guidance of a coach.

They have a sponsor, the equipment and the man power but lack coaching. If you think that in any way you might fit in the picture, drop a line to team captain Tom Akarman, Dean Kyle, sponsor Lieutenant Sorrey or this desk.

Tomorrow night the Texas University will be out after its tenth straight title.

The preliminaries start at 7:30 with the finals scheduled for Saturday.

It was a good bit of prediction two years ago when a Boston College football program carried the statement, "We're going places."

It was the first game under Coach Frank Leahy and the pub-

### Thinly Clads To San Marcos For Meet Saturday

Jumpers and Vaulters Must Fill Gap Left By Loss of 4 Team Members

Climbing a rung higher each meet, the Aggie thinly clads travel to San Marcos Saturday for a dual meet with the San Marcos Teachers College.

Finishing a low fourth in the Border Olympic and claiming few points in the invitation meet in San Antonio, last week they finished close behind the University of Texas in Fort Worth.

The cadets and teachers met here last week in a four-way meet with Sam Houston and Abilene runners being the other half. Four points were all that gave the Aggies the win over the San Marcos team crowding the track and field for second place.

Captain Ed Dreiss led the winner list, claiming first places in the hurdles with Jim Thomason taking the shot put and Jude Smith the javelin throw. The cadet 440-yard relay team ran composed of Dreiss, Roy Bueck, Bob Kissinger and Red Cecil also proved the best.

Graduation took Smith and Dreiss and unforeseen circumstances caused Cecil to drop out. Bob Kissinger left school for Randolph.

Coach Dough Rollins is now faced with the question as to whether or not his high jumpers and pole vaulters can fill the gap.

Bueck will be the favorite in the two hurdle events. In the 440-yd run "Frog" Johnston will wear the Aggie colors. Derace Moser and Earl Smith will run the 100-yd dash with Smith returning for the 220-yd event.

Albert Ricks will pole vault and high jump for the Aggies with Pete Watkins also in the high jump as well as the 220-yd low hurdles. Ralph Henderson will run the half mile. Felix Bueck and Pete Henry will toss the discuss for the cadets.

Other meets to follow are—March 29 Texas, Abilene Christian and A. & M. here.

April 1 Rice Institute at Houston

April 5 Texas Relays in Austin

April 19 S.M.U., T.C.U., Baylor and A. & M. in Waco.

April 26 Drake Relays, Des Moines, Iowa.

May 2 Little Conference (Rice, Texas, A. & M.) here

May 9-10 Southwest Conference Meet in Austin.

lication carried praises on the new leader by Elmer Layden.

That year Boston College went to the Cotton Bowl. Last year they won honors for the Sugar Bowl, and now the entire coaching staff has gone to Notre Dame.

Sure enough—they "went places!"

## "Smoke" Prowell, Wrestling Referee, Is An Ump Who Needs No Seeing-Eye Dog

By Bob Myers

Unheralded and unsung hero of the past wrestling season is Eddie (Smoke) Prowell, third man on the mat, who called them all just as he saw them and had no complaints.

More will probably be seen of him at the current boxing matches along with Jimmy Davis and Mr. Penberthy.

Several leather jackets have been left in the gym and on various athletic fields along with a pair of pants that some one walked off without. It's mighty cold weather to be going around without a jacket—All of the above articles may be claimed at the Intramural office.

D Coast Artillery

Class B Handballers from D Infantry, D Engineers, I Infantry, each pulled in a 2-1 game by out-playing G Coast Artillery, Machine Gun Cavalry, and F Coast Artillery respectively.

On the Volleyball court, B Field Artillery played I Infantry two decisive matches to come away with an easy 2-0 game. The first match was won 15-4 but the Infantrymen came back fighting in the second one and lost it only by the close score of 15-13.

Freshmen water poloists from C Cavalry and D Field Artillery played to a 1-1 deadlock, each team being unable to penetrate the others' defense for an additional point that would have meant a win.

Three one-sided Volleyball games saw the same number of 2-0 scores when B Chemical Warfare, E Coast Artillery, and D Engineers gained easy wins over A Coast Artillery, C Engineers and L Infantry respectively.

### Courses Offered To Train Seniors As Athletic Officers

Training of seniors to be possible athletic officers in the military unit to which they are assigned is to be the subject of an instructional course to be offered by the athletic department here, W. L. Penberthy, head of the department of physical education, announced.

Students interested in entering such a course will meet Penberthy in the chapel of the YMCA at 5 o'clock this afternoon.

The services and equipment of the physical education department have been offered for such a course to fit both military and now non-military students to discharge to duties of athletic officers in military units to which they may be assigned. The course is to be taken voluntarily and will consist of about eight lectures on sports administrative duties.

### Hauser, Richards Pace Golf Team Through Fort Worth Meet; Rice Match Next Exhibition

By Mike Haikin

The Aggie golf team, after gaining fourth place at the Fort Worth Exposition, will mark time until March 28 when they go to

Houston to meet Rice Institute in a featured match.

Loss of Bill McMahon, ace golfer, has somewhat darkened the team's championship aspirations this year, but addition of six or seven recruits and the return of lettermen Henry "Beartracks" Hauser and Henry "Slick" Richards gives Coach Frank Anderson something to work on.

Championship hopes rest entirely on the shoulders of Hauser and Richards. Both of them came through in fine style at the Fort Worth meet last week, but the team, as a whole wound up in fourth place. Hauser won the second place in individual scoring, with a low 76, while Richards won the runnerup spot in the putting and approaching match. Kelley and Warren were the other Aggies who participated in the meet.

Although the team has lost a few lettermen, the new additions may prove to be just the stimulant Coach Anderson needs. Some twenty eager candidates applied for membership to the team. Of these, only eight were eligible for membership in the Country Club. Those who did not accomplish their end still can practice at the club, but they will be assessed a fee of 25 cents for each match. The eight members, then, play a match against each other, and the lowest four are chosen for each contest the cadets play.

The Aggie schedule includes five conference teams and two other teams, probably Texas Wesleyan and Texas Tech or North Texas State Teachers College. However, those matches are only preliminary attractions to the big con-

ference meet held at Austin in conjunction with the track meet which will come off May 9 and 10.

Members making up the golf squad, besides Hauser and Richards, include Andy Kelley, Bob Warren, Robin Rominger, Tom Harrison, Jud Womble, and John Roberts. Of these, Roberts is the only sophomore.

### Swimmers Must Outpaddle TU to Annex Conference

Adamson Pessimistic Of Chances to Break Texas 10-Win Streak

Art Adamson, Aggie swimming coach, and a fourteen man team will leave Aggieland tomorrow noon for the "Forty Acres" to participate in the Southwest Conference Swimming meet.

Four other teams will be in Austin for the occasion, one of which will represent Texas Christian University. This is the first year in Conference History that the Frogs have entered a team. The other three teams are Baylor, Southern Methodist University, and the University of Texas.

The Longhorns are angling for their tenth consecutive win and the statistics book gives a strong indication of their continuing such a course. A. & M. is the only team that would have a chance to win over them and Adamson has been unable to figure out a way to gather in the few fourth and fifth place points that will be the decid-

ing factors after the championships have been settled.

Preliminaries are scheduled for Friday night and the finals are to be held Saturday night.

Taylor and Hensley will be the Aggies' threats in the free style events. Hensley holds both the 50 yd and the 100 yd championships and Taylor is slated to unseat Beeler, Texas, from his 220 yd. and 440 yd. throne.

This is the first year in the last ten that the Longhorns have had any competition at all in the final meet and will consequently make this one the hardest fought event of the swimming seasons for the past decade.

"Joe took father's shoe bench out... She was waiting at my lawn... bench out at my lawn... Joe took..."  
Final Exam for telephones  
THIS electrical "mouth" at Bell Telephone Laboratories is putting a new telephone to one of its final tests. Over and over, it can repeat these odd sentences without the slightest variation. They contain all the fundamental sounds that contribute to the loudness of sound in our speech. This mouth can also make tests with simple tones of known pitch and intensity. At the same time other telephones are being steamed, baked, frozen, lifted and dropped into their cradles by tireless machines. All this is part of a carefully planned curriculum that makes every piece of telephone equipment prove it is capable of giving you the best possible service—under any and all conditions.
