

ON KYLE FIELD

Running neck and neck with Owens of Howard Payne and Wright of Ohio State, Roy Bueck on the eighth hurdle hit the cinders and lost out in the final running of the 120-yard hurdles at the Drake Relays. Bueck carries a lot of speed and drive in the last few yards and according to Coach Dough Rollins had the race pretty well in hand Saturday before he fell.

Rain again stopped the Aggie ball club from taking their crack at the Texas Longhorns. The conference is going to see a lot of double headers around the close of the season if this weather keeps up.

Another solution to the problem of back games might be as the Daily Texan carries it. Sunday's University paper carried a six column banner stating, "Texas-Aggie Game Reset for May 10" Funny thing, on the tenth Marty's gang face the S. M. U. Mustangs in Dallas. I guess it will be the second string the "Forty Acre" boys want over that day.

The official date of the reset game, as stated in the body of the story of that same paper, is May 12.

Aggie Track Stars Place in Drake Relay Events

Sophomores Ricks And Watkins Keep A&M In Win Column at Meet

Albert Ricks and Pete Watkins, the two topmost sophomore stars of the Aggie track team placed in the Drake Relays last Saturday, each winning a niche in an individual event to keep Texas A. & M.'s name in the win column.

Trying to crack the oldest record on the Drake relay books—the six feet six inch mark set way back in 1922 by Harold Osborne, ace high jumper from Illinois, Watkins and Ricks, along with Dub Walters of Baylor, were among the eight men tying for third place. The best height made in this event was six feet four inches by Boydston of Oklahoma A. & M. and O'Rourke of Notre Dame.

Vying for honors in this sprint meet, runners from Texas and from the Midwest split the awards as the relays came to a close Saturday.

In the 120 yard high hurdles, Roy Bueck was one of the three leaders but fell at the eighth hurdle, leaving A. & M. entirely out of the event.

Relay Team Fourth

Spikemen from Texas were particularly outstanding with Carleton Terry of the University taking first honors in the 100-yard

While the center of attraction in the track and field play was centered at the Drake Relays, out on the West Coast this weekend a new world's high jump record was set at six feet 10 and 25-32 inches.

Les Steers of the University of Oregon is the record man, jumping a height which is some five inches over Dog Dawson's head.

The highest recognized record is shared by Cornelius Johnson of Compton Junior College and Dave Albritton of Ohio State, set at the 1936 Olympic trials, at 6 feet 9 and 3-4 inches.

Steers' jump was against the University of Washington, the Pacific Coast team the Aggie grid team faces next year.

Holder of Six World Records Will Teach Riflemanship

Thurman Randall, director of the National Rifle Association and holder of six world records in rifle marksmanship, will make his initial appearance on the campus today to hold classes in rifle instructorship.

He will conduct his classes through May 1.

Any Aggie interested in receiving this expert instruction should contact J. W. Potts of the extension service as soon as possible. A fee of 75 cents will be charged each individual in order to cover ammunition and target expenses.

Lee Braun of Austin and Willett Kuhn of Bridgeport, Connecticut and both expert marksmen, will assist Randall in his classes.

These classes are designed to instruct cadets in the art of rifle instructorship. They will be held twice a day—one from 8 to 10 o'clock in the morning, and the other from 3 to 5 in the afternoon. Randall will use the rifle range for his classes.

Golf Team Back After Successful North Texas Tour

Coach Frank Anderson and his Aggie golf team arrived back on the campus this week-end after a successful invasion of Dallas and Fort Worth. They whitewashed S.M.U. 6 to 0, Thursday afternoon, and gained a hard-earned tie with Texas Wesleyan Rams the following day.

Bob Warne and Johnny Roberts grabbed the spotlight from their teammates, Henry Hauser and Henry Richards, as they frustrated a Ram rally for a victory by taking one double match and both their single matches. Warne and Roberts teamed up to take Ivan Smith and Slim Lewis into camp by 1 up, while Norman Rowland and Earl Morris of the Rams drubbed Hauser and Richards in the other double match by a similar account.

In the single matches, Rowland and Smith again administered a glaring setback on Hauser and Richards. Rowland was 1 up on Hauser at the eighteenth hole, while Smith was 3 up on Richards with two holes to go. However, Warne and Roberts again challenged the Ram superiority by defeating Smith and Lewis, respectively, in the other matches. Roberts had to go twenty holes before he finally outlasted Lewis, but Warne was 2 up on Smith at the final hole.

T. C. U., one of the leading golf teams in the conference, will make an appearance here Friday in a match with the Aggies.

dash. In the University half mile relay, Rice came out on top while Texas A. & M. breezed in for a fourth place. In this event it was a surprising note that Texas did not place, having a 1:26.7 heat in the preliminaries Friday.

In the 440 sprint relay, Derace Moser pulled muscles on both his legs and most likely will not run any more this year. The loss of Moser will be a definite handicap to the team as he was an important anchor man.

Making the trip to Des Moines, Iowa, for the relays were Roy Bueck, Jimmy Knight, Pete Watkins, Albert Ricks, Earl "Bama" Smith, Derace Moser, Marshall Spivey, Carleton Brush, and Ralph Henderson. The nine Aggie trackmen were accompanied by track coach Dough Rollins and head coach Homer Norton.

Leaving here last Tuesday, the team worked out Wednesday in Pittsburgh, Kansas, at Southwestern Kansas Teachers College. Thursday and Friday they were in Des Moines and came back to Kansas City, Mo., Saturday night after the relays. The team arrived in College Station yesterday morning.

Dr. Egbert S. Wengert of the University of Wisconsin has been appointed to fill the Carter Glass chair of government at Sweet Briar college.

Intramurals

Intramural Trackmen Begin Working Out for Sunday Meet at Kyle Field

By Bob Myers

It's time for the track men to begin working out in earnest with Sunday afternoon at 1:30 set definitely as the time for the meet.

The following paragraph is an excerpt from the intramural handbook:

"The Intramural track meet is so organized as to permit a man to enter both field and track events but he will not be permitted to enter more than two track events or a total of three events during the meet. The field events continue throughout the meet and a man may take his three trials at any time during the meet. However, in the high jump, the contestants will be required to keep up with the progress of the event. A contestant must be present at the preliminaries in order to be eligible to compete in the finals."

In order for an organization to receive entry points for the meet, men must be entered in at least four of the following seven events. The events are: 100-yard dash, 110-yard low hurdles, shot put, javelin throw, broad jump, high jump, and 440-yard shuttle relay.

Accountants to Have Banquet on April 30

The Accounting Forum will hold a banquet in Sbis Hall at 6:15 p. m., Wednesday, April 30. At the meeting the members of the Houston Chapter of the National Association of Cost Accountants will be the guests of the Forum. The program of the banquet will include speeches and an open forum on accounting under the subject of "Internal Control" given by R. A. Larsen, of the Schlumberger Wells Surveying Corporation at Houston; O. Kenneth Pryor, of the Price, Waterhouse and Co., at Houston; and Charles J. Welch of the Federal Land Bank. Following the discussion some of last season's football pictures will be shown to the visitors.

The Houston Chapter has made previous visits to the campus. These visits permit the accounting students to become acquainted with executives and chief auditors of several of the larger companies in Houston. The meeting is open to all accounting students and a large attendance is desired.

Miss Wickham Is One of Visiting Conference Lecturers

Miss Fletcher Ryan Wickham of Dallas has been engaged as one of the visiting lecturers at the Conference on Latin-American Relations for Texas club women to be held at the A. & M. College of Texas on May 12 to 14.

Miss Wickham, a teacher of Spanish in Forest Avenue High School of Dallas, is the founder and for the last fifteen years has served as National Executive Secretary of the Pan American Student Forum. She is also the Secretary-Registrar of the Inter-American Summer University at San Jose, Costa Rica. Her first-hand contacts and experience will serve as background for her address at the Conference on "Latin-American Educational Problems."

men's intramural participation for this semester are urged to do so in order that any deficiencies may be made up in time for the individual to receive credit or a grade point for his work.

F Coast Artillery horseshoers gathered in a 2-1 win from the 4th Corps Headquarters pitchers, Little, Angell, Schmalz, and Milev did tossing honors for F Battery and Ganz and Rainey took the one count for 4 CHQ.

Loving, Ward, Adkisson, and Roberts were the Artillery Bandsmen who beat the little white ball back across the net fast enough to win a 4-1 ping pong match from D Infantry. Lone victor for D Company was Seay.

A closer ping pong match came about between C Cavalry and A Signal Corps. The Cavalry slid by on a one point margin to take the event 3-2. Clayton, Aaron, and Caldwell were C Troop winners while Williams and Darnell cashed in for the underdogs.

Class B tennis has been progressing rather slowly but is nearing the playoffs. D Field Artillery "Fish" advanced a notch by beating F Engineers 3-0. Racquet swingers Spack, Watts, Jackson, McCutchen, Callins, and Scofield brought home the bacon.

Another Class B team doing well is the horseshoe sextet from E Field Artillery. Their 3-0 win over I Field Artillery placed them in the semi-finals.

Only swimming meet held Friday saw B Chemical Warfare push H Field Artillery under water about 13 points worth to take the event 24-11.

Another word to the breast-strokers is in order at this point. Almost all of the contestants are being disqualified on the kick. A little practice before the meet will pay off well.

Little Conference Track Meet Sees A&M, Rice, Texas

Strengthened by Drake Relay entrants, track and field teams from Rice, Texas and A. & M. meet here this weekend for the annual running of the "Little Conference" track meet.

Texas will be the heavy favorite of the three-way meet, having already topped the Aggies and having times in track events better than those of the Houston school.

This meet serves as the preview to the conference meet which follows a week later each year, naming the winners and league champion.

Moser Out
With concentration on the triangular meet, Coach Dough Rollins was out yesterday to find a fourth man for the two relays teams. If old man injury comes in the form of lightning, for the first time it struck twice in the same place as Derace Moser pulled a muscle once more. This time it puts the junior track and grid star on the shelf for the remainder of the season.

Moser pulled a leg muscle earlier in the season but returned to the track after a week of rest.

Hall vs. Barfield
The feature race of the day will be between Harold Hall of Rice and Red Barfield of Texas in the 440-yard run. Both have been running under the conference mark for 48 seconds.

In the 100-yard dash Carleton Terry, Texas star and outstanding sportsman of last week's Drake Relays; Fred Ramsdell, also of Texas and winner of last year's run; Bama Smith of the Aggies; and Joe Blagg of Rice, all will be pitted against each other. All of them rank with the fastest track men in the country.

Aggie Nine to Meet TCU On Kyle Field Tomorrow

Cadets Have Had A Ten Day Lapse in Practice Due to Rain

Unless rain intervenes tomorrow afternoon, the Texas Aggie nine will go back to work after a lapse of 10 days from the diamond when they take on the cellar-dwelling T.C.U. Frogs on Kyle Field. The diamonders have had only few workouts due to the wet grounds, but are due to have one before the Frog tilt.

The Frogs have only one victory to their credit, and that one was over Rice. However, their performance has not been dismal this year in the fact that they gave S.M.U. and Texas University hard fought battles before succumbing. In the Texas game, they shelled Melvin Deutsch off the mound, only to lose the fracas as the Longhorns rallied five times in the eighth frame. Their ace hurler throughout the campaign has been A. J. Brumbaugh, who has been wrought with hard luck even though pitching credible ball.

Bumpers-Deutsch Pitching Duel Is Postponed by Rain

The expected Bumpers-Deutsch pitching duel was just a myth as far as baseball hungry fans were concerned. The weatherman intervened at the last moment and sent a deluge of rain to cause the postponement of the Texas-A&M battle. A crowd of some 3000 fans was expected to fill Clark Field Saturday afternoon to witness the fray.

It was agreed by the officials of both schools to have the game reset to Monday, May 12. This will make the third time this game has been set ahead due to heavy rain. It was originally scheduled to be played Friday, April 25, but due to unforeseen circumstances had to be called off.

Texas English Profs To Hold 1942 Meeting At College Station

At its annual meeting at Baylor University on April 26, the Texas Conference of College Teachers of English accepted the invitation to hold its 1942 meeting here at A. & M. The probable date is April 25, the probable hours 9 a. m. to 4:30 p. m.

The organization has a membership of about 140 teachers of English in Texas colleges and is for the purpose of improving the teaching of English (including American literature) and the advancement of research in literature and language. At each meeting there are papers dealing with curriculum and problems and several brief research papers. A visiting lecturer is engaged for each meeting.

The officers for 1941-42 are Dr. Alan D. McKillop of Rice Institute, President; Dr. L. N. Wright of Southwest Texas State Teachers College, Secretary-Treasurer. Dr. Stewart S. Morgan of Texas A. & M. is a member of the Council.

He will probably be T.C.U.'s choice to face the in-and-out cadets in the hope of salvaging a victory.

Lefty Bumpers and Red Carden will form the battery against the Toads tomorrow. Roy Peden, who has been doing a great portion of the backstopping, will concentrate most of his efforts on his pitching arm, as Coach Karow is in dire need of hurlers. Peden is the No. 1 Aggie relief twirler, and is slated to handle nine inning chores as well.

The Aggie baseball machine is just about getting rusty from the 10 day lay-off. Rain and wet grounds have played havoc with the team which has not been able to get its needed practice. True, they have had enough rest during that period, but a number of sore arms will probably be bobbing up in the next few days from the cadet camp.

The probable starting lineup is as follows:

Aggies	Baylor
Ballou	ss Cowart
Lindsey	2b R. Tankersley
Francis	cf Allen
Pugh	1b Sorrells
Seogins	lf D. Tankersley
Jeffrey	rf Bierman
Buchanan	3b R. Brumbaugh
Carden	c Conway
Bumpers	p A. J. Brumbaugh
