## British Consul—

(Continued from Page 1)  
consist of licensed state land surveyors, and oil company surveyors throughout the state, will attend a technical meeting in the civil engineering lecture room. The engineers will discuss the status of surveying in Texas, including the importance of trees, the state submerged lands and aerial surveying.

## Track Meet—

(Continued from Page 2)

weight over the 120 yard high hurdles in the fast time of 14.4, came through well in the lead for another first place for A. & M. Davis of Texas beat out Watkins of A. & M. for the number two spot. Covert of Texas was fourth.

Mac Umstadt, the Longhorn's Illinois middle distance runner, ran the 880 yards to finish ahead of A. & M.'s Ralph Henderson. Riddle of Texas took third over Hardy of Rice.

While shooting at 23, Flat conference record in the 220 yard low hurdles, Bucek completed the task of 23.6 seconds going away for a win. Davis and Covert of Texas placed second and third over Watkins of A. & M.

Fighting a rough backstretch wind, the Steers stood off Rice and A. & M. for their only relay victory in the sprint relay. Rice nipped them handily for the mile relay cup. A. & M. did not enter the final relay because of injuries and sickness among the regular quarter-milers.

All but one field event was won by Texas with Jack Hughes in the discus with a throw of 163 feet 10 inches, Small's vault of 13 feet in the pole vault, and Adair's hurl of 190 feet 5 inches in the javelin. Rice took the other with a jump of 24 feet 6 inches in the broad jump by Christopher.

The meet was well handled by Coach Dough Rollins and starter Andy Anderson. Less delay and topflight material made this edition of the annual "Little Conference" another fine showing of Southwest conference athletics.

## TCU Game—

(Continued from Page 2)

and Jeffrey continued their heavy hitting and accounted for three and two blows respectively. The other hits were divided between Buchanan, Francis, and Scoggin. Buchanan's double was the only extra-base hit for the cadets.

Starting off on the wrong foot at the outset of the game, the Frogs just couldn't get together, with the result being that the T. C. U. infield broke down. They accounted for eight errors to aid considerably in the Aggie scoring parade. However, they blasted eleven hits, with Cowart, R. Tankersley, Allen, and Ronnie Brumbaugh all figuring in the attack.

## SMU Game—

(Continued from Page 2)

to give S. M. U. a one-run lead. With the Aggie supporters feeling gloom over the ordeal, Red Carden, Aggie backstop, decided to see what he could do about the situation during the cadet half of the sixth. Lindsey singled to right with one away, and Pugh followed with a two bagger. With the count strike one on Carden, Red smashed one of Atchison's offering into left field to score Lindsey and Pugh.

The Aggies added two runs apiece in the seventh and eighth just for the records. Scoggin's homer following Francis' double was good for the tallies in the seventh canto, while hits by Pugh and Bumpers, and a grounder by Ballow accounted for two scores in the next inning.

Lindsey, Pugh, and Bumpers led the cadet attack with two hits apiece, while J. T. Bedsole's high leaping catch of Scoggin's long drive in the third frame was the fielding gem of the day.

Score by innings—  
S. M. U. .... 0 0 2 0 0 1 0 0 0—3  
A. & M. .... 0 2 0 0 2 2 2 2 x—8

The U. S. Department of Agriculture bought 554 tons of grapefruit and 12,936 boxes of oranges on the open market during the week of April 13-19.

## Press Club Duchess

Miss Mary Lou Mills, Texas University student, who represented the Press club at the Cotton Pageant and Ball. Her home town is Austin. She was escorted by Earle A. Shields, Jr., Battalion Managing Editor from Amarillo.

## Aggie Graduate To Deliver Sermon

For the first time in Aggie history a graduate of Texas A. & M. college is to return as a minister of the gospel to address the Aggies at the College Station Baptist Church.

This unusual aggie is Rev. R. F. Royal, '25, pastor of the First Baptist Church at Devers, Texas, who

will deliver the message for the annual installation of the S. M. U. council, Sunday night. Rev. Royal was president of this same student council during his senior year at A. & M. and also a member of the T. Club, lettering 3 years in track. Rev. Royal graduated from A. & M. college in 1925 and later attended the Southwestern Baptist Theological Seminary in Fort Worth from which he later graduated. He is at present working on a higher degree from the same seminary.

## Cotton Winners—

(Continued from Page 1)

ledge, a crown loaded with under-standing, and a scepter which can bring forth new innovations in the use of cotton so that your kingdom shall be safe. May your es-cutechon be bright with achievements for the world and its people who are served with your cloth for useful purposes against the elements and are made happy by its beautiful and attractive adornment.

## Distractions—

(Continued from Page 2)

tonight and also Sunday and Monday. Ginger Rogers won the Academy Award for this role, and it is well worth the time to see it. The suspense element is injected with Ginger's indecision as to which man she should marry, a plodding doctor or a wealthy play-boy. Flashes of past events in Kitty's life are the most intriguing part of the picture. Scheduled also for Sunday and Monday is "Oh Johnny, How You Can Love," with Tom Brown and Peggy Moran.

## Review Is Success Except For One Saber Dropping Senior

The review Thursday was a great success except for one little incident that occurred. A senior dropped his saber just as he approached the reviewing stand.

That wasn't a calamity, for seniors are always losing their sabers one way or another, but the bad part about it was that Colonel Keyes, the inspecting officer, was the first person on the reviewing stand to notice that it had been lost. He asked Colonel Becker to send somebody after it, but three batteries had walked over the saber before an O. D. recovered it. Luckily, the saber was unharmed.

## Singing Cadets Make Big Hit at Command Rendition

The Singing Cadets added to their already wide reputation and the high esteem held for them by the Aggies Thursday night in the second appearance on Town Hall. An address by Sterling C. Evans, president of the Federal Land Bank of Houston, preceded the program. The club presented many of the Aggie favorites including "Stout Hearted Men," by Sigmund Romberg; and "Shortnin' Bread" a club arrangement which always brings cheers and applause from the Aggies. The program was closed with "Spirit of Aggieland" by Lieut. Col. R. J. Dunn and "Tapps."

An accordion solo presented by Pat Patterson was encored until the accordionist pleaded for his freedom.

to paste his stamps until he has enough to buy a \$25 bond or one of higher denomination. Thirty million of these albums are now being prepared.

The cover design of the album is in color, featuring a United States battleship and an eagle bearing the American flag. On the back cover is a painting of the Minute Man statue by Daniel Chester French, which symbolizes the American citizen ever alert in defense of his country. The inscription is "America on Guard."

## Defense Saving Bonds Are on Sale

The United States Defense Savings bonds and Postal Savings stamps will be placed on sale in the main Post Office today at the opening of business as part of the national effort to make America impregnable.

Postmaster Anna V. Smith announced today that plans are nearly completed for this community, along with thousands of others from coast to coast, to do its full part at the opening of the savings program. It is hoped that all civic leaders will be among the first purchasers of savings bonds and stamps here.

Postmaster General Frank C. Walker, in a letter to postmasters throughout the country, said that the help of local postmasters would be a "real service to the country". He transmitted the thanks of Secretary of the Treasury Morgenthau for the help that local postmasters had already given in the sale of United States securities, and also Mr. Morgenthau's thanks in advance "for the co-operation which he knows you will give to this new effort."

The new Defense Savings bond is similar to the familiar "Baby Bond," of which more than five billion dollars worth have been bought by more than two and a half million Americans since 1935.

A Defense bond may be purchased May 1, or thereafter, for \$18.75. In ten years, this bond will be worth \$25.00. This is an increase of 33 1/3 per cent, equal to an annual interest return of 2.9 per cent, compounded semi-annually. Any time after sixty days from the date of purchase, the bond may be redeemed for cash, in accordance with a table of redemption values printed on the face of the bond.

To spread investments widely among all the people in America, a limit of \$5,000 has been set on the amount of these bonds to be bought by any one person in one year. The bonds are in denominations of \$25, \$50, \$100, \$500 and \$1,000, all of which are sold for 75 per cent of their maturity value and all of which mature in ten years.

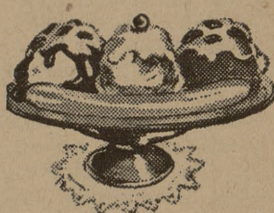

For larger investors who can afford to purchase up to \$50,000 worth of bonds a year, the Treasury department has issued two additional kinds of Defense Savings bonds, but these will be sold only through banks and by direct mail from Washington, D. C. They are intended for associations, trustees and corporations, as well as individual purchasers.

For the smaller investor who wants to buy a Government bond on an easy payment plan, the post office will have a new series of Postal Savings stamps, at 10¢, 25¢, 50¢, \$1, and \$5. Each purchaser of any Savings stamp higher than 10¢ will be given, free of charge, an attractive pocket album in which

## Food Locker—

(Continued from Page 1)

R. W. Snyder will speak on "Cutting Beef for Freezer Locker Storage" during afternoon session and Miss Grace I. Neely, food preservation specialist, will talk on "Nutritional Value of Frozen Foods as compared with Foods Preserved by Other Methods." Before the question box is opened for discussion on any phase of the locker plant industry, J. S. Hopper of the Mechanical Engineering department will speak on "Machine Operation."
