

# ON KYLE FIELD

With Hub Johnson  
By Jack Hollimon

Over at Memorial Stadium in Austin last Saturday a Houston high schooler named Steve Lobue did everything but water the old bedraggled Longhorn Steer grazing peacefully on that turf when he garnered 10 3/4 points to lead Jeff Davis to a state championship. This may not be too wonderful except that barrel-chested Steve can play bang-up football and basketball. He would make Aggie coaches think of another Houston boy named Bill "Jitterbug" Henderson if they had him wearing our honorable maroon and white.

While we're on the subject of Henderson, it is interesting to note that a chance remark, almost joking, sent "Jitter" on his now-famous pursuit of four varsity letters. Assistant Publicity Director H. B. McElroy, just "Mac" to the athletes mentioned it to him after the end of his fish year, and despite protests of injury-fearing basketball coaches, Bill started out

## Frogs Sink Aggie Golfers in Feature Match Here Friday

### Win Over Cadets Makes TCU Staunch Conference Favorite

The Texas Aggie golf team suffered its first setback since the Fort Worth Exposition meet when the T. C. U. Frogs out-manned them in a feature match here Friday afternoon.

In view of their victory over the cadets, the Frogs rank as staunch favorites to cop the Southwest Conference meet which will be held in Austin May 9 and 10.

Henry Hauser and Henry Richards, Aggie ace linksmen, started the doubles match with Bob Sikes and Ed Rivercomb with a bang by beating the T. C. U. golfers 4 and 3. Hauser went on to win his singles match with Sikes, 8 up.

Kyle Gillespie, Frog gridiron ace of the past season, also had a winning afternoon. In the doubles match he combined with Benton Beasley to shade John Roberts and Bob Warne of the Aggies, 2 and 1. Gillespie also annexed his singles match with Roberts, 6 and 4, with Rivercomb and Beasley taking the other two matches over Richards and Warne, respectively. The scores were 3 and 2 in both matches.

to win the coveted glory that is now front page news.

Out of the blue comes a couple of guys named Matty Bell and Dutch Meyer to "yell" about Texas university and A. & M. and their abundance of embryonic talent. It seems Dutch and Matty, having forgotten the gala days of Ki Aldrich, Davey O'Brien, and Bobby

### E and F Field Artillery Dominate Sunday's Class A and B Track Meet

By Mike Haikin

F and E Battery Field Artillery dominated both the Class A and B track meet Sunday afternoon, in events that had even Coach Douch Rollins envious. F Field Artillery compiled a total of 20 1/2 points to take first place honors in Class A, while the Artillerymen from E Field made 29 markers to win the freshman division. Upperclassmen from E Field took the runnerup position with 19 points with A Engineers, C Infantry and B Infantry, coming in that order for the first five teams. F Field Artillery was second in the Class B division, with A Field Artillery, B Signal Corps and Machine Gun Cavalry coming in that order. Only the first five places are listed here. The other positions are posted on the Intramural Office bulletin board.

Wilson, are worried about high school athletes' obvious preference for state schools. People are wondering about Presto Johnston's financial status in case everybody throws rocks from the questionable cover of a glass house. Mr. Bible of Texas took up the hue and cry, but he is riding in the same leaky boat.

A sizzling fire ball and a lanky frame gave Walter "Sam" Bass importance in baseball on Kyle Field, but the lure of professional baseball pulled him in and he signed with Knoxville in the Cotton States League. "Sam" has plenty of stuff, according to the authorities, and whenever he learns to control a big foot, he can send that red-hot horseshoe home.

A hundred yards in 9.2 seconds is Carlton Terry's momentous effort last Friday on the oval. His tremendous acknowledgment throughout the sports minded world for this and other great races have caused coaches of the Pacific Coast, long the home of track speed, to wire coach Littlefield for Texas' presence, including Jack Hughes, in their big-time track and field meet. All this from Billy Sansing, likable Daily Texan Sports Editor. Bill was here for the "Little Conference" meet, and he mentioned a certain team from Austin that will be carrying big guns next fall. If Benito and Adolph keep on, those Texas boys will be carrying big guns next fall—right in the ranks.

At this time, Mr. Penberthy and the intramural department wish to extend their appreciation to the boys who helped out at the meet. Without them, it would have been a difficult job.

## First Round of Singles Handball Tourney Is Today

The first round of the A. & M. singles handball tournament under the leadership of Mike Cokinios and "Handsome" Ransome Kenny begins today with 32 competitors ready to match back-board shots for the school handball championship.

All matches will be two out of three games except the finals which will be stretched to three out of five tilts. All first round matches must be played off by Friday in order to keep the tournament on schedule.

First round pairings are Al Drolesky and Beychok, Anderson and Stovell, Windrow and Britain, John Link and Fajardo, Leon Rahn and Haikin, Mike Cokinios and Gibson, Goodrich and Gus Link, Cathy and Spode, Darden and Ozier, Smith and Pryatt, Lehman and Lemly, Michaels and Nayovitz, Richards and Florence, Beard and Kenny, Ed Drolesky and Brown, and Lehmen Rahn and A. Cokinios.

## Water Carnival Stars Champions, Beauties, Clowns

### McKey, Davis, Taylor And Hensley Set New Time in Free Style Relay

Texas A. & M.'s annual Water Carnival will be held May 9 and 10 in P. L. Downs Jr. natatorium, and a galaxy of swimming beauties, diving champions and tank stars are readying a program that is expected to lead in aquatic exhibition of the season.

Baylor university is to be represented by a specialty act while other events will include diving shows, water polo games, and the hilarious antics of clown divers Chick Denny and Scotty Potter. In strange comparison to the scanty water togs of those lovelies who are scheduled to parade, the attire of both clowns in and out of aqua should find it worth one's time to push them from the high diving board.

Bland and Young of the Waco school perform a trapeze act intermingled with teeter board frivolity and diving exhibitions. Both of these Baylor swimmers are recognized experts and Young is the present holder of the Texas A. A. F. diving championship.

Rain in Brazos county will be nothing after the crowds have witnessed the splashing of water polo teams selected from the new and old area. Top-flight players are to be picked and this portion of the carnival promises to be a highlight.

Opening time is 7:15 for both nights and the program is scheduled to terminate before dance time. All proceeds realized from the crowds expected to attend will be used to defray expenses of Coach Art Adamson's water polo club in future trips.

## Aggie Horsemen Make Creditable Showing in Austin

Eight Aggie horsemen turned in a creditable showing for themselves and their mounts Saturday, May 3, at the annual horse show in Austin sponsored by the Bit and Spur Club of the University of Texas. This is the first year that A. & M. has ever competed in any event other than the horsemanship class and they handled their regular military mounts in excellent manner.

Rain-filled clouds released a downpour that made jumping almost impossible, but the cadets, nevertheless, exhibited training and ability. The jumps had to be taken outside of the ring as a result of the soggy ground.

In the horsemanship class, A. & M. made a clean sweep of all four places when S. O. Callahan won the blue ribbon, Ralph E. Hill Jr. rode admirably for second place, Bill Ehman took third, and M. H. "Matt" Martin placed fourth. All of these riders placed Aggie land much honor on the distant field.

The Aggie hunt team composed of cadets Jack Irving riding Spot, Ralph E. Hill Jr. on Buddy, and Chase Kincannon on Ford galloped handily into fourth place. Footing was extremely precarious and this eliminated another A. & M. team that was well in front of all other competition. This team consisting of Bob Tonkin, Nig Callihan, and Bill Ehman had completed all but the last hurdle when Ehman's mount fell, disqualifying the team.

Numerous competitors and the sponsors of the show complimented A. & M. on their fine appearance and horsemanship. The Aggies were constant contenders in all events entered and their showing was a definite asset to the school, according to Major Stevens and Lieut. W. G. North, coaches.

Those making the trip as mem-

## Baseball Team Shades Mustangs Saturday 2 to 1

### Clean Sweep Made Of Two Game Series

Bill (Slugger) Buchanan's homer coupled with Roy Peden's brilliant mound exhibition proved too good a combination for S. M. U. as the Texas Aggies shaded the S. M. U. Mustangs 2 to 1 here Saturday afternoon to make a clean sweep of the two-game series.

Buchanan's four-ply blow came in the eighth frame with Cecil Ballow on base to break up a heated pitching duel between Peden and Atwell Tesson, Pony hurler. For seven innings "goose-eggs" dotted the scoreboard for both teams. Previous to the eighth canto, Tesson had allowed only one scratch single, while Peden, was charged with three bingles.

The big Aggie righthander was never better than he was that day. His wide sweeping curve was a great enigma to the Mustangs. Peden whiffed eleven men, eight of them coming in the first four frames. Tesson matched Peden's performance until the eighth, and for a time it seemed that the game would never end.

The Mustangs threatened mildly in the third. With one down, Pace and Clement poked singles, but Ramsey struck out and Tesson skied to right.

No one cadet reached second off Tesson until the eighth frame. Peden's swinging bunt was the only base blow for the cadets then. Although striking out only two men, the Mustang pitcher had the situation well in hand.

Then came the eighth frame. Carden and Peden both grounded out, but Ballow poked a one-bagger into center. With the count two and nothing in his favor, Buchanan picked one of Tesson's fast ones and sent the ball reeling into Norton's "cow pasture" far over the fence.

However, the Mustangs weren't going down without one last effort. With one down in the ninth Davis took life as Ballow threw his grounder away. He went all the way to second on the error. Cliff Hagerman, southpaw gardener, fooled himself and everyone else, as he bounced a double down the left field foul line to score Davis. Peden then tightened up, forcing Gonzales to fly out to Jeffrey and Keith to pop out to Ballow.

Hits and runs were far and few between in this game with the support being excellent for both pitchers. Jeffrey's circus catch of Gonzales' short fly into right in the ninth was the fielding gem of the day, while Davis' play at the keystone sack was a great asset to the Mustang cause.

bers of the eight man team were Ralph E. Hill Jr., Bob Tonkin, Nig Callihan and Chase Kincannon, of Regimental Headquarters, Troop Cavalry; Jack Irving and S. O. Callahan of D Troop Cavalry; M. H. Martin of A Troop Cavalry; and Bill Ehman of B Troop Cavalry.

## Bob Taylor Slashes Time From Two A.A.U. Records in Dallas Meet

Records and Bob Taylor of Coach Art Adamson's Aggie tank club met in Dallas Saturday at the Southwest A.A.U. indoor meet, and Taylor swam off with the 220-yard freestyle in record breaking time of 2:17.1 to better his own record by 4.9 seconds. He then turned his hand to the 440-yard freestyle and won easily, setting another record that he already held. His time in this event was 5:7.5 and it was under the old record 6.4 seconds. Harold Hensley won the 100-yard freestyle with a great swim effort but missed the record by a narrow margin.

## Best Appearance, Lasting Comfort

When you see Lucchese at the Uniform Tailor Shop just a few days from now . . . you will have an opportunity to get real boot insurance. . . For permanent best appearance and lasting foot comfort . . . Juniors always order from LUCCESE.
