### TO NEW STUDENTS

(Including those who enrolled in Summer School)

The Psychological Tests for new undergraduate students will be given at the Assembly Hall next Friday, October 3. All freshmen classes will be suspended Friday morning. Absences of all advanced standing students who are to take the Psychological Test will count as excused absences. Advanced standing students who have taken this test at the institution previously attended should write at once to the Registrar of the institution and request that the gross score made by the student on the American Council on Education Psychology Test be sent to the Registrar's Office at A. & M. A record has already been received in this office of the grade made by those students transferring from the North Texas Agricultural College.

8 A. M. to 10 A. M.

All new students whose surnames are A to K inclusive will meet in the Assembly Hall for the Psychological Test.

All new students whose surnames are L to Z inclusive will meet in Guion Hall for an assembly.

10 A. M. to 12 NOON

All new students whose surnames are L to Z inclusive will meet in the Assembly Hall for the Psychological Test.

10 A. M.

All new students whose surnames are A to K inclusive will meet in Guion Hall for an assembly.

Please be prompt in reporting to the Assembly Hall and to Guion Hall according to schedule, as it is not possible for a student to be late and take the test. The cooperation of all concerned is requested.—H. L. HEATON, For the Executive Committee.

**CPT PRIMARY AND SECONDARY**

All men who have been accepted as tentative candidates for primary or secondary CPT flight training will meet in the Petroleum Engineering Lecture Room, Tuesday evening, September 30 at 7:00 P. M. All men must bring any licenses issued to them and also their fee receipts. Anyone missing without previous permission will be subject to disqualification.

The storage rooms in the basement of Guion Hall (rear entrance) will be open from 1 until 5 p. m. Wednesday, October 1, for the last time this year. Articles unclaimed after that date will be sold for storage charges.

### TENNIS RULES

Each team shall consist of six men arranged in three sets of doubles. A contest shall be determined by the team winning 2 out of 3 doubles matches. A match will consist of one 8 game set, but in order to win, a team must have an advantage of at least 2 games over their opponents. At least one man in each doubles team must remain in the match for the duration. The other member of the team may be substituted for any number of times and at any time, but a player may not re-enter any match after he has been substituted for.

Should two players win their match by a forfeit, they are considered to have played a match and they may not be substituted into any other match of that contest.

If a team reports for a match with less than 6 players they shall forfeit one of the three matches and only the starting players may compete. (No substitutions may be made.)

The Toss and Signing Up

The winner of the toss shall have the privilege of matching his doubles team against those of the opponents. A second toss shall be made at each match to determine choice of courts or service.

## Strictly An A. & M. Affair

It was strictly an A. & M. affair when three members of last year's Aggie football team were sworn into the United States Army recently at Kelly Field's Recruiting Office. As the trio took the oath of office they were in the same formation in which they lined up on the football field. Farthest from the camera is "Bubba" Reeves, of San Antonio, left guard; in the center is Odell "Dude" Herman, of Abilene who worked at the pivot position; and nearest the camera is H. M. "Max" Browder, right guard, of Groesbeck. All are members of the class of '41.

### BRAZOS CO. A. & M. MOTHERS CLUB

The Brazos County A. & M. Mothers Club is completing plans for the 1941-42 session. The special project for this year and for this particular Mothers Club in the State is in cooperation with the College Hospital in looking after sick students. With the increased enrollment this is a large undertaking and requires the support of each one of the 350 mothers of A. & M. cadets living in Brazos County.

Mrs. G. E. Madley, Club President, urges that every Brazos County A. & M. mother call her at College Station or Mrs. A. Benbow in Bryan this week to offer her assistance.

**SOCIAL CLUB**

The College Women's Social Club is entertaining Friday, October 3, at 12:15 with a luncheon in the Old Mess Hall in honor of its 85 new members.

Mrs. C. H. Groneman is general chairman. Reservations should be made through the departments and must be completed as early as possible. All new and old members of the Club are urged to be present to meet and extend a welcome to these new members.

**CLUB PRESIDENTS**

On October 1 The Battalion will carry an official club roster giving the names of A. & M. Club and the club officers for 1941-42. Only those clubs which have constitutions on file with the Student Activities Committee and which have filed the names of their officers with this committee will be included on the roster. Club officers may be filed for the committee at Room 126 Administration Building.

**INDUSTRIAL EDUCATION CLUB**

There will be an Industrial Education Club meeting immediately after yell practice Tuesday night. All new and old I. E. students are invited to attend. Room 101 M. E. Shop Building.

**A & M DAMES CLUB**

The A & M Dames Club will have their regular meeting Wednesday night at eight o'clock in the YMCA. We are going to have a White Elephant Sale, so bring along something that you do not need, and also a few extra nickels and who knows, you may find something to wear with that new fall outfit! Come dressed very informally as we plan to have a good time—snacks or playlets will be fine.

Mrs. H. H. Walker, Reporter

LOST—Saskin wrist watch during game Saturday. Reward.—J-S Hart.

### FISH GAME

(Continued from Page 3)

passed to Hertzog for a score and Davis kicked the extra point.

With a speed that the game had not seen before, Charlie Manichia took the ball down to the Allen goal. Thomas took the pigskin over for a touchdown. Hary kicked the conversion and the score was now 34 to 0. Later in the quarter Manichia took the ball over for the last tally of the game. There was no conversion.

derson at the end posts, Euel Wesson, Martin Ruby, Leonard Dickey, and Bob Tuls at the tackle positions, Les Richardson, Roy Bueck, Ray Mulhollan, and Wayne Cure at guards, who gave more than a satisfactory performance.

**Hogs Down Tempe**

Enough of the Sam Houston game, and on to the Texas A. & I. tilt. The Javelinas opened their season with a 14-7 defeat at the hands of San Jose. This gave the Californians sweet revenge for that 10-0 defeat the Texans plastered on them last year. Last week, the Hogs disposed of Tempe 34-6 at Arizona.

The Aggies and Hogs have tangled up five times, with the series starting in 1932. The best the Javelinas could do was a 14-14 deadlock in 1934, Coach Homer Norton's first year at Aggiefield.

For the records, here are the results of past meetings:

Year	Texas A.&M.	Texas A.&I.
1932	14	0
1933	17	0
1934	14	14
1938	52	0
1940	26	0

## Old Engineering Defense Courses Get Under Way Again as Several New Ones Are Added to Curriculum

Engineering Defense Training courses which were started here at A. & M. last year are being continued with several new ones starting this week. Besides the courses offered here there are several "in service" courses which are being given in Houston, Kilgore, and Ft. Worth. Those in service courses are being given to men who are working in the daytime and studying at night.

The courses are given by the college with college equipment available for their use and are under the supervision of J. T. L. McNew, head of the department of civil engineering, who is the local director of the courses.

Courses started here yesterday are power and electric circuits with 14 students, advanced engineering drawing enrolling 12 men, camp sanitation also with 12 men, and materials inspection and testing listing ten men. These courses will last for 12 weeks each, meeting eight hours a day for a total of 44

hours a week.

A course in cost accounting is underway in Houston at Rice Institute with an enrollment of 110 men. Two courses in Houston began last night. They are principles of chemical engineering and petroleum engineering.

Kilgore Junior college started a 22 man course in fuel and lubrication testing Monday night. Other courses in structural design and strength of materials to be given at Fort Worth have been approved. A course in industrial safety to be given in Houston has also

been approved.

Five courses are to be given under the direction of A. & M. at Prairie View Normal College at Prairie View for negroes. The courses will be in construction engineering, radio maintenance, engineering drawing, architectural drafting and internal combustion engines.

Included in the A. & M. system is the Extension system, Experimental stations, two junior colleges, a negro college, Texas Forestry Service, and A. & M. proper.
