

# Official Notices

**PROGRAM SALESMEN**  
There will be a meeting of the program salesmen for the A. & M. game tonight, Thursday, in Room 126 Administration Building, 7:30 p. m. Only the following students need report.  
Caraway, R. B.  
Evans, J. Wm.  
Frederick, H. M.  
Hadsell, P. H.  
Hance, J. W.  
Harrell, W. T.  
Hill, Richard D.  
Kessler, S. M.  
King, Kenneth  
Lamberson, Jack L.  
Longley, John B.  
Merritt, W. W.  
Norton, R. R.

Parker, G. W.  
Wilcoxon, J. S.  
Wolf, J. W.  
Young, J. B.

**USHERS FOR GRID GAMES**  
Students who wish to usher at home football games should contact Art Adams at the swimming pool between 4 and 5:30 p. m. A full quota of seniors has reported so only freshman, and sophomores and juniors need report.

**TO NEW STUDENTS**  
(Including those who enrolled in Summer School)  
The Psychological Tests for new undergraduate students will be given at the Assembly Hall next Friday, October 3. All freshman classes will be suspended Friday morning. Absences of all advanced standing students who are to take the Psychological Test will count as excused absences. Advanced standing students who have taken this test at the institution they previously attended should write at once to the Registrar of the institution and request that the gross score made by the student on the American Council on Education Psychology Test be sent to the Registrar's Office at A. and M. A record has already been received in this office of the grade made by those students transferring from the North Texas Agricultural College.

8 A. M. to 10 A. M.  
All new students whose surnames are A to K inclusive will meet in the Assembly Hall for the Psychological Test.

9 A. M.  
All new students whose surnames are L to Z inclusive will meet in Guion Hall for an assembly.

10 A. M. to 12 NOON  
All new students whose surnames are L to Z inclusive will meet in the Assembly Hall for the Psychological Test.

10 A. M.  
All new students whose surnames are A to K inclusive will meet in Guion Hall for an assembly.  
Please be prompt in reporting to the Assembly Hall and to Guion Hall according to the schedule. It is not possible for a student to be late and take the test. The cooperation of all concerned is requested.—L. HEATON, For the Executive Committee.

**AGRICULTURAL ENGINEERING STUDENTS**  
There will be a picnic Thursday, October 2 for all agricultural engineering students. Meet at the Agricultural Engineering building at 5 p. m. Transportation will be provided.

A special invitation is extended to all new students. Come and get acquainted with our group.—W. H. Crump, President, A.S.A.E. Student Branch.

**MARKETING AND FINANCE MEETING**  
The Marketing and Finance club will hold its first official meeting of the year at the Y parlor immediately after yell practice tonight. A speaker is being arranged for and all sophomores, juniors, and seniors majoring in Marketing and Finance are invited.

**JR. CH. A.V.M.A. MEETING**  
There will be a meeting of the Jr. Chapter A.V.M.A. in the amphitheatre of the Veterinary Hospital Thursday at 7 p. m. with Dr. Asa Chandler of Rice Institute as the principal speaker. Tentatively his subject will be, "Parasitic Diseases Transmissible from Animals to Man."—C. V. Isaac, Pres.

**HORTICULTURE SOCIETY**  
There will be a very important meeting of the Horticulture Society Thursday night after Yell Practice in Room 103 Agriculture building. It is very urgent that all old members be present and a special invitation is given to new students majoring in Horticulture.

**EX 4-H CLUB**  
There will be a meeting of the Ex 4-H club Thursday, October 2, after Yell Practice in Room 132 of the Animal Industries building. All students, especially fish and sophomores, who have ever had any experience with 4-H club work are urged to be present. Please bring your dues. Cigars will be served.

**RURAL SOCIOLOGY MEETING**  
There will be a meeting of the Rural Sociology club Thursday evening after yell practice in Room 208, Agricultural building.  
Prof. Daniel Russell will speak to the club on the subject, "The Possibility of Employment for Rural Sociology Majors". Everyone is invited, and Rural Sociology majors and minors are especially urged to attend.

**BIOLOGY CLUB**  
The Biology club will not hold a meeting this week as previously planned. The schedule of programs has been set back one week so that it will not conflict with other activities this week. The next program will be October 9.

**A. I. Ch. E.**  
There will be a meeting of the Student Chapter of the American Institute of Chemical Engineers in the Petroleum lecture room on Thursday evening at seven-thirty. All Chemical Engineering students are urged to attend.

**FELLOWSHIP LUNCHEON**  
The first Fellowship Luncheon will be held October 2, 12:05 p. m. at Sbsa Hall banquet room. All employees of the college and their guests are invited to attend. Buy your tickets at the door for 50 cents.—H. C. Dillingham, Chairman.

**NEW COMERS BRIDGE TEA**  
The New Comers group of the College Women's Social Club will have a Bridge Tea Wednesday, Oct. 1, at 2:30 p. m. in the home of Mrs. J. H. Bass, Park drive, North Oakwood. Turn at the Oakwood Sinclair Station on new Highway 6, and bear to the left. It is the first house on the left side. All New Comers are invited.

**FOODS GROUP**  
The first meeting of the Foods Group of the Campus Social Club will be held Thursday afternoon, October 2, at 3 o'clock at the home of Mrs. B. R. Holland, 316 Foster (College Hills) College Station. The topic is "Let's Plan Meals." All newcomers interested are cordially invited.

**GARDEN CLUB**  
The Garden Club of A. & M. and Bryan will hold its first meeting in the Y Chapel Friday, Oct. 3 beginning promptly at 3 o'clock. Any interested person is eligible for membership. Mr. J. Coulter Smith will speak on "What to do, and What to Plant in the Garden Now." A short talk will be given on "Bulbs" by Mrs. L. Henderson, and "Planting Sweet Peas" will be discussed by G. B. Wilcox.

**SOCIAL CLUB**  
The College Women's Social Club is entertaining Friday, October 3, at 12:15 with a luncheon in the Old Mess Hall in honor of its 85 new members.  
Mrs. C. H. Gentry is general chairman. Reservations should be made through the departments and must be completed as early as possible.  
All old members of the Club are urged to be present to meet and extend a welcome to these new members.

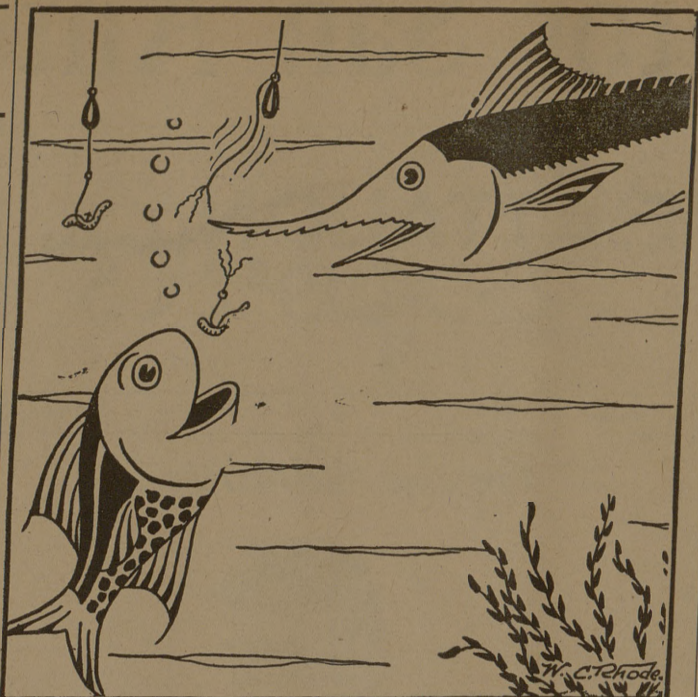

### Classified

LOST in Chemistry building Sept. 30, 1941, notes and other books. Would appreciate it very much if the notes were sent to W. L. Church, Box 2268, College Station.

LOST—A black Cocker Spaniel pup. About two months of age. Has small white line between forelegs and wearing black collar. Reward for the return or information leading to the return of the dog to 101 Law.

LOST—Poultry judging medal at ball game Monday afternoon. Reward for return to Grote, Room 217, No. 5.

FOR SALES AND SERVICE on Fuller Brushes, call Kenneth Whitfill, 4-4824 or write Box 889, College Station, Texas.

"Thanks, pal. I'll do as much for you some day."

## Lack of Personal Cooperation With State Health Officers Menace To All

By Texas State Department of Health

"The axiom 'You can lead a horse to water but you can not make him drink,' perhaps has no more striking parallel in human conduct than man's indifference or refusal to use the protective methods and preventative procedures that medical science has developed during the last 40 years. The lack of personal cooperation is the weak link in an otherwise strong chain against not only some of the infectious and influenzae that impair health or destroy life in middle-age and older groups but against a number of the communicable childhood diseases, in which latter class diphtheria is an example," states Dr. Geo. W. Cox, State Health Officer.

"Toxoid immunization is available in Texas practically to all children, either through the family physician or at clinics arranged by physicians for those who are unable to pay the usual fee for this service.

"While the number of Texas children who have the benefit of this protection is large, evidently there are many who, because of parental misconception or unconcern, have not been made invulnerable to an attack of diphtheria through this simple and practical procedure.

"Perhaps the decided drop shown in the diphtheria illnesses and

death rates during the last 30 years has developed an unwarranted sense of security on the part of too trusting parents. Nevertheless, whatever the cause, the fact remains that diphtheria manages to continue a steady massacre of young lives, with ample weapons to prevent it; and these to be had only for the asking.

## Coach Jess Neely Emphasizes Owls' Pass Game in Drill

Last year the Rice Owls came up with one of the best ground games seen in this air-minded conference in many a moon.

Apparently Coach Jess Neely has had enough of that. In the first two weeks of drill for the 1941 Owls, he has been spending just about twice as much time passing as running.

That doesn't mean that this squad will provide an aerial circus. But it does mean that if the opposition gangs up a little too close, his Owls will take to the air and scatter 'em.

Dick Dwelle, curly-haired junior from Highland Park in Dallas, who played quite a bit of tail-back the latter part of the season in 1940, is the No. 1 passer of the squad. He has shown marked improvement over his last year's passing, and the defense for the passer also has stepped up.

Behind him right now is J. C. (Stoop) Dickson, who didn't letter last year. Dickson is by far the best kicker on the squad, but doesn't have Dwelle's speed in carrying the ball, and isn't quite as good a passer.

The squad has gone through its first two weeks of hard work with nothing but minor injuries. Two boys are out with knee injuries, Bud Ely, sophomore back, and Jack Dearmore, third string center, but are expected back soon.

## DISTRACTIONS

(Continued from page 2)  
On the lighter side there is "HIS GIRL FRIDAY" at the Campus tomorrow and Saturday. Cary Grant and Rosalind Russell furnish some excellent comedy and melodramatic moments throughout the story. Racketeering and gangsters are exposed by the journalistic pair of Grant and Russell.

A. & M. has had only three civilian commandants in the history of the college—the other commandants being officers of the United States Army.

## Kercheville Club Prexy of Alamo City

The San Antonio A. & M. club elected officers for the current year at its first meeting Tuesday night. Those elected to office were Louis Kercheville, president; Bill Donnell, vice president; John Gerity, secretary-treasurer; and George Tasso, historian.

Preparations for the annual Christmas dance will begin soon.  
Dr. C. B. Campbell, present head of the modern languages department, coached the first track team at A. & M.

No Cramming Necessary!  
For swell flavor and real chewing fun—the answer is delicious Wrigley's Spearmint Gum

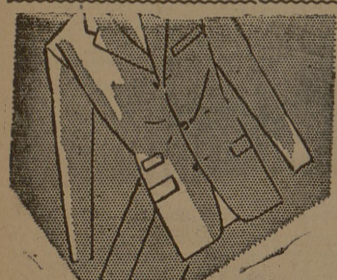

## Truckers Asked To Aid War Dept

Texas truck owners, including farmers, are being asked to help the War Department in its transportation planning for national defense. Director H. H. Williamson of the A. & M. College Extension Service said today.

Within a few days each truck owner will receive a special national defense inventory card from the Texas highway traffic advisory committee to the War department requesting information regarding the make of his truck, kind of body capacity, time of year the vehicle is most urgently needed in its owner's business, and whether he would be willing to hire or lease it to a government agency.

The inventory is being made at the request of the War Department and the National Defense Advisory Commission by units of the Federal Works Agency in cooperation with the states' motor vehicle registration agency. The Public Roads Administration is directing the inventory.

Waldrop & Co  
"Two Convenient Stores"  
College Station Bryan

The name is Dorothy Van Nuys. The place—California's popular Santa Barbara. The cigarette—America's favorite—C-A-M-E-L!

SHE SWIMS . . . she rides . . . she's typically modern in her zest for the active life. Typically modern, too, in wanting to know the scientific facts about the cigarette she smokes. In choosing Camels, Dorothy Van Nuys enjoys the scientific assurance of a slower-burning cigarette. That means more coolness, freedom from the harsh, irritating qualities of excess heat . . . extra mildness. And she knows, from independent laboratory reports, that in the smoke of extra-mild Camels, there is less nicotine. (See above, right.)

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

WITH CAMELS, I DON'T GET TIRED OF SMOKING; THE FLAVOR IS ALWAYS INVITING

"I NEVER REALIZED, until I changed to Camels, that a cigarette could be so much milder and yet have all that wonderful flavor," adds Miss Van Nuys from the pool's edge (above). Yes, Camels always hit the spot—and they're extra mild with less nicotine in the smoke.

The smoke of slower-burning Camels contains  
**28% LESS NICOTINE**

than the average of the 4 other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself

I LIKE THE EXTRA COOLNESS OF A SLOW-BURNING CAMEL

YES, DOROTHY VAN NUYS, and the important point is: Camel's extra coolness—and other Camel advantages are in the smoke. After all, it's the smoke you smoke. And in the smoke of the slower-burning cigarette of costlier tobaccos there's more coolness, more flavor, extra mildness—with less nicotine.  
The smoke's the thing! Smoke out the facts about milder smoking pleasure yourself. Dealers feature Camels by the carton. For economy—convenience—get your Camels by the carton.

CAMEL THE CIGARETTE OF COSTLIER TOBACCOS

BY BURNING 25% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to  
**5 EXTRA SMOKES PER PACK!**
