Notre Dame	Indiana
N. Carolina St.	Clemson
Navy	West Virginia
Northwestern	Kansas State
New Mexico	Texas Mines
Ole Miss	Southwestern U.
Oregon State	Washington State
Princeton	Williams
Pennsylvania	Harvard
Pittsburg	Purdue
Rice Institute	Ohio State
So. Calif.	Sam Houston
Tulane	Auburn
Texas U.	L. S. U.
Villanova	Central
Wash. & Lee	Kentucky
Wisconsin	Marquette
William & Mary	Randolph Macon
Yale	Virginia
143 Field Artillery	Calif. Ramblers

## Members of Agronomy Staff Spend Profitable Summer Doing Research

Four members of the agronomy department spent the summer in various parts of the state and nation in order to acquire first hand information in their field to use in teaching.

Dr. Roy L. Donohue spent the summer working with Texas Forest Service studying the soils of East Texas. This investigation is designed to furnish information as to the best locations and soil types on which to grow timber.

Dr. Roy L. Donohue spent the summer working with Texas Forest Service studying the soils of East Texas. This investigation is designed to furnish information as to the best locations and soil types on which to grow timber. As a man who took his soil training in Michigan and New York, this gave him a splendid opportunity to become thoroughly familiar with East Texas soil.

**Professor Potts**  
Professor R. S. Potts was working in the division of Agronomy in the Texas Agricultural Experiment Station last summer handling research work in grasses and pastures. He was serving an assistant to R. L. Hensel in charge of pasture investigation and was helping to take the place of George C. Warner who was called to the Army.

His work took him to Beaumont in Southeast Texas to Barnhart in the far west, and from King Ranch in the South to the North Central part of Texas. He is therefore in position to bring new and

very important information into the classes dealing with grasses and forage crops.

Professor Tileon Easley spent the summer at the University of Wisconsin doing further research work toward his Doctor's degree in the department of botany plant physiology. He worked under Dr. B. M. Dugger, well known to all students in that field.

**Dr. L. G. Jones**  
Dr. L. G. Jones worked with E. A. Norton, chief physical surveys in the division of Soil Conservation Service, Washington, D. C., who taught a special three weeks course here. This put him in touch with the latest authoritative Soil Classification and Mapping.

Victor E. Shimber, graduate assistant last year in this department completed his master's and is now a junior agronomist with the Soil Conservation Service located at Kennedy, Texas.

- Secretary-Treasurer**—Russell T. Cook  
**DISTRACTIONS**  
(Continued from page 2)  
cent Federal tax. Consequently, the public is going to have to spend a little more in order to help out National Defense. It is not enough to be felt at any one time, but when multiplied by all the theater admissions in the country, it amounts to a rather large sum.  
Showing at the Campus for the last time today is "HIS GIRL FRIDAY" featuring Cary Grant and Rosalind Russell. It is strictly on the lighter side. A journalist gets on the trail of racketeers and in trying to expose them, we get a laugh.
- Institute of Aeronautical Sciences**  
Chairman—Roy Grobe  
Vice-Chairman—Rijah Skidmore

**Lend me a Minute and I'll give you back 15 seconds**  
Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. It's a hit.

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. It's a hit. **IT'S CHESTERFIELD.**

The big thing that's pushing Chesterfield ahead. Is the approval of smokers like yourself. **Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos. Blended just right to give you more smoking pleasure.**

But even these facts wouldn't count. If smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. **Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.**

Everywhere you go *they Satisfy*

**THE SMARTEST SHIRTS IN TOWN!**
