

Official Notices

THANKSGIVING HOLIDAYS
 Thanksgiving holidays for clerical staff have been changed from the dates shown in the College Catalogue to November 27-29 inclusive.
 Thanksgiving holidays for students will extend from Thursday, November 27 to 6 p. m. Monday, December 1.—F. C. BOLTON, Dean.

SENIOR RINGS
 Under the provisions of the Federal Tax Law which went into effect on October 1, 1941, all Senior Rings purchased on or after that date will have a ten percent tax added to the price of the ring. Deposits made prior to that date will be exempted from the tax. The balance due is subject to a ten percent increase. It is our understanding that there is to be no tax added on rings delivered to this office prior to October 1, 1941.—H. L. HEATON, Act. Registrar.

ROSENWALD FUND
 The Julius Rosenwald Fund announces the offer of its fellowships for 1942 to white southerners who wish to work on some problem distinct from the south and who expect to make their careers in the south. Candidates must already have given evidence of exceptional accomplishments. They will not, in general, be younger than 22 nor older than 35, and must have completed general college or professional training. Awards will average \$1,500 for a full year's work. Applications must be submitted in prescribed form by January 5, 1942. Announcements may be examined in detail in the office of Dean T. D. Brooks.

There will be a meeting of the Student Affiliates of the American Chemical Society tonight at 7:30 in the Chemistry lecture room. All students majoring in chemistry or chemical engineering are invited to attend.—A. J. Landis, President.

NOTICE
 The A. S. C. E. picnic which was to be held last Tuesday will be given Tuesday evening at 5 o'clock. Everyone meet in front of C. E. Building. Freshmen are especially invited.

There will be a meeting of The Bell County A. & M. Club tonight immediately after yell practice. A special program has been planned.—William Bannister, President.

PHYSICS COLLOQUIUM
 Wednesday, October 15 at 5 P. M. in Room 39 of the Physics Building.
 Speaker: Dr. S. Share.
 Subject: A Resonance Method for Measuring Magnetic Moments.

WILLIAMSON COUNTY CLUB
 There will be a Williamson County A. & M. Club meeting Tuesday night right after yell practice in Room 107, Academic Building.

The Beaumont A. & M. Club will meet tonight in Room 18, Academic Building immediately after yell practice.—Dick Crutcher, president.

There will be a special meeting of the A. & M. Collegiate Chapter of the FFA tonight at 7:30 in Room 317 Ag. Eng. Bldg., for the purpose of selecting delegates to the national convention. Standing committees will report.

LIBERTY COUNTY A. & M. CLUB
 There will be an important meeting of the Liberty County club at 7:00 p. m. in Room 317, Dormitory 9, Wednesday October 15.

The Ellis County club will meet in Room 56 Milner Tuesday night after yell practice for the purpose of electing officers and planning business for the coming year.

BURLESON COUNTY BOYS
 There will be a meeting of all Burleson County boys in Room 1 in the New Y. M. C. A. Building immediately after yell practice tonight. The purpose of this meet-

Fuller Brushes

Varsity-Town Clothes

If you've never owned a Varsity-Town Suit you will enjoy the casual drape and ease of the New Fall "Draper-town" Models. You'll like the smart College Cords . . . Shetlands . . . Tweeds and fine Worsteds that were styled for us by Varsity-Town.

\$29.50 to \$40

Under-Grad Suits

\$25 to \$30

"Two Convenient Stores" College Station Bryan

ing is to organize a Burleson county Club, so all please be present.

The Music Group of the College Women's Social Club will have its regular monthly meeting at the home of Mrs. Frank Anderson, Fairview & Guernsey St., at 9:30 a. m., Wednesday, October 15. The meeting will be in charge of Mrs. A. E. Nelson and Mr. Mack Warner of Bryan will present several piano selections.

FOODS GROUP
 A meeting of the Foods Group of the Campus Social Club will be held Thursday afternoon, October 16, at 3 o'clock at the home of Mrs. W. E. Long, 200 West Dexter, College Park. "Let's Sharpen our Wits, Food Buyers," is the topic to be discussed by Mrs. A. L. Schipper. Old and new members are invited.

There will be an A. S. A. E. Branch meeting tonight immediately after yell practice. An interesting student program has been arranged. All A. Eng. majors are urged to be present.

PRESIDENT'S OFFICE
 The President's Office has a package from the Ellison Photo Co., of Austin, Texas. Will the Department ordering this material please call for it.

RED CROSS
 All those wanting instructions or materials for knitting please call at the Red Cross Headquarters or the Dean Puryear House on Tuesday, Wednesday and Thursday mornings.

FT. WORTH A. & M. CLUB
 The Ft. Worth A. & M. Club is giving a luncheon in the Texas Hotel at 12:30 p. m. Saturday, October 18, for the faculty members and their wives on the occasion of the football game with T. C. U. Rooms will be available for the faculty members—one for the men and one for the ladies, at the Texas Hotel. Will you please advise the Dean of your school whether you will be at the luncheon the 18th. This information should be given to the Dean not later than Tuesday, October 14.

New Comet Found As Russia Invaded

Scientists report a Russian astronomer, standing by his telescope less than 150 miles from the invading German army, has discovered a new comet.

Dr. Fletcher Watson of Harvard was informed by cablegram that Astronomer G. Neujmin sighted the comet at the Russian observatory in Simeis, East Crimea.

LEAFLETS

(Continued from Page 1)
 of student, the leaflets of those students coming under that classification will be sent in a folder to the company. All this is done in addition to the interviews held.

The Placement and Personnel Division was established in 1939 by the Association of Former Students in cooperation with the faculty of A. & M. for the purpose of helping graduates as ex-students and non-graduates to get jobs. The Faculty Placement Advisory Committee consists of J. Wheeler Barger, agricultural economics department, Dr. C. C. Hedges, chemistry department, M. C. Hughes, electrical engineering department and F. P. Jaggi, veterinary medicine department.

Persons named Leavenworth are eligible to benefit under a \$12,000 scholarship fund at Hamilton College.

'First Time' Opponents Dot TCU Schedules

A "first-time" opponent every year—that's what the schedule has produced for Coach Dutch Myer of Texas Christian each year since he became head man back in 1934.

And the Horned Frogs have given a very good account of themselves in playing 12 new teams, from all sections of the country, in seven seasons. They have won six, lost five and tied one.

In Meyer's first year—1934—his team won from a not-too-strong Loyola of the South eleven 7-0 and from a plenty strong Santa Clara team 9-7.

In the '35 season, it wasn't until the bowl bids came along that a first-time opponent developed. The Frogs of that year went to the Sugar Bowl and won from the L. S. U. Tigers 3-2.

Mississippi State was the newcomer on the 1936 schedule. T. C. U. played them in the mud at the Cotton Bowl field in Dallas, and both teams were satisfied to have it end in a scoreless tie. On New Year's Day the Frogs went back for the real Cotton Bowl game and took the measure of Marquette by a 16-6 count.

Coach Meyer's 1937 aggregation caught two tough ones for their new opponents, and dropped both. The Ohio State Buckeyes took the Frogs 14-0 in the season's opener at Columbus, and the Fordham Rams managed for one extra point to win 7-6 in New York City.

INTRAMURALS

 tillery when F battery played A battery. F battery won, 3-0.

Intramural Scores
 Class B. Football
 C Engineers and A Cavalry, tie D Replacement Center, 12; B Field, 0
 F Engineers, 12; B Signal Corps 0
 3rd HQ Field and E Field, E FA on penetrations
 B Infantry, 7; M Infantry, 0

NYU GAME

(Continued from Page 3)
 once in the past sixteen years have the Aggies been able to defeat the Frogs in Fort Worth and that was accomplished by the great Ag team of 1939. However, the Aggies do lead in games won throughout the A. & M.-T. C. U. series which started in 1897.

Herewith is the record of the past sixteen years:

Year	A. & M.	T. C. U.
1925	0	3
1926	13	13
1927	0	0
1928	0	6
1929	7	13
1930	0	3
1931	0	6
1932	0	17
1933	7	13
1934	0	13
1935	14	19
1936	18	7
1937	7	7
1938	6	34
1939	20	6
1940	21	7

At Murray (Ky.) State Teachers College, 156 students hold "workships" under which they earn \$22-993 a year.

A & M Is One of Fifty-Seven Colleges To Offer Accident Prevention Course

Texas A. & M. College is one of the fifty-seven colleges throughout the country which will have classes this year for the training of industrial employees in accident prevention. This is part of a program inaugurated by the National Committee for the Conservation of Manpower in Defense Industries appointed recently by Secretary of Labor Perkins.

These classes are made possible through a grant of funds by Congress to the U. S. Office of Education and these funds are made available to engineering schools as a part of the defense training program. While the safety course will be conducted under the general management of the engineering colleges, instructors will be selected from a list of thoroughly experienced safety engineers who have actually worked in the field of accident prevention.

"The rise in industrial accident injuries during recent months is much greater than justified by the increase in employment and serious wastage of the available supply of workers in defense industries can be checked only by stricter attention to the correction of work hazards and by wider application of accident methods which have been developed and applied successfully in some of the leading

A & M Stock Takes 4th, 5th at Texas State Fair in Dallas

A. & M. stock has won one fifth place and one fourth place at the Dallas State Fair. The College won fourth place on an Aberdeen Angus steer and fifth on one senior yearling heifer.

Two Angus heifers will be shown today and two Hereford steers will show Sunday. The twelve head of horses taken will not be shown until Friday and Saturday. A. & M. will show twelve fat barrows starting today.

In the last two years at the fair, the college has won six first places, four second places, seven third places, four fourth places, three fifth places, and three sixth places. In 1939 A. & M. showed the senior champion bull and the grand champion bull. It also showed the junior and senior champion females and the grand champion female.

The senior livestock judging team will make a trip to Dallas county Saturday for a workout in preparation for the contests to come in the future. There is no contest at the fair, but the team is going to take advantage of the opportunity to work on some of the finest livestock in the United States.

Faculty Tennis First Round Matches to Be Played Next Saturday

First round matches of the Faculty Tennis club will be played Saturday, October 18, and second round matches are scheduled for Sunday, October 19, according to H. H. Garretson, president of the club. Unless rain plays havoc with the courts, the following first and second round matches will be played.

H. G. Whitmore will meet the winner of the Melvin Brooks-F. M. Smith match; C. E. Heiserman plays the winner of the J. H. Quisenberry-C. D. Laverty battle; A. H. Templeton and H. L. Kidd meet each other in the second round, the winner then being in the semi-finals.

Tommy Terrel will meet the winner of the G. E. Potter-J. W. Bouknight game; C. S. Bacon takes on the winner of the H. H. Garretson-M. T. Joseph tilt, and A. H. Sakowitz meets the winner of the W. S. Manning-G. J. Samuelson game.

Second round contestants are; Sam Levine vs Luther Jones; and Herley Bebout vs J. W. Wilson.

Scientists Discuss Studies and Research

Approximately 300 of the nations top-ranking scientists, representing all of the physical and biological sciences, will discuss and report their studies and research at the fall meeting of the National Academy of Sciences at the University of Wisconsin October 13-15.

The national academy is the only scientific body with official governmental rank. President Abraham Lincoln proclaimed it "scientific adviser" to the government after it was founded in 1863.

Only once before, when it met at Wisconsin in 1925, has the academy convened west of Chicago.

said in announcing plans for the nation-wide safety training project. "These safety training courses will give to the small plant operators an opportunity to develop accident prevention experts from the ranks of their regular personnel."

Secretary Perkins said that the entire membership of the National Committee for the Conservation of Manpower in Defense Industries, plus a paid field staff, will actively assist the local engineering colleges with this project.

WILLIAMSON

(Continued from Page 3)

26, Boston College 13, Army to have a hard battle to run over V. M. I. 27 to 20; Case just to skin by Kent State 7 to 6; U.C.L.A. for a close one over Montana 14 to 7; Vanderbilt over Kentucky 39 to 15; Texas Christian over Indiana 20 to 14; Kearney over Peru 13 to 7; and Tennessee over Dayton 26 to 0 (by largeness of score).

The System's best prediction in years was Sewanee over Davidson 7 to 0. Who else figured that one last week? Teams that have come through consistently for the System this season have been: Springfield (Mo.) Teachers, West Texas State, King, and St. Joseph—fine teams in the middle group.

Other good predictions included Texas Tech over Loyola, Elon over Lenoir-Rhyne, St. Vincent over Waynesburg, Temple over Georgetown, Baylor over Arkansas, and Tufts over Bates. Just as good were Santa Clara over California, Wofford over Erskine, Idaho Southern Branch over Gunnison, Cornell over Harvard, Monmouth over Coe, and Washington and Jefferson over Dickinson.

Four tie games last week were between teams rated within a fraction of a point: Gonzaga 26, Idaho 26; George Washington 0, Washington and Lee 0; Furman 0; North Carolina State 0; and South Carolina 6, Wake Forest 6.

For their 40 to 7 romping of Oklahoma, the Texas Longhorns earned the No. 1 national rating of 99.9. Duke's Blue Devils swamped Maryland 50 to 0 for the runner-up at 99.5. Navy smothered Lafayette 41 to 2 for the No. 3 post at 99.1. Others in the leading ten: Texas Aggies for routing N.Y.U. 49 to 7; Northwestern for trouncing Wisconsin 41 to 14 Minnesota for beating Illinois 34 to 6; Rice for nosing out Tulane Pennsylvania for taking Yale 28 to 13; and Tulane for hanging on.

Below is the Williamson Football Rating table for leading games reported through October 12, 1941.

Perfect Team	100.0
1. Texas	99.9
2. Duke	99.5
3. Navy	99.1
4. TEXAS A. & M.	99.0
5. Ohio State	98.4
6. Northwestern	98.0
7. Minnesota	97.3
8. Rice	96.4
9. Pennsylvania	95.7
10. Tulane	95.4
11. Oregon State	94.1
12. Santa Clara	93.9
13. Fordham	93.8
14. Nebraska	93.8
15. Michigan	93.7
16. Clemson	93.4
17. Dartmouth	93.1
18. Vanderbilt	93.0
19. Miss. State	92.9
20. Duquesne	92.8
21. Baylor	92.7
22. S. M. U.	92.6
23. Notre Dame	92.4
24. Alabama	92.1
25. Ole Miss.	92.0
26. Georgia	92.0
27. Temple	91.5
28. Stanford	92.1
29. Tennessee	91.1
30. Missouri	91.1
31. Columbia	90.8
32. Villanova	90.8
33. Detroit	90.6
34. Iowa	90.4
35. Michigan St.	90.4
36. Tulsa	90.1
37. Oklahoma	90.0
38. Texas Tech.	89.8
39. T. C. U.	89.7
40. Cornell	89.0
41. Wake Forest	88.7
42. South Carolina	88.7
43. Colgate	88.7
44. Marquette	88.7
45. Florida	88.6
46. Auburn	88.5
47. Wm. & Mary	88.2
48. Syracuse	88.2
49. Oregon	88.2
50. Purdue	88.1
51. Yale	87.5
52. Boston College	87.4
53. Army	87.4
54. Iowa State	87.4
55. Utah U.	87.3
56. Holy Cross	87.3
57. Georgetown	87.1
58. L. S. U.	87.0

60. Manhattan	86.8
61. Sewanee	86.8
62. No. Carolina	86.8
63. So. Carolina	86.7
64. Indiana	86.7
68. Harvard	86.4
69. Georgia Tech	86.3
70. Okla. A. & M.	86.1
71. Washington U.	86.1
72. U. C. L. A.	86.0
74. Y. P. L.	86.0
76. Washington State	85.8
77. California	85.6
81. Wisconsin	85.4
82. Arkansas	84.9
85. Colorado	84.2
87. West Texas State	84.0
88. Kansas	84.0
92. Pittsburgh	83.7
94. San Jose	83.1
95. N. Y. U.	83.0
96. Texas A. & I.	82.9
100. Colorado St.	82.2
111. Washington & Lee	81.1
117. St. Mary's, Texas	80.1
119. Hardin Simmons	80.0
119. Tempe	80.8
127. Denver	79.2
142. Texas Mines	77.3
144. Sam Houston	77.2
151. Citadel	76.8
152. Gonzaga	76.8
153. Pacific Colorado	76.2
164. Jefferson Barracks	76.0
173. Centenary	76.5
181. Howard Payne	74.8
207. Colorado Mines	72.8

NYA Enables 450,000 Students To Attend School Through Year 1941-42

By providing part-time jobs the National Youth Administration is enabling approximately 450,000 different students to continue their education during the 1941-42 academic year, it was announced by N. Y. A. Administrator Aubrey Williams.

It is expected that the number of students who have been able to work their way through schools and colleges by virtue of the part-time jobs provided under the N. Y. A. Student Work Program will

Livestock Judging Team Leaves Today For K C Exposition

Members of the livestock judging squad will go to the American Royal Livestock show at Kansas City to compete in the Collegiate livestock judging contest. The team will leave at one p.m. today and return at 12 p.m. Monday October 20.

Thirty teams will compete in the contest and the judging will be done Saturday. Contestants will judge classes and give oral reasons on eight classes.

Texas Christian Uses New Number System

Texas Christian University is now using the new player numbering system which is being given a try-out at various schools throughout the country. This new system has been inaugurated for the benefit of the spectators and is intended to make it easier to follow the players and to know who's doing what down on the field.

All ends wear a number in the 80's; tackles are numbered in the 70's; guards in the 60's; centers in the 50's; quarterbacks in the 40's; fullbacks in the 30's; left halfbacks in the 20's; and right halfbacks in the 10's.

In the line, the left ends, tackles, and guards wear odd numbers; right ends, tackles, and guards, even numbers.

pass the two million mark during the academic year now beginning. In the six years that the N. Y. A. Student Work Program has operated, an estimated total of 1,750,000 different students have been given the opportunity of continuing their education.

The average monthly employment on the Student Work Program for the 1941-42 academic year will be about 340,000. Counting the turn-over occurring at the end of semesters, the total number of different youth employed in the course of the year will be somewhat greater than the monthly average.

This year the N. Y. A. Student Work Program will operate in approximately 1700 non-profit making colleges and universities, and in 28,000 non profit making high schools.

Students to be employed will be between the ages of 16 and 24, inclusive, and in need of jobs to remain in school. Youth enrolled in secondary schools may earn between three and six dollars a month; youth enrolled as college undergraduates may earn between 10 and 20 dollars a month; and graduate students may earn between 10 and 30 dollars a month.

School officials are responsible for the selection of students to be employed, for assignment and supervision of work, and certain phases of administration of the student work program.
