

40 Seniors Are To Be Re-checked

Seniors Who Failed Physical Get Another Chance

Seniors who passed the physical at camp last summer on waiver will be given another chance next month. Two medical officers will come to College Station and give the physical examination on January 13-14.

There will be approximately forty seniors taking the examination who were allowed to continue their contracts because only a small defect, such as being overweight or underweight kept them from passing when the exam was given at camp. It is not known at the present time from where the officers will be sent, only that they will be here at this time.

Giesecke Wins F Paul Anderson Engineering Award

Dr. F. E. Giesecke, professor emeritus of A. & M. will be awarded the F. Paul Anderson medal in recognition of work done and services performed in the field of heating, ventilating or air conditioning at the meeting of the American Society of Heating and Ventilating Engineers at Philadelphia in January.

Dr. Giesecke is a former president of the A.S.H.V.E. and the medal was first awarded in 1932 to Dr. W. H. Carrier, chairman of the board of the Carrier Corporation. It was established by Thornton Lewis in 1930 in honor of Dean Anderson of the School of Engineering of the University of Kentucky.

Since his retirement at A. & M. Dr. Giesecke has spent a great portion of his time traveling over the country in the interest of the A.S.H.V.E.

Student Welfare Meeting Postponed

Dean Bolton's office today announced the postponement of the regular December 10 Student Welfare Committee meeting to December 17.

The student welfare committee, made up on one senior from each battalion on the campus and one representative from each of the three other classes, will meet with the faculty to discuss campus problems and solve these problems.

Dr L G Jones Shows Movies For Agronomy Students

Sound movies loaned by the Soil Conservation Service were shown last Wednesday night in the Agricultural building to a group of Agronomy and soil conservation students, by Dr. L. G. Jones of the agronomy department.

The films shown by Dr. Jones were "Rain in the Plains;" "Terraces in the Northeast;" and "Roads in Erosion."

Also shown at this meeting were colored moving pictures of the Kentucky Derby.

Huntsville Girls Are Guests Of ASME for Party and Dance

By Jack Keith

An afternoon party, a dance to the music of Topsy Pearce and the company of over 50 girls from Huntsville—all of these are on today's entertainment program for members of the A.S.M.E.

The girls, students of Sam Houston State Teachers College at Huntsville, will arrive by chartered bus about noon. Nearly all of them have been provided with blind dates, but there are a few who as yet do not have dates. Any ME or Aero student interested in taking one of these girls to the dance should go by and make arrange-

Town Hall Pianists

Fray and Braggiotti

Town Hall Presents Team Fray, Braggiotti

Swing, Classical
Pleases Audiences
Their Record Shows

Jacques Fray and Mario Braggiotti, outstanding piano duo, will be presented to the corps by Town Hall Tuesday night at 7 p.m. This pair of artists has pleased thousands throughout the country with their concerts of "dressed-up swing" and light classical selections, their record acclaimed.

The versatility of Fray and Braggiotti enables them to suit the tastes of any type of audience they may appear before. They are apt at playing the works of the masters such as Bach and Wagner, as well as the works of contemporary composers.

The team caters to the audience. The listeners select the pieces they desire by their genuine applause. If the audience leans to the lighter side of music, Fray and Braggiotti present selections in a lighter vein.

Two of the inevitable pieces demanded of the duo on any program are "Rhapsody in Blue" by George Gershwin, and Ravel's "Bolero."

It is not to be understood that Fray and Braggiotti are strict musicians. Indeed, one of their best numbers is a "Yankee Doodle" burlesque as it would have been played by Debussy, Chopin, and the other masters.

Surely such a variety of entertainment on the key boards could not fail to entertain every member of the audience, regardless of the taste, age, or temperament of the listener.

Fray has stated that they enjoy playing at colleges because the audiences are so warm and enthusiastic. Fray and Braggiotti should find the Aggie reception unequalled in appreciation and applause.

Texans Are Honest— Texas Librarian Says

Frank L. Winship, director of the drama loan library of the Texas university, is convinced that Texans are honest.

Last year the library mailed out 26,235 plays, having a total value of \$13,000, to readers all over the state with only their word as security. Less than \$50 worth of the plays failed to return.

The largest play-leading library in the world, the drama loan library contains more than 30,000 titles, including all major plays. Plays from its shelves are available to anybody in Texas who is willing to pay the postage—which usually amounts to six cents.

ments with Leland Ellis, H-4 Hart, this morning. Members of the ASME are invited to the Bryan Country Club this afternoon from 2 to 5. Refreshments and a juke box will be furnished by the ASME and there will be no admission charge.

Highlight of the day will be the dance tonight at Sbis Hall. Admission to the dance is not limited to members of the ASME as all mechanical and aeronautical engineers can go. Music will be furnished by the Aggeland orchestra and the price of admission is \$1.10. This is the first dance ever sponsored by the ASME on the A. & M. campus.

John Ashton Speaks Before Agronomy Meeting

Nicaraguan Soils
Feature in Talk By
A & M Representative

Dr. John Ashton, professor in the Rural Sociology Department, lectured last Thursday morning in the Agricultural Building to a group of 70 Agronomy majors on Nicaraguan agriculture and its soils.

He described soils, climate, people, social customs and opportunities for young men in Nicaragua. Dr. Ashton said that the chief agricultural products of Nicaragua are coffee and bananas although it ranks fifth in the production of coffee and first in per acre output.

He also read a poem translated into the native language and adopted by the Nicaraguan people.

Dr. Ashton spent one year in Nicaragua as an official representative of A. & M.

Baptist Give One-Act Play

Several A. & M. students have parts in the one-act play, "Outpost," which will be presented at the First Baptist Church, College Station, Sunday night at 8:00. The play is based on actual incidents on the mission field of northern India, depicting experiences in the life of a young missionary doctor.

The play begins in a humorous vein and comes to a climax when Doctor Ellison arrives just in time to prevent a Hindu boy from stabbing a blood-feud rival from the hill country.

Mrs. Harvey Hatcher, who studied dramatics at Alabama University and the Southwestern Seminary of Fort Worth, will direct the production. L. M. Haupt, Jr., of the Electrical Engineering faculty has charge of the lighting.

Those in the cast are: Charles M. Barnes, Oran D. Jones, James Kennedy, John Artie Browning, Miss Doris Gorbet, Miss Louise Perritte, Miss Arrenia Haupt, and Harvey Hatcher. Hatcher is a member of Alpha Psi Omega, national dramatics fraternity, and has experience in dramatic work at the University of Missouri, Stephens College, and the Southwestern Seminary of Fort Worth.

Cosmopolitan Club To Hear Kyle About South American Experiences

Dean E. J. Kyle will tell of his experiences on his recent trip in Central and South America before the Cosmopolitan Club Sunday at 3 p.m. in the parlor of the old Y.

The lecture will be illustrated by colored motion pictures which are a part of the twenty-five reels taken during the trip. This will be the first time the pictures have been available to the student body.

Dean Kyle made the trip as a good will ambassador sent by Nelson Rockefeller, commissioner of inter-American affairs. The trip was made possible through the cooperation of the Standard Oil Co. and the Anderson Clayton Co.

During his stay, Dean Kyle visited almost every country and major city in Latin America while studying their economic problems in order to make recommendations for the improvement of pan-American relations.

There will be several Latin American musical numbers on the program. Refreshments will be served at the meeting.

The Cosmopolitan club which is sponsoring the talk is composed of most of the Latin American students attending A. & M. and many of the American students. The object of the club is to bring about a better understanding between the young people of the Americas.

FIRST SERGEANTS

Any first sergeant who failed to call for his organization's copies of the October and November issues of the Engineer Magazine should come by the Student Activities Office and receive said copies. The same applies to any individual subscriber.

Tickets on Sale Until Holidays For January 1 Cotton Bowl Game

Fish Visit Mary Hardin Baylor for Reception Today

Dorothe Sullivan
Fish Class Leader
Sends Letter Here

Louis Bracy, president of the A. & M. freshman class, has received a letter from Miss Dorothe Sullivan, freshmen class president at Mary Hardin Baylor, extending an invitation to all the Aggie freshmen to attend a reception to be given in their honor Saturday, December 6th, at 8 p.m.

Lieut. Joe E. Davis stated that any freshmen desiring to go to Belton for the reception must fill out an individual pass and turn it in to the commandant's office before noon Saturday. The number one uniform will be worn.

Buses for the trip will be chartered. They will leave from the Aggeland Inn at two o'clock Saturday afternoon and return to the college immediately after the reception. Time will be allowed for the freshmen to escort their dates home.

Beautiful and charming girls, who are abundant at Mary Hardin Baylor, will be on hand to meet the Aggie buses when they arrive, Miss Sullivan stated in her letter. Immediately upon arrival, dates will be arranged for everyone for the reception.

Bracy expressed the desire that at least one hundred and fifty freshmen make the trip. The journey is made once a year for every freshman class. This year promises to be one of the largest receptions ever held due to the enormous freshman enrollment.

Miss Sullivan and the Mary Hardin Baylor freshman class deserve a vote of thanks from the Aggie freshmen for the gracious invitation and hope the trip will continue annually.

Saturday should be an enjoyable day and a memorable one for all who make the trip.

WSC GAME STARTS AT 4 O'CLOCK

The A. & M.-Washington State football game will be broadcast over the Texas Quality Network beginning at 4 p. m. Central Standard time. If the broadcast has not been completed in time for the 6:10 p. m. meal formation, the remainder of the game will be transmitted over the loud speaker systems in both mess halls so the cadets will not miss hearing any of the game, Cadet Colonel Tom Gillis stated yesterday.

Rumors of Early Holidays Squelched

Rumors that the Christmas vacation has been moved forward to the 17th have no foundation. No information is available from President Walton's office concerning the matter. Unless the executive committee meets to take action on the proposed change, the holiday will begin on December 20 at noon as originally scheduled in the college catalogue. Classes will be resumed on January 5.

The suggestion that the vacation be moved up was made to permit more cadets to attend the Cotton Bowl classic in Dallas on New Year's Day. If the holidays remain as originally scheduled, students who travel great distances to see the game will have three days after the game to spend in Dallas. The time will be too short for most boys to go home again. If the dates were changed, it would allow more boys to spend some time at home and still see the game.

Clothes Needed For Bundles For Britain

A new shipment of used clothing for bundles for Britain is being prepared for shipment next week. Clean, mended, woolen garments are desired. The need is very great for warm clothing for men, women, and children.

Anyone having any clothing to donate is asked to call Mrs. C. B. Campbell, 4-6574 or Mrs. D. W. Williams, 4-6654 or bundles may be brought directly to the Red Cross Center, Dean Puryear's old home.

Jarrin' John Outshines Cast;

Kimbrough Fans Pack Houston Theatre for Premier Showing

By Charlie Babcock

John Kimbrough fans packed the Kirby Theater in Houston Thursday night to capacity to watch the performance of their former All-American hero in the world premier of his first motion picture. Hu-

manity poured through the doors until officials were forced to hang out the "standing room only" sign. Unusual but not unexpected was the fact that a great number of the members of the audience were boys and girls of grade school age.

However, the audience was composed mainly of sports addicts. For four years the nation's sports pages have been filled with numerous tales of the one football player to come out the Southwest Conference to take his place among the all-time greats of the gridiron. So it was that his football fans wanted to see Kimbrough perform as a cowboy turned Texas ranger in Zane Grey's "The Lone Star Ranger."

Those same fans gave "Big John" a big hand when he made his personal appearance on the stage be-

Advanced Military Pay Available In Purchasing of Tickets by Notes

Tickets for the Cotton Bowl game may be purchased at the YMCA until the Christmas holidays. Since only 3000 tickets are available at the price of \$1.65, date tickets may not be bought until December 17 at that price. This restriction is necessary so that as many members of the student body as desire may obtain tickets.

Junior and senior military students who desire a get tickets by drawing on their January checks may do so by signing a promissory note for the amount of the tickets. These notes must be obtained from the senior instructor of the student concerned, who will certify that the cadet has a contract.

All students must present their coupon books when buying their own tickets and date tickets will not be sold except to purchasers of student tickets. A limit of one student ticket and one date ticket and two parent's tickets will be sold to each person. Parents' admission prices are \$2.50, \$4.40, and \$6.50.

Tom Gillis, cadet colonel, announced that the military science checks will arrive in January and will all be distributed in Ross Hall instead of by the senior instructors as previously announced. A representative of the fiscal office will be present to cash the checks and allow the student to pay his promissory note to a representative of the athletic council.

Gillis expressed the thanks of the junior and senior classes to W. H. Holzman, college comptroller, E. W. Hooker, athletic department, E. J. Kyle, chairman athletic committee and Major A. J. Bennett, adjutant, for making it possible for advanced military students to obtain cotton bowl tickets in this way.

YMCA Circulates Christmas Carols For Freshman Use

Following a custom inaugurated last year by J. G. Gay, associate secretary of the Y. M. C. A., the Y is giving out mimeographed Christmas songs for use of the Freshmen in their nightly caroling.

Eight songs are included in the group. They were chosen by Gay after consultation with a cross section of cadets. 2,000 copies of the songs have been made and are available to the freshmen of every outfit. They may be obtained from Gay at the old Y. M. C. A.

Voorhies To Speak At Chem Club Meet

Alexis Voorhies, Jr., associate director of the Esso laboratories of the Standard Oil Company, will address the A. & M. section of the American Chemical Society at the seventeenth meeting to be held Friday, December 12, 1941.

The meeting will be held in the chemistry lecture room at 8 p. m.

United Science Clubs Will Hold Meeting Dec 16

Many Science
Clubs Affected By
Organization Meet

The United Science club will hold its regular meeting for the semester Tuesday, December 16, at 7 p. m. Members are asked to watch for announcement of the place and the speaker.

The program of sending delegates to the Dallas meetings will be settled at this time. Since this is based upon active membership, secretaries of member clubs are requested to bring their rolls to the meeting or send them in advance to W. D. C. Jones, Box B, Faculty Exchange, Campus.

Members of the following clubs are automatically members of the U. S. C. of A. & M.: Biology, Pre-Med, Entomology, Fish and Game, Kream and Kow, Junior Collegiate F. F. A. Student Chapter American Society of Agronomy, Student Chapter American Veterinary Medicine Association, and Geology.

Officers of member clubs are urged to see that their clubs are well represented. No attendance effort will be made except through these officers. Any member of a science club is invited to attend the meeting.

Further information about the U. S. C. of A. & M. may be obtained at the Science Building, room 32, telephone 4-5664.

Church of Christ Mexican Missionary Will Speak Next Week

John Wolfe, experienced and traveled missionary, who has been working in Mexico for twelve years, will speak at the A. & M. Church of Christ Monday and Tuesday evenings December 8 and 9. Wolfe formerly worked among the Mexicans in El Paso, but several years ago he went into northern Mexico to establish churches. Chihuahua and Torreón were chosen as the sites for some of these churches.

Services will begin at seven p.m. Visitors will be welcome.
