

Official Notices

AGRICULTURAL SENIORS
I desire to announce that I will give a one hour credit course on Central and South America during the second semester. The class will meet in the Assembly Hall at 11:00 A. M. on Mondays. The course will consist of lectures and motion pictures taken on my recent tour of those countries.

The course will be required of all Agricultural seniors. Others may be admitted on request.

E. J. Kyle, Dean
School of Agriculture

ADVANCED ENGLISH ELECTIVES IN THE SPRING SEMESTER
In order that students who wish to vary their programs by including one or more English electives may have the necessary information in good time, the Department of English lists here the courses, sections, and teachers scheduled for the spring semester, and calls attention to certain permitted options.

305. Contemporary Civilization. One section, MW 10 (Mr. Mayo).

307. Technical Writing. Section 204P, TS 8 (Mr. Levery); Section 500P, MF 9 (Mr. Abbott). Where English 307 is listed as a requirement, certain options are listed in a note under the description of English 307 in the current catalog.

310. Phonetics and Pronunciation. One section, MWF 9 (Mr. Summey).

312. Shakespeare. One section, MWF 11 (Mr. Summey).

317. Commercial Correspondence. Three elective sections: 500S, MW 8 (Mr. Hedgcock); 501S, TTH 8 (Mr. Hedgcock); 502S, TTH 8 (Mr. Morgan).

322. Nineteenth Century Literature. One section, MWF 11 (Mr. Coffey).

328. American Literature Since 1870. One section, TTH 10 (Mr. Abbott).

405. Radio Speaking (2 credits). One section, TTH 11 (Mr. Spriggs).

416. Contemporary English Drama. One section, TTH 11 (Mr. Morgan).

Note: For English 210, students who have made an average grade of C in courses 103, 104, and 203 may substitute English 310 or 328 (page 177 of the 6th Catalog).

Members of the English staff will be glad to answer questions concerning the above listed courses.

Geo. Summey, Jr.

CHEMICAL ENGINEERING SENIORS
The Military Department has approved the substitution of Chem. Engrg. 450, Powder and Explosives, for Chem 448 in the second semester of Chemical Warfare Service. All engineering students taking Chemical Warfare except those who took the Powder and Explosives course in Defense Training last year will be expected to enroll for Chem. Engrg. 450 as a part of the general elective requirement.

Gibb Gilchrist,
Dean of Engineering

CLASS CHANGES
The following changes have been made in the Official Schedule of Classes for the second semester:

Aero. 405	Sec. 500	MWF11
Ag. Ec. 305	Sec. 500	TTHS9
Ag. Ec. 488	Sec. 201	TTHS8
Ag. 316	Sec. 201	TTHS5
M.S. 212	Sec. 504	Withdrawn
M.S. 302	Sec. 503	Withdrawn
M.S. 302	Sec. 504	Withdrawn
M.S. 302	Sec. 504	Withdrawn
M.S. 302	Sec. 507	Withdrawn
M.S. 302	Sec. 508	Withdrawn
M.S. 414	Sec. 502	MWF3
Phys. 204	Sec. 154	MWF511M1-3
R.S. 407	Sec. 500	TTH1F1-3
V.P.P. 121	Sec. 500	TTHS

The Department of Physical Education will be located on the first floor landing of the Administration Building each registration day for the purpose of assigning students to Physical Education courses.

H. L. Heaton

ATTENTION SENIORS
Because of the fact that many seniors apparently have been caught by the deadline on personnel leaflets, the final date of ordering these leaflets has been extended to February 1.—Placement Office, Association of Former Students.

C. P. T. SECONDARY APPLICANTS

Bill Buchanan, Bill Conatser, their assistants, Basil Hoyle, and Bob Buntin, managers, Mr. Penny and the rest of the officials, Jimmy Parker, the football players, and the athletic department deserve all the praise in the world for their unselfish assistance in putting over the Maroon-White football game this past Saturday afternoon . . . also orchids to Mr. G. B. Winstead of the Publicity Department for some expert announcing.

Flight and Ground School Course report to the Department of Aeronautical Engineering at their earliest convenience:

Flowers, Archie L.; Johnson, Dudley J.; Parker, William D.; Reeves, C. D.; Smith, Irvine F.—Howard W. Barlow, Professor and Head, Aeronautical Engineering Dept.

C. P. T. ELEMENTARY APPLICANTS
The following men who have made application for the C. P. T. Elementary Flight and Ground School Course report to the Aeronautical Engineering Dept. at their earliest opportunity beginning Saturday morning, January 17, 1942:

Anderson, Robert F.; Bannister, William L.; Beckley, Philip W.; Borgfeld, H. O.; Carns, George D.; Chang, Howard T.; Frazer, Robert Lee; Fulton, Ben. M.; Gillette, Richard B.; Hartman, William F.; Hendrickson, Leo W.; Holman, John M.; Parker, John H.; Ricks, Albert C.; Rogers, Edward T.; Scott, Pierce R.; Ulich, Willie Lee; Ware, A. S., Jr.; Watson, Arthur C.—Howard W. Barlow, Professor and Head, Aeronautical Engineering Dept.

NEWCOMERS CLUB
The Newcomers Club will meet with Mrs. H. W. Barlow, 301 Pershing, on Wednesday, January 21 at 2:30. Members who do not play bridge may bring their sewing.

BRYAN WOMAN'S CLUB
Bryan Woman's Club sponsors style show and tea for benefit of Infantile Paralysis Foundation Fund at Bryan Country Club, Tuesday, January 27, 7:30 P. M. Price \$3.50.

Mrs. F. P. Jaggi, Chairman
Mrs. G. F. Casell, Sr., Bryan Ticket Chairman
Mrs. C. N. Sheppardson, College Station, Ticket Chairman

POULTRY SCIENCE CLUB
There will be a meeting of the A. & M. Poultry Science Club in room 127 of the A. & I. Building at 7:15 Tuesday, January 20. All members and 201 Poultry Exchange students are invited to attend. Refreshments will be served.

Called meeting Brazos Union Lodge No. 129 tonight at 7:30. There will be work in the E. A. and F. C. Degrees. All members and visiting brethren are cordially invited to attend.
H. L. Boyer, W. M.
J. W. Hall, Secretary

LOST AND FOUND
To the students who have lost anything or who have something in their possession that does not belong to them: Please utilize the Lost and Found Department. Office in New YMCA, or see W. A. Gohmert, room 328, Dorm 8.

AUXILIARY FIREMEN
The auxiliary firemen will meet at the fire station on Tuesday and Thursday nights at 7:30, beginning this week. Please attend in order to complete your training.
F. G. Brown, Chief

A & M DAMES CLUB
All student's wives notice! Are you tired of hearing the word "quize"? Then how about coming to the A. & M. DAMES CLUB Wednesday night at 7:30 in the Music Room of the Library. Some members of the club will dramatize "Overtones"—a one act play. We will also have some music and the election of officers. So be sure and come as there will be a full evening of entertainment.
Mrs. H. H. Walker, Reporter

COSMOPOLITAN CLUB PICTURE
The Cosmopolitan Club will have their Longhorn picture made today at 5:15 in front of Guion Hall.

COLLEGIATE FFA MEMBERS
The Collegiate FFA Club picture will be taken Wednesday, January 21, at 12:45 P. M. in front of the Administration Building. All members are requested to be present on time, especially the junior, sophomore, and freshman members.

SCHOLARSHIP HONOR SOCIETY
All members of the Scholarship Honor Society who have paid their dues are urged to go to the Aggieland Studio as soon as possible to pay 50 cents each for their pictures in the Longhorn.

New Market Seen For Texas Cotton, Insulation Material

There is a new, almost untouched market for cotton that will use around 750,000 bales a year if only ten per cent of the potential market is captured.

The field is that of insulation. Use of cotton for this purpose is apparently past the experimental stage.

Most cotton insulation to date has been used in home construction. Tests, however, show that the lightness and cohesiveness of cotton insulation make it a natural where settling by vibration is a factor.

For this reason manufacturers are turning to cotton insulation in refrigerator cars and trucks and in household refrigerators. The product is now being tested for use in marine and airplane construction.

The Department recently announced that its Surplus Marketing administration would provide payments of nine cents per pound to holders of approved applications who manufacture and sell insulation made of cotton, cotton card strips, and cotton comber waste. This payment takes the place of industry's "introductory offer." The 1941-1942 payments are limited to the equivalent of 27,600 bales of cotton.

wire to give the finished product stability.

Next the leaves are replaced and fastened to the new stem with a waxy tape known to the trade as parafilm. The gardenia is then ready to be made into a corsage. The corsage maker for the gardenia department now fastens the desired number of flowers together and ties them with a ribbon which will blend well with the costume of the girl who is to be the proud wearer. This information is obtained from the order. The corsage now passes down the line to the sacker and checker who will in turn pass it on to the delivery man.

Each step requires considerable skill and consequently a different worker performs each successive operation until the finished product reaches the checker who passes upon the token before it is sent out of the shop. The concession is divided into separate department for each type of flower; roses, gardenias, carnations, etc.

DESTROYERS
(Continued from Page 1)

ings, such as Ensign, Lieutenant, Junior Grade, or Lieutenant. The Navy has no vessel better fitted to try a sailor's "Seagoing stomach." Often for days at a time destroyer crews eat their meals standing, holding to a staunchion for dear life, as the sturdy little vessels plow into green seas and come up with white spray flying. Yes, the man who has rounded the Horn on a tin-can may truly be called Father Neptune's God-child!

CPT TRAINING
(Continued from Page 1)

contemplating joining the Air Corps in preference to being taken as a selective service trainee are recommended to participate in the C.P.T. program since this gives them an opportunity to continue with their school work while learning to fly. The Army and Navy Air Services allow 30 hours of credit for successful completion of the secondary course.

Students who have R.O.T.C. contracts are urged to participate in this program also. After receiving commissions upon graduation, they can apply for transfer to the Air Corps and receive the pilot training with officer's status rather than as flying cadet. The Army has rendered excellent cooperation in this matter by facilitating this transfer.

Age Limit Reduced
The age limit for entrance into the primary course has been reduced from 19 to 18 years in view of the similar reduction made by the Air Corps. Notice of this change has just been received, and any applicants who have been rejected because of age limitations are urged to apply at once.

Secondary Trainees Needed
A sufficient quota of secondary trainees has been received so that there is excellent opportunity for all applicants to receive this training. Any student interested in either the primary or secondary course is urged to apply immediately at the Department of Aeronautical Engineering, Aeronautical Engineering Building (Old Laundry Building). Ground school classes will start the first week of school.

NYA Placement Record Improves

Between October 1 and December 1, 1941, approximately 55,000 young people who got their practical experience on the National Youth Administration work programs secured jobs in private employment, bringing to a total of 399,115 NYA youth who went into private jobs in the first 11 months of 1941, it was reported today by Aubrey Williams, NYA Administrator.

Among the various war production industries in which NYA youth have been placed are aircraft production, shipbuilding, machinery and equipment, chemical products, iron and steel products.

At the present time all projects of the National Youth Administration are designed to prepare young people for specific jobs in war production industries or for occupations essential in the civilian defense.

Of the 399,115 NYA youth who went into jobs in private industry in the 11 month period ending December 1, 264,334 were young men and 134,781 were young women.

This Collegiate World

ACP

One of Columbia university's best known and best loved characters, who watched Columbia change from a "country college" into a metropolitan university, has resigned at the age of 79. After 90 years of service as grounds keeper, Joe Mozzeo retired "to take in the sights and try to keep track

of this crazy world." At a farewell party given by fellow employees, "Old Joe" reminisced: "I saw them tear down the old Bloomingdale Lunatic asylum to make way for the college buildings. At first you could hardly tell the difference between the lunatics and some of the students."
