ENGINEERS WANTED—We have the following communication from the Cities Service Oil Company, Bartlesville, Okla.

New Registrants Required to Leave Permanent Address for Draft Board

A Selective Service registrant, at the forthcoming February 16th registration of men in the military service age bracket of 20 to 45 years old, who has more than one place of residence may choose which one he wants recorded as his place of residence to designate the local board that always will have jurisdiction over him, General J. Watt Page, State Selective Service Director, said today.

General Page emphasized, however, that no transient address may be recorded and that Selective Service registrant in the State of Texas interference or dictation by a registrar when a registrant who has more than one place of residence is making his choice as to which he desires recorded as his home address.

tered at his home address and be subject to call to fill quotas from that Local Board. That is a basic principle of democratic procedure and I expect every Selective Service registrar in the State of Texas to adhere strictly to it."

A description of the place of residence of the registrant, General Page stressed, will once and for all time determine the local board that will have jurisdiction over the registrant. The mailing address, however, can be changed when necessary and local boards will send their notices to the mailing addresses without regard to place of residence. While the mailing address is subject to change whenever the registrant moves, General Page pointed out, registrars are instructed to warn the registrant that once he designates his place of residence he irrevocably designates the local board which will have continuous jurisdiction over him.

"It is the intent of the law and the purpose of Selective Service Regulations," General Page pointed out, "that each man be regis-
