

Official Notices

Official notices must be typewritten and double spaced and turned in at the Student Activities office, Room 126 Administration building, by 2 p. m. the day before they appear in The Battalion.

Executive Offices

DAYLIGHT SAVING TIME
Daylight saving time becomes effective on February 9, 1942.

The purpose of daylight saving is to conserve electric energy and human energy, but since the schedule for students extends from 8:15 a. m. to 11 p. m., at both which times the use of artificial light is necessary, no more effective use of daylight would result to the student from starting the day one hour earlier at this time of the year. All activities of the College are coordinated with the student schedules.

The following regulations will be effective at midnight February 8, 1942:

1. College clocks will be changed to conform to the new time.
2. On the same date the schedules of all College divisions, including Agricultural Experiment Station, Extension Service, and Forestry, will be one hour later by new clock time; i. e., classes scheduled for 8 a. m. will meet at 9 a. m. by the clock; office hours will be 9 a. m. to 6 p. m.; the noon hour will be 1 p. m. to 2 p. m., etc.

T. O. Walton,
President.

DEADLINE FOR CHANGING COURSE
—SATURDAY, February 7, is the last day for adding new subjects and for dropping subjects without a grade this semester. Subjects dropped after 12 noon Saturday will carry a grade of "F."—F. C. Bolton, Dean.

1941 LONGHORNS—The Student Activities office is holding a number of 1941 Longhorns belonging to students who paid for them last year. If these are not called for by February 10, they will be offered for sale.

Meetings

A. S. C. E. MEETING—There will be an A. S. C. E. meeting tonight at 7 in the C. E. lecture room. Plans for the dance and other business matters will be discussed. Student talks will also be given.

Aggie Shakes Hands With King George

It must have been that "thrill of a life time" for Pilot Officer W. H. Baker, Jr., (arrow) when he shook hands with King George of England who was inspecting Baker's unit with Queen Elizabeth recently. Baker was a junior in A Coast Artillery last year before he went to Bakers Field, California, for his flight training. From California he went directly to London, England, and joined the RAF.

Defense Health, Emergency Medical Care Program Begun by Health Dept

By The State Health Dept.

AUSTIN, Texas.—In a special message from Washington, where he had gone to confer with national officials on civilian defense, Doctor Geo. W. Cox, State Health Officer, who was recently named by Governor Stevenson as chairman of Defense Health and Emergency Medical Care, today urged that every citizen of Texas register immediately for some type of civilian defense activity.

"The urgency of immediate civilian defense training is surely apparent after what has happened to the peaceful civilian population in our Pacific Island possessions.

"The grim reality of a total war declared against our people by a treacherous enemy changes vague plans for future defense into a present and urgent necessity for immediate action.

"The time for good intentions has passed," Doctor Cox stated. "This emergency makes action imperative. I know the people of Texas are ready and eager to serve, and the time for service has arrived."

Outlining the three phases of civilian defense that he believed should be instituted at once, Doctor Cox included first air training, the organization and training of nurses' aides, and emergency sanitary corps for every community.

"These duties are the personal responsibility of every man and woman," Doctor Cox said. "No one else can shoulder them for you. Communicate immediately with your Mayor or County Judge, both of whom are acting as civilian defense coordinators."

In cities and incorporated towns, Mayors are serving as civilian defense coordinators, while in rural districts, or unincorporated towns, the County Judges are acting in

overshoes—low quarter. Return to Alvin Vener, 418 No. 2 or 4-9294.

LOST—Green Parker fountain pen. Name on side. Please return to George Chappas, F-13 Hart. Usual reward.

LOST—Small black bag. Left on Bryan corner about 3:30 Saturday. Will any of Aggies who were with me at the time contact me, Cunningham, Room 328, Dorm 2.

FOUND—Will the person who lost his wrist watch Sunday afternoon claim it at Room 222, Dorm 2.

Next Civil Service Exam For Air Inspector

Air Safety Investigator positions in the Civil Aeronautics Board are to be filled as the result of an examination announced today by the U. S. Civil Service Commission. The salary is \$3,800 a year. Applications will be accepted until further notice. One thousand hours' flying time is required, as well as eight years of appropriate aeronautical experience. College study may be substituted for part of the experience.

Metallurgists are still needed by various Government departments. Positions pay from \$2,000 to \$5,600 a year. The new examination just announced has modified experience requirements, which include the completion of a four year college course in chemistry, geology, mining, physics, engineering, or metallurgy, and appropriate technical experience in metallurgy. Provision is made for the substitution of relevant graduate study for experience. In the junior grade, appropriate credit will also be given for defense training courses in metallurgy. No closing date for applications has been set.

The commission also announced an examination for translator positions, paying from \$1,800 to \$2,300 a year. Optional languages are Chinese, Danish, Dutch, French, German, Hebrew, Italian, Magyar, Modern Greek, Norwegian, Polish, Portuguese, Russian, Spanish and Swedish. Applicants may be tested in one or more languages. The closing date for applications is March 17, 1942.

All applications must be sent to the Washington office of the Civil Service Commission not later than the closing date specified. Full information as to the requirements for these examinations, and application forms, may be obtained from College Station, Texas, Secretary of the Board of U. S. Civil Service Examiners at the post office, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second class post office.

Freshman curriculum at Brooklyn Polytechnic institute has been lightened considerably, as the result of a study of freshman loads undertaken by faculty committees.

Musical Meanderings

By Murray Evans

The remarkable success of Tschaiikowsky's "Piano Concerto" has lifted Bobby Worth, composer of its lyrics, to the top of the list of songwriters. Worth attributes its success largely to the fine recording made by Freddy Martin's orchestra. Besides the Concerto, Worth is also the composer of "Do I Worry" and "Til Reveille." More than 400,000 records of "Do I Worry" have been sold, the Ink Spots taking the credit, as is their usual wont with so many recent ballad numbers.

Worth has some definite ideas on present war tunes as contrasted to those of the last war. He thinks that the public is more sophisticated than it was in the last war and that it will respond much more readily to tunes like "My Sister and I" and "Til Reveille" than to the more rollicking World War 1 hits such as "Tipperary," "Katty," and "How're You Going to Keep Them Down Galley 4 On the Farm."

Certainly there will be a definite need for love songs and novelty numbers as an escapist means, to divert war-weary minds and to inject humor and sentimental appeal, as a tonic, into a people geared to the monotony of war.

Cero Ball Is New Addition to Social Calendar for Spring

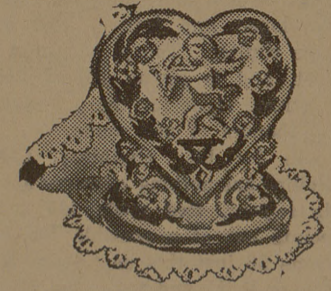

Something new has been added to the social calendar. The Cero Ball, which will take place on February 14, is the brain-child of the Aero and A.S.C.E. clubs. The two campus organizations are combining their efforts to make it a success.

Aero students should especially take notice, because the dance is listed as the A.S.C.E. Ball in the social calendar. Orchestra Pearce and his Aggieband Orchestra will furnish the rhythm and several bus loads of T.S.C.W. beauties are expected to furnish dates for those C. E.'s and Aero's who are too bashful to drag their own.
