

## Program Released for April 4-5 Festivities

### Q M Training Probably Will Open Monday

#### Men Selected Be Notified When To Change MS Classes

The training for the newly instituted Quartermaster Corps branch is contemplated to start next Monday, Lieut. M. E. Speer, temporary tactical officer for the unit, said yesterday afternoon.

Men selected for the course should continue attending their present military classes, however, until they are notified to change by the Military department Lieut. Speer added.

Jack Cleveland and Curran Garrett have had their names added to the list of those seniors who are to transfer to the QMC. The list of Juniors has not been completed and will not be released until all of the men have been selected.

As yet no word has been received by the Adjutant for the immediate organization of the Ordnance branch, but Major A. J. Bennett is of the opinion that official orders will be received shortly.

#### Kadet Kapers

Kadet Capers will not be held tonight because its sponsor, R. W. Jenkins, has been called to Houston on account of sickness. Jenkins states that a bigger and better program will be presented March 28.

### Junior Judging Team Wins Second

A. & M.'s Junior Dairy Cattle Judging Team won second place honors in a competition with six other teams in the Collegiate Dairy Cattle Judging Contest held last Monday at the Southwestern Fat Stock Show in Ft. Worth.

The team, coached by A. L. Darnell of the Dairy Husbandry Department, consisted of Doyle Moore, M. B. Carpenter, George Roberts, and E. M. Prather. The team won first in Jerseys and tied for fifth in Holsteins. Doyle Moore ranked first in Jerseys; George Roberts, second; M. B. Carpenter, fifth. Moore also ranked fifth in Holsteins and was trailing the high point man from Oklahoma A. & M., by one point.

### Cosmopolitan Club Holds Party Sunday

There will be a joint dance of the two Cosmopolitan clubs at Denton on Saturday night, April 11, TSCW members notified Aggies today. This promises to be the gala spot of the Cosmopolitan social season, and every effort should be made by the club members to attend this coming dance.

Tomorrow afternoon at three o'clock there will be a party at the old "Y" chapel with dancing to the tunes of Xaxier Cugat and his incomparable Waldorf Astoria orchestra. All members are urged to attend, and names will be taken of those students who intend to make the trip to Denton on the week of April 11. Let's make this tea dance tomorrow a success; bring your girl friends and learn the rumba.

### Biology Club Shows Educational Films

Three movie films were shown at the meeting of the Biology club Thursday night. The films shown were entitled "First Aid," "Tuberculosis" and "Digestion of Foods." The films were secured from the Epru Classroom Films distributor at Austin.

### Lieutenants-To-Be of the Leatherneck Corps

Above we see Aggies swearing into the Marine Corps to go to training school and become Lieutenants in Uncle Sams corps of Leathernecks. They are G. A. Adams, Jr., B. S. Dudley, Jr., R. L. Oliver, E. B. Wheat, W. H. Crump, W. M. Longbotham, J. H. Maher, J. T. Newton, J. P. Passons, G. A. Rheman, Jr., E. P. Robinson, M. E. Simmons, E. J. Smith, G. L. Tole, J. K. Wells, R. W. Yerkes.

### A&M Politics Swing Forward With Twenty Five Candidates Handshaking

Politics—that human institution that makes the world go round—has invaded Aggeland in a big way. Candidates for all the offices are covering the campus with their politician smiles, handshakes and "vote for me's". In fact, they'll do everything for you a politician should expect give you a ten cent cigar and kiss your baby.

It's still not too late to get in the middle of the race. Candidates may file for Junior yell leader until noon Monday; for Longhorn Editor, Social Secretary and Town Hall Manager until March 24 and for Battalion Editor and junior representative on the student activities committee until April 8. Thus far a total of 25 candidates have filed for the various offices.

The following is a complete list of candidates who had filed by yesterday afternoon. The student elections committee will meet Monday for the purpose of certifying the qualifications of the various candidates. Ken Bresnen has filed for Battalion Editor; H. O.

### Manfredini Speaks On Latin Americas

Members of the Marketing and Finance club and the Latin American seniors heard Dr. James M. Manfredini of the University of Houston speak on "Latin America and the Economic War."

Dr. Manfredini is a noted authority on Latin American affairs. He was introduced to a large audience by Harrison Bancroft, vice president of the Cosmopolitan club. After the talk questions were asked by members of the group and a general discussion was held.

Kunkel and John B. Longley for Longhorn Editor; E. A. Gordon and C. H. Wallace for Engineer Editor and Walter Cardwell and Dave Pinson are candidates for the Agricultural Magazine.

Other candidates are: Senior Representative on the Student activities committee, S. K. Kirk; Bill Adkisson, John Lawrence, W. F. Dreiss and Dwain Treadwell for Town Hall manager; A. P. Cokinos, Bernard Booth, Joe Clark, Flave Pledger, Rodney Brauchle, W. B. Bulky, Jack Barton and Frank LeBus have filed for junior yell leader; Bobby Stevens, Tommie Pierce, "Bum" Bright and Jack Miller for Social Secretary and Sid Smith, R. L. Haines and R. O. Thompson for junior representative.

### Shakespeare -- "Beware Ides of March" Grades Will Be Released Today

"Beware of the ides of March," were the warning words of the soothsayer in Shakespeare's "Julius Caesar."

With but little change, these words could be altered to fit the situation faced by all Aggies today: "Beware of March 21."

Behind this warning lies the inevitable fact that today, each department turns in the mid-semester grades to the registrar's office. From here, the reports will be mailed to each student's parents. After that the worries all belong to the students.

### National ASME Meeting Will Be Held Next Week

#### Semi-annual Inspection Trip for Engineering Students at Same Time

Junior and senior members of the A.S.M.E. will get excused absences to attend the national meeting of the American Society of Mechanical Engineers which will be held Monday, Tuesday and Wednesday, March 23 to 25, in Houston. Those attending the meeting will also make the inspection trip held semi-annually by the student engineers.

Senior members will spend Monday morning in an inspection tour of the Hughes Tool Company. Monday afternoon and Tuesday morning will be taken up by the contest of Presentation of Student Paper Comprisers, competition entered into each year by the different clubs. The Monday night program will be on war production and manufacturing problems. Many new methods of manufacture will be presented at the program. All day Wednesday will be spent at the Lone Star Portland Cement Company and at the Houston Shipyards.

Junior members will make a trip to the Southern Pacific Railroad shops while in Houston and will attend the A.S.M.E. meeting Monday afternoon and Tuesday morning. The juniors will come back Tuesday night; the seniors will come back Wednesday night.

Instructors who will go along on the trip are V. M. Faires, A. V. Brewer, W. E. Long, and C. W. Crawford, who will be in charge of the tours.

### AAA Will Move To New Offices About April 1

#### Best State Quarters In United States Will Adorn Aggie Campus

In the vicinity of April 1st, the Agricultural Adjustment Administration will move into its new building located just beyond the new dormitories.

These quarters are by far the best state AAA offices in the United States. The building is an impressive structure, and is one the Aggies can be proud to have adorn their campus.

After six years in the temporary frame building built for them just back of Kyle Field by the college, the AAA staff is looking forward to occupying their new lodgings. Much more space will be available, and the office facilities will be greatly improved.

### Fish and Game Will Give Full Semester in Field

#### Eighteen Hours Credit Planned For Courses In All Phases of Wildlife

A full semester of field courses in Mexico this summer will be given by the Fish and Game Department of A. & M., it was announced by Dr. William B. Davis, acting head of instruction.

The proposed course will carry full eighteen hour credit and will include work in Ornithology, field techniques in studying birds, reptiles, mammals and plants and fisheries, including stream surveys.

The party will leave College Station June 1 and return in mid-September, camping and studying in the various biogeographical areas of Mexico, including the region south of Mexico City. Students will have an opportunity to visit much territory in Mexico and become better acquainted with the people, Dr. Davis announced.

A meeting of those interested in the trip will be held in the A. & M. Animal Industries building at 5:00 o'clock March 23. Those unable to attend the meeting should write Dr. Davis, for complete information.

### "Hank" Newman '42 Passes Away After Delicate Operation

Henry Ware "Hank" Newman, Austin, who graduated in Animal Husbandry February '42, passed away Saturday as the result of delicate brain operation in Galveston. Funeral services were held Monday afternoon in Austin. Fred Hohmeyer, A Cavalry; Harold Hickey, Corps Headquarters; Richard Elliot, Corps Headquarters; Henry Tischler, F RC; Ollie Livingston, A Infantry; Paul Stevens, M Infantry from A. & M. acted as pallbearers.

### Scientific Exhibits Will Cover Campus on Saturday

#### Arrangements Made so That Students Will Not Miss Easter Day Religious Services

Official program for the week-end of April 4-5, including Engineer's Day, Agriculture Day and Parents' Day was announced yesterday by the committee in charge of arrangements. Highlights of the program are the agricultural and engineering exhibits to be shown on Saturday and the annual flower-pinning ceremony on Sunday. The schedule of events has been arranged so that no student will have to miss his religious services on Easter Day.

Saturday morning the program will begin with a meeting of the State A. & M. Mothers' Club in the YMCA at 11:00 a.m. Mrs. T. O. Walton, president of the state club will preside. Saturday afternoon a tea will be given for all visiting parents by the Brazos County A. & M. Mothers' club.

That night Dr. and Mrs. T. O. Walton will have a reception on the lawn of their home. The Aggie Band will play for the occasion. A special program of Kadet Kapers will be presented for the benefit of the parents on the campus, and it will be followed by the annual Engineer's show.

Sunday morning the annual flower-pinning ceremony will be the first event of the day. As in the past, each company, battery and troop will form in mass formation in their company street. At this time, cadet commissions will be awarded, best drill medals will be awarded and watches will be presented organizations commanders. This ceremony will be followed by the annual Parent's Day Review and a non-denominational Easter program on Kyle Field.

The program on Kyle Field will be over by 11 o'clock and all cadets and parents are encouraged to attend their own church for Easter services of their own denomination. (See PARENTS' DAY, Page 4)

The center will be able to furnish information on all phases of the national defense program and the social and economic problems emerging from the crises. The information bureau will also serve as a correspondence center for all the key areas of civilian defense in the vicinity.

The information center will undertake to organize a committee for the maintenance of civilian morale, will organize a comprehensive War Information bureau for the benefit of the general public, and any other duties to contribute to the social welfare of the civilians during the emergency.

A. & M. is one of one hundred and forty colleges and universities to be asked to act as key centers of information during the emergency. The general plan of the U. S. Department of Education is to have one such key center for each millionth population and major fraction thereof.

### Cotton Ball Social Committee Will Pick Queen and Her Court

The social committee for the annual Cotton Pageant and Ball consisting of Howard Brians, Fred Coley, Milton Brenner, Jewel Ramage, "Bugs" Tate, Jorge Villamil, Julio Trigo, and Gene Wilmet, will leave Saturday for Denton to select the Queen of the Cotton Pageant and nine maids of honor to serve with her at the annual festival.

The girls will be selected from the princesses and duchesses at the annual T.S.C.W. Redbud Festival. The 11th annual Cotton Pageant will be held May 1 in Sbsia Hall starting at 8 p.m. The ball will follow at 10 p.m.

### Holmes Speaks For Aggie Chemical Club

Dr. Harry N. Holmes, President of the American Chemical Society, spoke to the A. & M. section of the Chemical Society Wednesday night on the subject Vitamins and Public Health.

For soldiers, sailors and aviators in the service, as well as for many civilians, actual dietary supplements of vitamins or their concentrates are advisable, Holmes said.

Although there is no danger of a food shortage, the problem consists of a wise selection of foods to furnish a well balanced ration rich in all the important vitamins and minerals.

### Yarborough Speaks For Rural Sociology

Dr. Joseph U. Yarborough, chairman of the Merit System Council of Texas, spoke to the Rural Sociology Club Tuesday on the possibilities of employment in State welfare organizations. Dr. Yarborough spoke by request of the club members before an interested audience.

## Are You Methodist, Farmer or Play Intramurals? Then You Are in Majority Accounting Survey Shows

By Clyde C. Franklin

Are you a participant in intramural sports, a Methodist, a son of a rancher or farmer, and leave the campus 10 or 12 week-ends a year? If you are you are in the majority at A. & M. These questions along with 21 others were recently answered by Professor H. A. Dulan, and his Machine Accounting 311 students, in a campus poll of opinion conducted in somewhat the same manner as the National Institute of Public Opinion.

After the information was gathered from a 10 percent representative sample of students taken from the schools of agriculture and liberal arts, it was compiled by this class with the aid of machines furnished the school by International Business Machines Corp.

In this survey it was found that 30.42 percent of the students here are Methodists, 22.09 percent Baptists, and 13.32 percent belong to the Presbyterian church. Only 7.08 percent of the students belong to no church at all.

The question asked concerning athletics showed that 78.37 percent of the enrollment takes part in intramural athletics but 16.44 percent take part in no sport at all.

Plenty of Singers

Bath taking tenors seem fairly numerous here as 7.45 percent of the student body claims to have a talent for singing. Instrumentally the corps is represented by 24.99 percent of its total individuals but 36.83 percent professes no talent at all.

An old Aggie tradition says that Aggies make the 200 mile trip to Denton to TSCW on week-ends but newer information disproves this as the major portion of the corps goes to Houston on week-ends. In fact, 20.98 percent go to Houston as compared to 12.27 to Dallas, 7.92 percent to Austin and 3.56 percent to Denton for week-end jaunts.

Few Chew and Spit

Only about 0.40 percent of the corps chews tobacco the statistics reveal. Over one third of the Ag-

gies do not smoke at all.

Because the representative sample was taken from the schools of Agriculture and liberal arts, the information as to the parents occupation may be slightly in error when applied to the whole school but the information obtained showed that 28 percent of the parents were engaged in farming or ranching operations.

Careful study of the information showed that where grades are concerned students coming from towns of 2,500 or less had the highest percentage of low grades, and the next highest percentage of low grades came from students coming from cities of over 50,000 people. Towns falling within the

2,500 to 50,000 population group showed a fairly constant number of students in each group of grades.

Thirty-two and four-tenths percent of the enrollment is freshman, 24.8 percent sophomore, 23.6 percent junior and 19.2 percent senior.

#### Mary Can Type

A higher percentage of students were found to be able to type than to take shorthand indicating that students deem it important to type for ones self but find it unimportant to be able to take shorthand unless desiring to work for someone else. Neither course is offered here and this information (See SURVEY, Page 4)
