NOTICE TO PATRONS OF THE A. & M. CONSOLIDATED SCHOOL.

We are now taking the school census for the school year 1942-43 and would like for all patrons who have not sent a census blank to the school to please call the Superintendent's office or get in contact with one of the teachers of the school so we can see that you get a census blank. We especially urge all parents who have no children in school but whose child will become six years old before September 1st, 1942, to report at the Superintendent's office so the child might be placed on the

Kadet Kapers Back Again With Singer June Jones Featured

After a lapse last week because of the absence of Richard Jenkins Kadet Kapers will be resumed tonight with another entertaining program for Aggies and their week-end dates.

Tonight's version of Kadet Kapers will feature the songs of pretty June Jones, songstress from Houston. She will be accompanied by Lynn Morse. Also for the entertainment of all Aggies will be a new song sheet, and some more surprises for everybody's enjoyment.

AUSTIN TO

(Continued From Page 3)

Albert Ricks of A. & M. All of these boys are exceptionally good, and the high jump should be one of the most closely contested events of the entire meet.

Strong Fish Team

Coach Rollins also took his strong freshman track team to Austin, where they will be entered in the junior college class, freshman division, of the meet. High hopes are held for the Fish in this meet on the basis of their excellent performance last week in Fort Worth. In that contest they amassed a total of 70 points, which prompted Coach Rollins to say that this is one of the best freshman track teams in his experience at A. & M.

census roll for the next year. Some students have graduated and are in college but will still be under 18 years of age on September 1, 1942. These people are eligible for the census roll and each member of the census roll means \$22.50 for our school finances.

We will appreciate very much any assistance you can render in helping us have a 100% roll for the year 1942-43.

Cary Has Ideas

A scene of whimsical humor, this, from "Suspicion" in which Cary Grant demonstrates to Joan Fontaine how, he conceives, she might arrange a more becoming hairdress. The two are co-starred in the picture which opens at tonight's midnight show at the Campus.

College Station to Cooperate With Governor's Clean-up Plan

The week of March 29 to April 4 has been designated Civilian Defense Clean-up Week by proclamation issued by Governor Coke R. Stevenson. Fire Chief F. B. Brown, of the College Station department, announced that an inspection would be made in College Station and that all residents are urged to cooperate in the clean-up drive by placing all trash at the curb ready to be picked up by trucks.

Failure to cooperate will result in reports being filed against residents with unclean premises. Brown stated that cans and trash could be packed in sacks, boxes or large cans and should be placed at the curb in such shape that it could be picked up easily. "I urge all residents of the College Station business district, residential district and college area to lend full cooperation in this important national defense drive," Chief Brown stated.

Governor Stevenson's proclamation read in part: "I call upon the citizens of Texas to cooperate

ODDITIES

(Continued From Page 2)
The disease is carried by rodents such as the rat and ground squirrel, and is transmitted by the bite of a flea indigenous to these rodents. In 1899 some oriental rats made good their escape from freighters at California docks. These rats were infected with bubonic plague, and were probably the first to carry this disease to American shores. Before the situation was controlled, these rats managed to infect a specie of ground squirrel that lived in the less densely populated areas.

Campaigns of eradication have been inaugurated from time to time with little success. Isolated cases in humans crop up ever so often to remind us of the ever-present threat of a bubonic epidemic were domestic rats to become infected, thus carrying the disease to thickly populated cities.

Rabies or hydrophobia is a disease that is caused by a virus that is transmitted through the bites of infected animals. In 1914 a rabies outbreak caused the loss of many hundreds of thousands of dollars to the live stock industry, not to mention some 1,500 people bitten by rabid animals. Homeless dogs throughout the nation together with the coyote in certain

mitt's choice for the mound against the Mustangs Monday. The blond Austin hurler is pitching his best ball to date, having already annexed two important tilts which included sixteen consecutive scoreless frames.

J. D. (Smokey) Carden will probably get a starting assignment against S.M.U. Tuesday with Johnny Shufford and Bill Henderson being slight possibilities. Stevenson will pitch against the T.C.U. Horned Frogs Thursday.
