Band Presents Second Concert Sunday Afternoon

Harpist Cynthia Lancaster Featured On Guion Hall Program

In the second of its spring concerts tomorrow afternoon, the Aggie Band will present a concert in Guion Hall at 4:30 o'clock as a part of the Parents' Day program, Bob Russell, major of the band, announced. The featured artist on the concert will be Cynthia Lancaster, who will render a harp solo.

The program has been divided into two sections. The second is dedicated to the Ivanhoe Commandery Knights Templar, Lt. Col. Richard J. Dunn, A.B.A., stated that all Sir Knights and the general public is invited to attend the concert.

Six numbers comprise the first section of the program, which will be opened with the National Anthem. Second will be the march composed by Col. Dunn, "The Ross Volunteers." "Pique Dame," an overture by F. von Suppe and the selections "It Happened in Nordland," by Herbert, and "Second Hungarian Rhapsody," by Liszt will be the other numbers performed by the band in the first section.

Miss Cynthia Lancaster, of T. S. C. W. in Denton, will play a harp solo, "The Brook," by Zabel as the last number of the first portion of the concert.

The first number of the second section dedicated to the Ivanhoe Commandery Knights Templar will be the march, "Knights Templar," by Carter. The remainder of the concert will be made up of "The Crusaders" overture by Buchtel, the march "St. Denis," by Teike, and "Faith Eternal," by Buys, a fantasie on the popular hymn, "The Old Rugged Cross." The last number of the program will be the War March of the Texas Aggies.

Tonight at the reception honoring visitors here for the Parents' Day program on the lawn of President T. O. Walton's home, the band will play a short concert.

Col. Dunn said that the public is invited to hear the first concert appearance of the Aggie concert band this season tonight.

Assisting Col. Dunn in conducting the concerts is Tom Slack, student conductor from Amarillo.

Kapers Trio

Appearing on Kadet Kapers tonight in a special act of piano playing and tap dancing is from left to right Miss Gene Farley, Vesta O'dell and Marilyn Cornelius. Miss O'dell, at present a student at W. T. S. T. C. at Canyon, is the pianist.

First Feminine Member of Aggie Band Plays at 4:30

Cynthia Lancaster, harp soloist with the Aggie Band, is the only feminine member in the history of the band. Although a freshman at TSCW in Denton, she will appear as guest soloist with the band on its Easter concert in Guion Hall tomorrow afternoon at 4:30 o'clock.

Cynthia is a native of College Station and attended the A. & M. Consolidated school. During her senior year in high school, in addition to her musical activities, she was chief yell leader of the high school pep squad. She has won a number of first prizes in swimming meets over the state and owns many trophies for equitation.

For the vacation months she has been engaged by summer camps as counsellor and teacher of harp.

Miss Lancaster's music education has been under the direction of Lt. Col. R. J. Dunn, director of the Aggie Band, and she was one of the original members of the College Station "Little Symphony" orchestra organized in 1933. The orchestra placed first in the state meet in Huntsville in 1940.

Slip Stick Follies of 1942 Claim "Hellzapustin Loose"

Engineering Clubs—With Hair Down, Skirts On—Have Hand in Extravaganza

Once upon a time, deep in the heart of the bright lights and gay life of the big city, a grand show was produced and christened "Hellzapoppin'." Although the second annual Engineer's Day show is billed as "Slip-Stick Follies of 1942," another name, "All-Hellzapustin-Loose," has been suggested as an appropriate second. In a nutshell, that's just what will happen Saturday night at Guion Hall, starting at 7:15. And to banish any doubts that may arise, it will be the boys who sweat slide rules, drafting boards and math tables that you will see with their hair down—well, maybe not their hair—and their skirts on.

Last year, the first Engineer's show was so successful that some prominent men wanted to take it to Dallas, Houston, and other large cities in Texas, and this year everyone who has watched rehearsals proclaim the 1942 version is better than ever.

But to get down past the foam, the show is an extravaganza brought about by the combined efforts of all the Engineering clubs—each has a nact. It packs terrific punch and zing with a touch of the "Hellzapoppin'" and war—it
