singing regular numbers. Girls will be solicited to enter a contest which is the best ever scheduled for the Kapers stage, Jenkins avowed.

Cigars will be handed out to every tenth or fifteenth person at the door; Jenkins committed himself to the extent of 100 cigars. Appear early and get the favorite place in line, but there will be no exact system of giving out the cigars.

Farley, who is district governor of district 127 of Rotary International, states that his girl trio act consists of Miss Vesta O'Dell, pianist who is attending W. T. S. T. C., at Canyon, Gene Tunney Farley and Marilyn Cornelius. Gene and Marilyn tap dance to Vesta's music.

"Tonight's hour of entertainment will out-class any the Kadet Kapers has scheduled this year" Jenkins stated, "we expect to roll them in the aisles, thrill them with the dancing, singing and playing and allow them to participate in contests, songs and acts before the show is over."

The doors will be open promptly after supper and door watchers will have cigars handy.

plans for it, but they state that numerous engineers made the whole thing possible. Engineers have sweated a lot to produce a show that will be different—something the Aggies and their parents alike would go for—and a show that will be a fitting climax to Engineer's Day. The price is two-bits—that same two-bits a movie costs—and the show is timed to last about an hour and fifteen minutes. To quote Kinny and Edmonds, "Ziegfield? De-Mille? Never heard of them!"

comes just before supper at a little after 7:00. Studies follow until time for lights out. It's a full day. With one or two exceptions the trainees were selected because they have had experience. In this and subsequent schools the sailors

may, by passing all their courses, advance in rank. They've got a job to do, these newest "students" of ours, and it means hard work and lots of it. The gobs are doing all they can to prepare themselves so that they may best serve our country.

## KYLE FIELD

Following the inning, Rogers stomped up and down trying to make a hit out of that, but it was no soap . . . he's still cussing . . . What are you gonna do with a guy like that?
