

Aggie Nine Clashes With Baylor on Kyle Field Today

By Mike Haikin
Battalion Sports Editor

Baseball, Track Meet and Boxing Finals Are Highlight of Today's Sports on Kyle Field

This afternoon and tonight, Kyle Field will have a busy workout as far as Aggie sports are concerned and the various sports fans and Coast Artillery patrons and visitors will be afforded an enjoyable day and evening.

First on the menu is the triangular track meet between Coach Dough Rollins' sensational Fish track team, the North Texas State Teachers and John Tarleton. The affair is slated to go off on the dot at 2 p. m.

Not too much has been said about the first-year thins clads, but you have to go out and watch them for yourself to judge how good they really are. Those kids can certainly run as you will probably note this afternoon. In their two previous meets—the Fort Worth Exposition and the Texas Relays—they were so far ahead of their class that it was almost pitiful. Why, they beat the Varsity team regularly in the relay and other events, and, as you know, that's the same team that defeated Texas for the first time in eleven years. So come on out today and watch what may be the future conference track champions!

Following the track meet at 3:30 will be the baseball game between the Baylor Bears and the Texas Aggies. Each is striving hard to stay in the running for the conference flag and the outcome of today's tilt will tell the tale. In their series at Waco, Baylor downed the Ags in one of the games and Coach Lil Dimmitt's boys will be seeking revenge.

Sports Squibs From Here and There; Leo Daniels to Patrol Right Field Spot Today

Leo Daniels, hard-hitting outfielder for the Texas Aggie nine, who recently was contemplating of quitting baseball to give his injured shoulder a rest will be in the starting lineup this afternoon. . . . Daniels may still be ordered by his doctor to rest his shoulder, but until then he will be out there giving all he's got for the baseball team . . . Lately, Lightnin' Leo's shoulder has not given him too much trouble anyhow . . . Malcolm Kutner, Texas Longhorns' fine All-Conference end, was selected as the University's outstanding athlete in the general election held this week . . . Kutner also was a basketball star . . . Aggies remember him as the boy who caught that 50-yard pass thrown by Pete Layden in the past Thanksgiving tilt . . . Received a note from the Public Relations officer at Hensley

Field, Dallas, who writes that Lefty Bumpers, one of the Cadets' greatest pitchers, is still moving them down in great style for Naval training school . . . Jess Landrum, another former Aggie diamond star, has cinched an infield spot for the Dallas Rebels . . . the Aggies and the Rice Owls will really have a busy day as far as sports are concerned on April 21 . . . the baseball teams engage against each other at Houston, the track teams meet in a dual meet here, and the tennis team plays a match on the home grounds here. . . . Little Jimmy "Ducklegs" Newberry, the regular right fielder on the Aggie nine, is finally out of the hospital after a two week's absence . . . he was in the hospital with the mumps . . .

The University of Wisconsin military science department is training 1,881 cadets for duty with the army.

A recent tabulation shows there are seven education societies in the nation's colleges.

Fish Tracksters Face NTAC And Tarleton in Triangular Meet Today

First Freshman Home Meet of Year Starts at Two PM

By Russell Chatham

Coach Dough Rollins will turn loose his mighty Fish track team against the John Tarleton Plowboys and the North Texas Aggies at two o'clock this afternoon on Kyle Field. This is the only scheduled appearance before the homefolks that the freshmen have this season. It promises to be a good one.

NTAC Has Strong Team

The North Texas Aggies are led by Shannon, who has cleared six feet in the high jump, and over 21 feet in the broad jump. Kennedy is their mainstay in the dashes. The NTAC team won second in the junior college division of the Fort Worth Exposition track meet, being beaten for first by Schreiner Institute.

Not much is known here of the strength of the Tarleton tracksters, but they usually have a strong team. They did not compete in the Fort Worth meet.

Strong Fish Team

This year's freshman team is one of the strongest squads in history of A. & M. They completely dominated the freshman division of the Exposition meet in Fort Worth—winning six first places, and a host of second, third, and fourth places. Well balanced, they have power in every event.

In the Texas Relays at Austin, the Fish mile relay team composed of "Blondy" Harnden, "Red" Battin, Don Frye, and Larry Wolf, covered the four laps in the excellent time of 3 minutes 21.2 seconds.

Fast Relay Team

Wolf and Frye team up with Kennemer and Anderson to give one of the fastest 440-yard relay combinations in this section of the country. In an exhibition earlier this season, they were timed at 42.9 seconds for the distance.

The Fish have consistently defeated the Aggie Varsity relay teams when they have competed against each other.

Kennemer, Power, Wolf, and Anderson take care of the dashes for the freshmen; Kennemer, Power, and Scott in the hurdles; Frye and Harnden the 440; Winn the 880; Compton, Smolik, and Martin in the jumps; and Stout and Anderson handle the weights events.

High School Swim Meet to be Held at Natatorium May 2

The annual Texas high school swimming meet will be held in the P. L. Downs, Jr., swimming pool Saturday, May 2, according to an announcement made here by Coach Art Adamson, Aggie swimming mentor and member of the AAU committee on swimming.

Entries are expected from several high schools in Fort Worth, Dallas, Houston, and San Antonio and also from Waco, El Paso, Galveston, Beaumont and Bryan. Each year, the meet, which is sponsored by the A. & M. Athletic Council, has attracted more entries and in some cases the high school boys have turned in time rivaling that of college competition.

Marty Karow Drills Cagers Each Day in Prep for '42-43

Next basketball season is a long way off but every afternoon Coach Marty Karow is giving his Texas Aggie squad a long workout in preparation for the 1942-43 campaign.

Prospects Bright

Prospects for next season look bright since the freshman and ineligible teams have contributed some men who have shown they can hit the basket.

Class A and B 'Mural Boxing Champs to be Crowned Tonight

By Dub Oxford

The finals in both class A and class B intramural boxing will be held tonight at 7:30 climaxing a successful five week program. These finals will be one of the highlights on the program of the Former Students convention which is being held here this week end. Several times during interval the Former Students met in Aggieland in the spring, these programs have been put on to show what the students are doing in the line of intramurals. The Exes have not met at Aggieland in the spring for the past three years and this year is the first time the Former Students will have a chance to back into student life.

Inception

Intramural boxing had its inception at Aggieland 16 years ago when W. L. Penberthy came to the campus as intramural director. Originally the boxers fought two two-minute rounds, and one three-minute round. That was modified and the boxers fought three two-minute rounds and two minutes rest between rounds. Since 1939, all intramural boxers have fought three one-minute rounds with one minute's rest between rounds.

Popular Sport

Intramural boxing has always been a popular sport both from the standpoint of the spectator and the participants.

Boxing is a sport which gives the Aggies a great deal of fun and to prove they like it, some 300 men were entered in intramural boxing.

Supervision

The matches are supervised by the staff of the P.E. department with all of the staff members acting as referees. The boxing judges are students entered in boxing or men well acquainted with the sport. The matches are held in a regulation size ring which conforms with A.A.U. standards.

To make sure a man doesn't enter boxing physically unfit, before any entrant signs up, he either has to get the college physician's permission or either have had a recent physical exam. Such routine questions as, "has the entrant been sick lately?" are also asked. All in all, intramural boxing is a healthful relaxation and also gives a boy courage in himself.

The following bouts with their time and weight are listed below.

Class A

119 Pound Class Masterson vs Riordan 7:30

129 Pound Class Ivey vs Boggus 7:30

139 Pound Class	Fuller vs Walker	7:50
149 Pound Class	Cokinos, A vs Chapman	7:50
159 Pound Class	Herrington vs Simmons	8:10
169 Pound Class	Holzhauser vs Cokinos, M	8:10
179 Pound Class	Graves vs Holzhauser	8:30
Heavy Weight	Henderson vs Aikman	8:30
Class B		
119 Pound Class	Carter vs McCammon	7:30
129 Pound Class	Allen vs Rougnac	7:30
139 Pound Class	Murray vs Jones	7:50
149 Pound Class	Stracner vs Jarvis	7:50
159 Pound Class	Sells vs Maxwell	8:10
169 Pound Class	Hogan vs Reed	8:10
179 Pound Class	Bridgefarmer vs Strohmeier	8:30
Heavy Weight	Redus vs Buck	8:30

INTRAMURALS

By DUB OXFORD

This is going to be straight from the shoulder and to the point. At the boxing semi-finals held Thursday night, the whole gallery "booed" a winner who fought cleanly and very decisively won his match. It takes lots of courage to get in a ring in the first place and it takes more courage to win a fight and be "booed."

This winner, in my estimation had the "guts" to get in the ring and fight whereas ninety percent of the crowd didn't. It is not Aggie to "boo," much less to "bood" one of our own kind. If you come down to the gym to see the fights, come with the idea of seeing a good match and having a good time. If

the energy wasted "booing" was put to use praising the fighters, the whole program would go off better.

If you are going to "Boo," stay away from the boxing matches, and don't forget this thought: THERE ARE THOSE WHO CAN AND THOSE WHO CAN'T.

Good Pitcher

C. B. "Cheezy" Marsh, senior in C Battery Coast Artillery has held down the pitching job for his organization almost constantly. And he has an enviable record. In the last three games he has pitched, he has given only six hits. He also pitched a no hit-no run game when (See INTRAMURALS, Page 4)

Stevenson Seeks Fifth Win of Year

Garcia or Wafer To Pitch for Bears; Game Time Is 3:30

Following a week of inactivity, Coach Lil Dimmitt's baseball nine finally swings into action this afternoon when the Aggies play hosts to the Baylor Bears on Kyle Field in a one game stand.

Stevenson Seeks Fifth Win

Charlie Stevenson, rotund hurler for the Cadets who has already copped four games, will be vying for his fifth victory of the year. He has already hurled against the Bears, shutting them out 2-0 in a 4-hit affair earlier this season at Waco. His other victories include a 4-1 win over Texas, 19-5 triumph over S. M. U., and a 12-6 win over T. C. U.

Manuel Garcia, early victor over the Aggies, or Howard Wafer, will be Coach Jim Crowe's choice to face the hard-hitting Cadets. Garcia has been the most effective Bear chunker in their recent games and probably will get the nod this afternoon.

Ags Get Workout

The Aggies, stymied by the weather most of the week, finally got in some valuable work Thursday and Friday afternoons. Batting practice was especially emphasized with Sam Porter, Cullen Rogers and John Scoggin slapping the ball all over the field.

The game is slated to start at 3:30 in order that the fans may get to see most of the track meet which will come off at 2.

Starting Lineup

Probable starting lineup for the Ags include Ballow, ss; Rogers, 1f; Glass, 2b; Scoggin, c; Porter, 1b; Peden, 3b; Stevenson, p; Daniels, rf; and Black, cf.
