

Roy Bucek Not Expected in Meet Saturday

INTRAMURALS By DUB OXFORD

This is the time of the year when recommendations are being made for stripes, editors and buttons. And the freshmen should not be left out. Any freshman interested in becoming a sophomore intramural manager, will be vitally interested in the meeting which will be held Tuesday, May 5, at 7:30 in the gym. Of course, many men's names have been turned in by their recreational officers but the

B C.W.S., Water Polo
C Coast Artillery, Water Polo
H Replacement Center, Tennis

opportunities are open to any one who wants to try out for the spot. As Mr. Penny stated in his column last Tuesday, school is not all studies. And if you want a chance to better yourself and serve your school, I know of no better

way than to become a sophomore intramural manager.

Don't forget, Tuesday, May 5, at 7:30 is the hour of the important meeting. At this meeting, Mr. Penny will explain the workings of the system and the awards given for the work as a sophomore manager.

Class A Baseball

Playing to win, H Coast Artillery beat F Engineers 2 to 1 in a tightly pitched baseball match on the side of the Coast Artillery. F Field and their pseudo arch-enemy, I Field, played a walloping baseball game to beat the I battery boys 12-11. Making a rally in the fourth inning, A Coast beat 2 CHQ 9-4. C Infantry and B C.W.S. played a fast ball game, too. But the paddlefeet were just faster on their feet and won the game 7-6.

Odds 'n Ends

Perhaps I was singing too loudly when I stated water sports were on the increase in participation... Look at the DOG HOUSE today... Luke Harrison, former assistant intramural director, is now at an induction center near San Antonio... He says that after marching on a six-mile hike three times a week, they still find time to play a little softball and volleyball... From now on, nearly every other day, a final game will be played.

More Dope on that Screwy 26-0 Score!

Record Books Show That Aggs Scored Largest Shutout in '42

Anytime a "box-car" score shows up in any kind of a sports event it always raises the question about whether or not that particular score is a record.

Last week the Texas Aggie baseball team slaughtered the Rice Owls by the score of 26-0 but the outcome did not set a new record for runs scored by an Aggie baseball team. Defeat of S. M. U. 32-7 in 1936 is the mark.

Records Kept in '94

According to the record books kept by the A&M College Athletic Department, the game was first played as a recognized intercollegiate sport in 1894, the same year football got started, and that year the Aggies won three of the four played with a 16-1 score over Navasota the largest.

There are no more games recorded until 1904 and then the first Texas Longhorn-Texas Aggie game shows up with a score of 8-4 for Texas. Wirt Spencer was the coach and H. E. Hanna, captain. In 1905, says the record book, the Aggie won the State Championship. Hanna again was captain.

Beat Trinity, 23-0

It was not until 1912 that the first "war debt" score showed up in the book, which relates that the Aggies defeated Trinity University, 23-0. Charley Moran was coach and Dutch Hohn the captain.

In 1920 the Aggies defeated Texas, 20-8 for the next score in the twenty block. In 1924 the Aggies downed Rice, 25-9 for another lopsided and lost that same year to Texas, 1-18 for the first big

losing score up to that time. Texas also took them 15-1, 3-1 and 4-3 that same year.

Nightmare Year

The year of 1936 was a nightmare for the official scorekeepers for that was the year that the Aggies really broke loose in a big scoring way. Tops was the 32-7 victory over S.M.U. in the first of three games and was followed by a 28-3 win in the final game. The other game ended 10-3 for A&M. Rice was defeated 21-2 and 18-3 and 6-4 in that order. Texas Christian took a licking to the tune of 19-6 but got revenge by winning from A&M, 12-9 and 11-5. The Baylor series came out 13-11, 3-7 and 11-11 tie while Texas and the Aggies played the most sensible games of the year with scores of 3-4, 5-4 and 5-6. The Aggies also took 10-4 and 17-1 licking from the Beaumont, Texas League club that year. In all, the Aggies played 23 games that year and scored 223 runs to the opponent's 162 or a total of 385 runs for one season. The Aggies did not win the championship even with those wild scores.

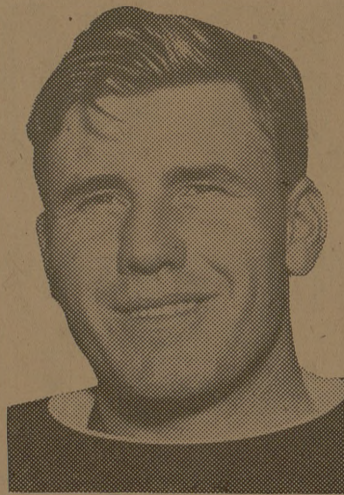

In 1940 Texas raised the largest licking record with a score of 19-6 bettering the 1920 top of 18-1.

Largest Shutout

So, for the fans who want arguments settled, the largest shutout ever scored by an Aggie team WAS the 1942 Rice-Aggie game of last week with its 26-0 score. The largest victory was 32-7 over S.M.U. in 1936 and the worst Aggie defeat was the 19-6 loss to Texas in 1940. The largest total runs score was in 1936 with the

Aggies leading 223 to 162. Also, to answer a question before it is asked—the Texas Aggies never have had an undefeated baseball season, even in 1931, 1934 and 1937 when they won the conference championship.

Pulls Muscle

R. Bucek

Star Cadet Hurdler Out With Pulled Muscle Injury

Hurt Leg Expected to Heal Before Conference Meet At Dallas May 8 and 9

Bad news for the Texas Aggie track fans came back home with the ten-man team which took part in the Drake Relays last Saturday, when it was revealed that Captain Roy Bucek, ace hurdler and relay performer, had pulled a muscle in his leg in the 120-high hurdles event at Des Moines, Ia.

Coach "Dough" Rollins says that he may have to scratch Bucek from the Little Conference meet at Houston this week and try to have him back in shape to defend his championships in the Southwest Conference meet at Dallas, May 7-8.

With Bucek out of the hurdles and 440 relay, several Aggie points will be lost as he was almost a certainty to win both the 120 and 220-yard hurdles and carry his sprint relay team to a placing for more points.

Bucek hurt his leg at the third hurdle but kept going and led as he went over the final hurdle. About five yards from the tape the muscle tightened up and he staggered across the line in third place in the event he had won up to the finish.

He did not complain about the injury and ran the anchor on the winning shuttle hurdle relay team and then ran a leg on the sprint relay team. After the meet the leg stiffened and he was hardly able to walk when the train carrying the team arrived back here Monday.

Examination showed the injury

not to be too severe and it is hoped that it will respond to the treatment it is being given.

Seventh Annual High School Swim Meet to be Held at Natatorium May 2

Sponsored by the Texas A. & M. college athletic council, the seventh annual high school swim meet will be held Saturday, May 2, in P. L. Downs Jr. natatorium.

Preliminaries

The preliminary heats will be run off at 2:30 and the finals will be held at 7:30. The entire meet is under the direction of Aggie swimming coach Art Adamson and he has indicated that medals will be awarded by the athletic council to the first, second and third place winners, including the relays. A trophy will be presented to the high point team and the winning relay team.

The meet will be run under the rules of the national scholastic council and any records made will be accepted into the record books of the council. As has been the precedent, no admission will be charged.

With the large group of swimmers entering, there is a good chance of many of the existing records falling and many near records will be tabulated.

Dallas Swimmers Enter

Several Dallas swimmers have

signified their intention of entering. Conway Moore, the 220- and 100-yard free style favorite will be on hand, and Sonny Sweet will go round and round with Heaney of El Paso. Stephen F. Austin high school of El Paso is expected to have many strong entries. Jack Stiles of Sweetwater and Bullet Manalley of Fort Worth will also be on hand for the free style events.

San Antonio Technical high school will enter Don Smith, Thomas Jefferson of San Antonio will boast of the swimming prowess of Frank Scott, Frank Campbell and Leonard Moise of Houston will swim for Lamar high school of that city. Entrants for the meet are still piling in and the sum total will probably be some 25 high schools participating in the meet.

Aggie Netters Meet Baylor Here Saturday

Playing the Baylor Bears Saturday, the Texas Aggie tennis team will attempt to annex their fourth win. The netters have won three games, lost one and one of their matches was rained out. After meeting Baylor Saturday, the net men will move out to Dallas on May 7, 8, and 9 for the conference meet.

The Aggie tennis players met Texas Tuesday and the T. U. racket handlers whitewashed Coach Manning Smith's boys. The Aggie tennis team is coached by Manning Smith and the members are Xavier Fernandez, Al Krezdorn, Jack Thomason, Bill Marshall, Pat Patterson, Topy Pearce and Bob Schas.

Women students at Hunter college, New York, are training to become weather observers at airports and bureaus.
