

# Cadets Slaughter TCU, 18-6, With 18 Blows

## Teams Finish Series at 3 Today; Stevenson to Pitch

Scoggin, Glass, Rogers and Peden Pound Out Homers to Lead Dimmittmen to Victory

By Mike Haikin

Genial J. E. Loupot, owner of Loupot's Trading Post, who pays off \$2.50 for each home run hit by the Aggies, had to dip far and deep into his pocket yesterday afternoon as the Cadet circuit clouters had their best day of the year.

Eighteen hits included four home runs, coupled with some nice bit of twirling by Henry Lindsey gave Coach Lil Dimmitt's hard-hitting nine an 18-6 win over the hapless T.C.U. Frogs here yesterday afternoon. It was a wild and woolly affair for the Aggies who had another one of those slugging sprees.

### Start Off in First

They didn't waste any time starting it off either as seven runs came across in the opening frame. Ballow walked, Rogers scratched a base hit and Glass walked to fill the sacks. Scoggin then came up, and, on the second pitch smashed a line-drive home run over the left field wall to put the Aggies ahead 4-0 and put Loupot behind \$2.50.

However, that was not all as Porter continued the terrific onslaught with a triple. He came in as the third baseman missed the shortstop's relay to the hot-corner. Peden and Stevenson both grounded out but a hit by Daniels, a walk to Newberry, a double steal and an error netted the Cadets another two runs before the inning was over.

### Glass Hits One

Ira Glass, the first man up in the second, put another crimp in Loupot's bankroll, as he homered over the left field wall.

The Frogs, meanwhile, could do nothing with Lindsey's pitches. A hit here and there produced a run or so, but they were never consistent in their hitting.

Cullen Rogers yestered to introduce himself to Loupot in the fourth as he lashed a long home run with one man on. That, coupled with a triple by Glass and a double by Scoggin gave the Ags another four tallies.

### Peden Connects

The Aggies were scoreless in the fifth but Les Peden wasn't one to disappoint Loupot in the seventh as he caught one of Max Humphreys' slow ones, and, to the delight of the crowd sent it far out to Homer Norton's pasture with two men on the sacks.

The Cadets added their final two runs in the eighth canto. With one down, Lindsey and Aldrich singled. The former was trapped off second but Ballow came through with a bingle to score Aldrich. Rogers' fourth hit of the day sent Ballow to third from where he scored on a balk.

### Rogers Leads Attack

Cullen Rogers, with four hits that included a double and a homer,

wielded the heaviest bat for the Cadets. He was followed closely by Scoggin who had three hits to his credit.

Bill Conard, left fielder for the Frogs, led the T.C.U. attack with three blows.

## Aggies Face Rice and TU In Triangular Meet Today

### Fish Favored To Win in Freshman Division at Houston

Seriously weakened by the loss of their captain and ace hurdler, Roy Bucek, who is out with a pulled muscle, the Texas Aggie tracksters will take the field in Houston this afternoon to try for their first victory in over a decade in the "Little Conference" track and field meet. This meet is a triangular affair between the Aggies, the Rice Owls, and the Texas Longhorns, and will be held at Rice Field.

The contest is slated to be one of the hardest fought of the current season, with any one of the three teams conceding an excellent chance to come out on top. One bright spot in the gloom caused by the loss of Bucek was the news that Emerick Iabus and Jimmie Knight who were also out with injuries, will be ready to go this afternoon.

In an attempt to regain some of the points which are almost certain to be lost on account of the loss of Bucek, Coach J. W. "Dough" Rollins will enter three men in the 120 yard high hurdles, Bucek's specialty. These men are Pete Watkins, Charley Schwartz, and Bill Mitchell.

The Aggies have defeated both of the other entries in meets held earlier this season. For the first time in ten years they downed the Texas Longhorns in a dual meet a month ago, and last week defeated the Rice Owls by a goodly number of points.

Also entered in the meet in the freshman division are the undefeated Aggie Fish. The Fish have piled up an amazing string of victories during the current season, and in the course of them have defeated both Rice and the Texas freshman squads. Because of their past record the Fish are overwhelmingly favored to run off with the freshman division of the meet.

## High Flying Pete Watkins, Aggieland's High Jumping Ace, Also Hurdles and Throws Javelin

By Russell Chatham

The anti-aircraft defense around Houston should be warned that Pete Watkins will be in town this afternoon, and will attempt to do a little high flying in the high jump event against Rice and Texas. For if Pete cuts loose with another of those leaps of 6 feet 8 inches, he might be mistaken for "strange enemy aircraft."

Currently, Pete Watkins, who stands 6 feet 5, and weighs 200 pounds, is rated the greatest high jumper in the nation on the basis of having cleared 6 feet 8 inches in the quadrangular meet here two weeks ago. No one else has gone that high this season. It wasn't just an accident that Pete went that high, either. He has cleared the same height a few days earlier in practice.

Last week at the Drake Relays, Watkins tied with his teammate, Albert Ricks, and three others for first in the high jump at a height of 6 feet 4 inches. The event was delayed by rain at that height. Later the bar was raised to 6 feet 7 inches, but with wet footing underneath, none of the five contest-

New Mexico's mice get around, according to scientific observation. Dr. Frank Blaire of the University of Michigan, who scrutinized every whim and fancy of the mice for three months, said the New Mexico mouse is possessed of a wanderlust that takes him over an area of six or seven acres during a lifetime, while his midwestern cousin lives and dies within a half-acre plot.

## INTRAMURALS By DUB OXFORD

Here is the news all athletic and recreation officers have been looking for. The annual intramural banquet will be held Wednesday,

May 6, in Sbisahall. At that time, awards will be presented to all recreational officers who, according to rules, have had the required number of freshmen pass physical educa-

tion. The award to the recreational officers this year is a costly pen and pencil set. Because of the war, watches were not available this year and the boys will receive this set.

Many awards will also be handed out to intramural managers as a whole. George Van Cleave, the only senior intramural manager on the campus will be presented with a watch for his fine services. Other managers will receive suitable awards.

Soph Managers

Positions are now open for sophomore intramural managers next year. While some recommendations have been turned in to the intramural department by the recreational officers, Mr. Penny wants to emphasize that these positions are open to any man in college who will be a sophomore next year. Full details of what is offered to the sophomore managers will be discussed at a meeting which will be held next Tuesday, May 5, after supper in the gym. All fellows interested in becoming sophomore intramural managers are cordially invited to attend.

A University of Oregon "athletic honor roll" shows more than 100 former Webfoot athletes now in the armed service of their country.

## High School Swim Meet Held At Pool Tonight At 7:30

Entries From High Schools All Over State; Medals Given High Place Winners

With the preliminaries taking place at 2 p.m. and the finals tonight at 7:30, the seventh annual high school swim meet will be the order of the day. The meet is being held in P. L. Downs Jr. natatorium and is sponsored by the Texas A. & M. athletic council.

The entire meet is under the direction of Art Adamson, Aggie swimming coach. Coach Adamson will be assisted in the meet by members of the Aggie swimming team.

ants could make it. However, Pete won the first place award anyway, by flipping for it. It was an expensive little gold trackshoe medal.

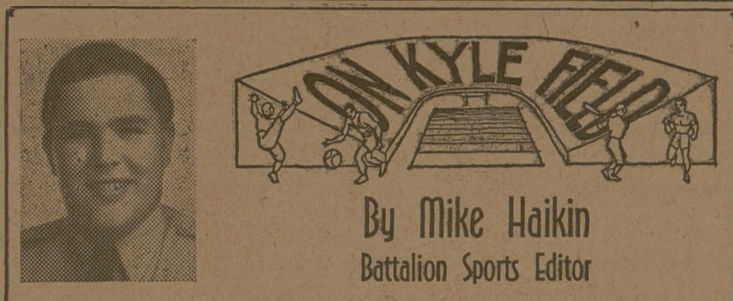

Watkins also picked up another

Pete piled up 10 points for the Aggies in the meet with Sam Houston and San Marcos by scoring in all three events. Last week against Rice he picked up eight points by winning first in the high

jump and second in the javelin. Iowa Park, Texas, is Pete's home town. While a senior in high school there he won the state championship in the high jump with a leap of 6 feet 3 inches. Coach Dough Rollins then got on his trail and brought him to A. & M.

Dough Rollins also changed Pete's unorthodox style of jumping to the standard western roll. This, according to Pete, has been a definite factor in his success and much credit is due Coach Rollins for it.

## Winner of "Little Conference" Meet Today Should Win SWC Crown Next Week

The most important sport event will occur this afternoon at Houston when Rice, Texas, and A. & M. fight it out for supremacy in what is commonly known as the "Little Conference" track meet.

As far as the meet itself is concerned, not too much importance is attached. The outcome is what really counts—that is, the meet is a very accurate indicator as to the future Southwest Conference track champion.

For years and years it has been almost a tradition that the winner of the "Little Conference" meet is usually the crowned champ the following week at the big show—the Southwest Conference meet. This year, as of years before, the three "big" teams include Rice, Texas, and A. & M. They've been fighting it out all year and today's meet will be a kind of showdown.

The Aggies won dual meets with Rice and Texas respectively by overwhelming margins and were conceded an inside track for first place today. However, their stock decreased a bit when Coach Dough Rollins declared that his ace hurdler, Roy Bucek, would not participate. Bucek is suffering from a pulled muscle, and Dough is keep-

## Sports Squibs From Here and There; Danny Green, Swimming Ace, Due to Enroll Here

Little 16-year-old Danny Green, one of the nation's greatest juvenile swimmers who was third in the national swim meet at Connecticut will be among the many visitors present at the state high school meet tonight... Danny has

already declared his intentions of coming here, but financial troubles have been bothering him... Coach Art Adamson hopes to straighten out everything and acquire himself one of the greatest swimming (See KYLE FIELD, Page 4)
