as part of the regulation uniform for the next term. This cap is to be worn only at certain formations such as meal formation, but are not to be worn at drill.

Seniors are to wear the cap with gold piping while underclassmen will wear caps with piping of the regimental color similar to the enlisted men's cap.

As far as the senior uniform regulations, no change was made as to the qualifications of those who are to wear boots. Classified seniors and men in their seventh semester at A. & M. are entitled to wear them. Sabers were again adopted as regulation uniform for cadet officers for the coming year.

HACKNEY

rankings will also be featured. Hackney will be the first junior to become leader of the Aggieband Orchestra in the last several years. Seniors have always been elected leader as far back as anyone can remember. He is taking Civil Engineering and is a member of the Field Artillery Band. He has been a member of the Aggieband's sax section for the last two years. His hot tenor sax was featured very much through the last season. Being out in front of the orchestra will give him a chance to play more clarinet.

Hackney is on the right as you look at the printed picture.

Here is a facsimile of the application for War Ration Book No. 1 which will be filled out for every person in Bryan and College Station and Brazos County during the National Registration Period, May 4 and 6. Registration of individuals and members of families will be by school teachers and their helpers in the elementary schools. All members of family units may be registered by any one member over 18 years old. Individuals who are not members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual, and each will be issued a War Ration Book.

Applicants for books are urged by the Office of Price Administration to study carefully the application above, and have the correct answers when they register.

If the questions are answered promptly OPA estimates it will only take four minutes to fill out each form. It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

WAR NEEDS

(Continued From Page 1)

"This morning we saw a few Jap planes and there was a little artillery fire. We face on the right side of the line, about three miles back of it. There are not many Japs on this side. The Japs are trying to crack our left flank but are not succeeding. Some Japs landed on the coast, in back of our line, but were soon wiped out.

"I have three lieutenants in my company and am very satisfied with them. One is a West Pointer. Just received a letter from headquarters that five Jap planes were shot down yesterday and another destroyed by artillery fire.

"When we sit down to 'shoot the bull' after supper the talk doesn't run to girls any more; it stays centered on food and speculation as to when help will come. We also talk a lot about what we will do when we hit San Francisco after the war is over. After we get the Philippines cleared up I suppose I will stay here the entire duration, or until the situation is cleared up.

"Anyway don't worry about me. As soon as we get some more planes over here and a few thousand more men I believe we can blast the Japs out of the islands."

The letter was dated February 11. What has happened to the 22-year-old captain since Bataan fell is unknown.

Entries

Entries are expected from Dallas, Houston, San Antonio, and Waco. Swimmers from Galveston, Beaumont, College Station and Bryan will also be on hand. Two contingents have already arrived and have been practicing in the pool. They are swimmers from El Paso and Fort Worth. In some cases, these high school entries have turned in swimming time that rivals those of college competition.

Medals will be awarded to first, second, and third place men including the relays. The athletic council will also present trophies to the high point team and the winning relay team. As the meet will be run off under national scholastic rules, any records made will be accepted by the members of the council and placed on the books. There will be no admission to the meet.

Mutual Admiration Is Attitude of Randolph Fliers and Mechanics

RANDOLPH FIELD, April 29.—It was not an Aviation Cadet nor a flying instructor who cracked: "Familiarity breeds contempt." In fact, flying officers and Cadets make no secret of the respect and faith they hold for the cover-all-clad mechanics who inspect, ad-
