### MADELEY PHARMACY

Across from Project Houses

Two people happened to be walking along a road together. One was a young woman, the other a handsome farmer lad. The farmer lad was carrying a large kettle on his back, holding a chicken in one hand, a cane in the other and leading a goat. They came to a dark ravine.

She said: "I'm afraid to walk through here with you. You might try to kiss me."

Said he: "How could I, with all these things to carry?"

Said she: "Well, you might stick the cane in the ground, tie the goat to it, and put the chicken under the kettle."

She had been to college.
