

Executives Lead College in Defense Effort

President Walton Heads Administration of College

All Students Should Become Acquainted With the Dean of Their Respective School

The officials of Texas A. & M. College, those men who are responsible for the administration of the affairs of the school, are ready to assume the responsibilities of their office for another term. These men, under the leadership of President T. O. Walton, are faced this year with the new and additional responsibilities of A. and M.'s year-round program and war-dominated curriculum. In order that they may give you the counsel and guidance which will aid you in becoming a successful member of your college community, they welcome and encourage visits from students.

New students should become acquainted with these college leaders, and old students should strengthen and renew their friendships.

T. O. WALTON

President of the college since 1925, Dr. Walton came to A. & M. in 1916 as state agent with the Extension Service. He was made director of the Extension Service in 1918, retaining that position until his selection as president of the college. Eminent in national affairs, he has held this position during the period of A. & M.'s greatest growth and most radical changes.

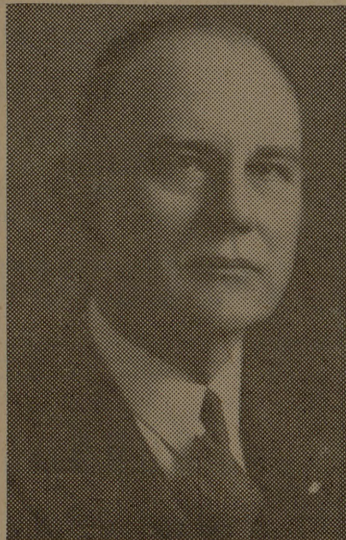

F. C. BOLTON

Dean Bolton was once a major in the cadet corps of Mississippi A. & M. and also served as commandant one year. He was brought to this college as professor of physics and electrical engineering. In 1922 he was made dean of engineering and served until 1927. Since that time he has served as dean of the college.

GIBB GILCHRIST

In his career, Dean Gilchrist has held many jobs of importance

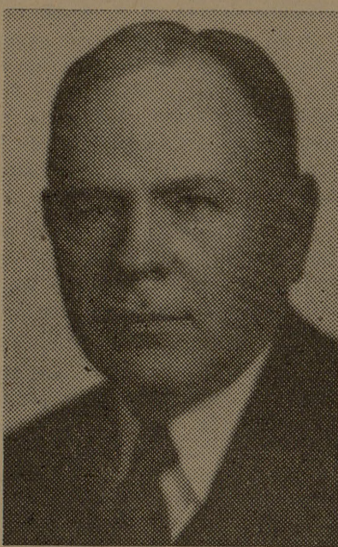

A. & M. President

T. O. Walton

throughout the state of Texas. Graduating from the University of Texas in 1909, he was assistant engineer and head engineer of the Santa Fe Railroad, and has served as division engineer of the highway department at San Antonio. In 1924 he was made state highway engineer. He also has served

Dean of the College

F. C. Bolton

as an officer in the Engineer Corps during the World War I. He was made dean of engineering at Texas A. & M. in 1937 and is devoting his efforts to placing more A. & M. engineers in modern industries and in positions vital to our war efforts.

T. D. BROOKS

Dr. Brooks, dean of the School of Arts and Sciences and of the

Liberal Arts Dean

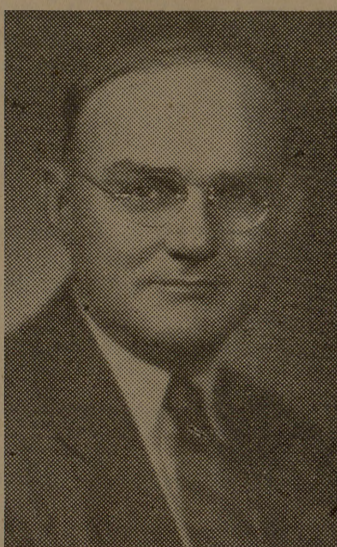

T. D. Brooks

Graduate School, is a graduate of Baylor and has served as principal and superintendent of schools at Hillsboro, as president of Southwestern State Normal College of Oklahoma, and as mayor of the city of Waco during his employment as professor in Baylor University.

E. J. KYLE

A graduate of A. & M. in 1889, Dean Kyle first became a member of the teaching staff in 1902. He has been head of a department and was made dean of agriculture in 1911. Holding a master of science degree from Cornell University, he is the author of numerous publications in the field of agriculture and is an outstanding figure in the growth and development of agriculture in the South.

Engineering Dean

Gibb Gilchrist

Veterinary Dean

R. P. Marsteller

R. P. MARSTELLER

Dean Marsteller attended Ohio State University, receiving the degree of Doctor of Veterinary Medicine in 1905. He came to A. & M. in November of that year as instructor and assistant veterinarian for the Agricultural Experiment Station. He succeeded Dr. Mark Francis as dean of veterinary medicine.

E. E. McQUILLEN

Present executive secretary of the Former Students Association,

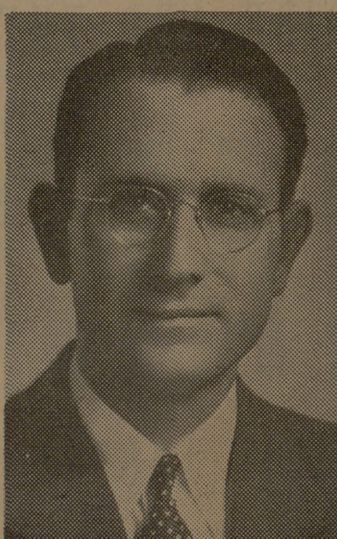

Alumni Secretary

E. E. McQuillen

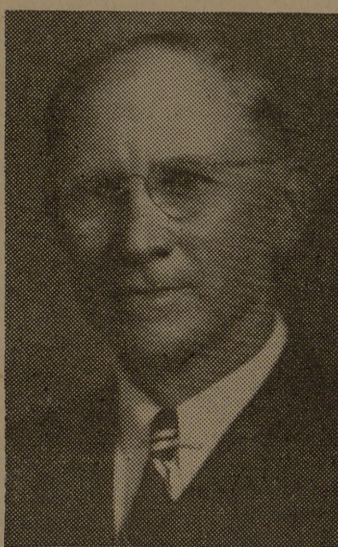

E. E. McQuillen was a cadet lieutenant colonel his senior year when he graduated in 1920 in animal husbandry. Also that year he played on A. & M.'s outstanding basketball team. He sold insurance in Dallas after graduation, but was brought back to the college as assistant to Col. Ike Ashburn, who was then executive secretary of

Registrar

H. L. Heaton

Agriculture Dean

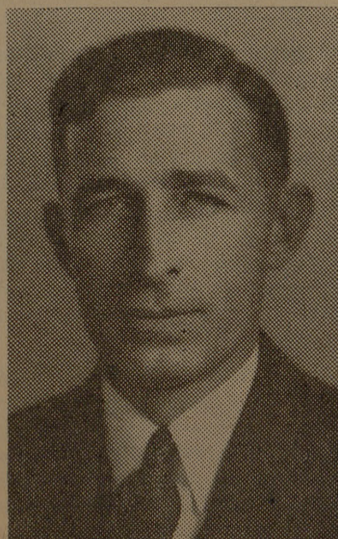

E. J. Kyle

the association. Mr. McQuillen was made secretary upon Col. Ike's resignation in 1926, and has held that position since that date.

E. L. ANGELL

Formerly manager of student publications E. L. Angell succeeded Colonel Ike Ashburn as the assistant to the President. Having

President's Aide

E. L. Angell

done graduate work in Chicago University, he has been a reporter on a daily paper, a school official, a school superintendent as well as a representative of the State Department of Education before coming here.

H. L. HEATON

Acting registrar in place of E. J. Howell, who is on leave with the army, is H. L. Heaton, whose job it is to keep the many records that are necessary. He is assisted by R. G. Perryman.

Educational clinic of City college, New York, established in 1913, was the first one opened in this country for treatment of maladjusted children.

Carleton college has 16 foreign students representing 10 nations.

Instructor Posts Open to Men Not Licensed by CAA

Requirements for men applying for commissions and instructor posts in naval aviation have been changed to permit the acceptance of men other than those who hold CAA instructor licenses, it was announced today by Lieut. Comdr. Barry Holton, of the Naval Aviation Cadet Selection Board, Dallas. "Heretofore," Commander Holton, senior member of the Dallas flight board, said, "applicants for instructor posts in the navy have been required to hold valid CAA instructor licenses. Now, however, an applicant may hold a valid private pilot's license and qualify, but in such case he must have acquired a minimum of 300 hours pilot's time in aircraft of 100 horsepower or over."

Comdr. Holton called special attention to the fact that all graduates of civilian pilot training instructors courses now meet the re-

quirements for commission in class A-V (T), or the class in which instructor posts fall.

Applicants must be between 21 and 40 years of age, inclusive, and must be high school graduates. Marriage is no bar. Applications from the Texas-Oklahoma area must be made at the Naval Aviation Cadet Selection Board, Allen Building, Dallas, and inquiries by mail should be addressed to this board.

Mexican Plays And Pecos Bill's S.W. Trip Color TCU Curriculum

FORT WORTH — (ACP) — The flavor of the heritage and culture of the Southwest characterizes many of the classes at Texas Christian university.

"The average student was learning all about the English miracle plays and nothing about Pecos Bill and Paul Bunyan's excursion to the Southwest," explains Dr. Rebecca Smith, English department head, who has been a leader in development of the "Southwest Approach."
