FOR RENT—5-room house in Midway. Attic ventilation, servant quarters, double garage. Call Mrs. E. K. Spahr, 2-1245.

FOR SALE—1935 Dodge—good tires, radio. Call Mrs. E. K. Spahr, 2-1245.

TERRAPINS WANTED—Need 500 in a hurry to be used in a turtle race. Will pay 5¢ apiece. Campus Theatre, College Station.

Meetings

UNITED SCIENCE CLUB CONTEST—The annual contest of the United Science Club of A. & M. will be held in the Chemistry lecture room at 7:00 Thursday night August 20. All members of the club are urged to attend this meeting. Prizes will be given to the best five scientific papers read in the contest.

A.S.C.E.—The American Society of Civil Engineers will meet tonight at 7:00 in the C. E. lecture room. A film, "The Ford Rouge Plant," will be shown and cigars will be served. All Civil Engineering students are invited to attend.

CRYPTOGRAPHY CLUB—The Cryptography club will meet tonight at 7:15 in Room 310 of the Academic Building.

LANDSCAPE CLUB MEETING—Thursday, August 20. Truck leaves Francis Hall for Hensel Park at 7:00 o'clock. All club members requested to be present.

Announcements

C. E. 300s SPECIAL EXAMINATION—Those Civil Engineering Students who have secured authorization by petition to take the C. E. 300s Special Examination should report to Room 21, Civil Engineering Building, Saturday afternoon, September 5, 1942, at 1 P. M. for the examination.—J. T. L. McNew, Head, Department of Civil Engineering.

EMPLOYMENT—I have a call from the Agricultural Marketing Administration, U.S.D.A., for some men trained in marketing or agricultural economics and who have passed the Junior Professional Assistant's civil service examination. I also have a request from the Nelson Rockefeller organization for some men who have had rather extensive practical experience in agriculture, especially in the production and packing of fruits and vegetables, and who can speak Spanish fluently, to go into Central and South America. These men will be expected to direct practical agricultural operations. Anyone interested in these positions should call at my office or see Professor J. W. Barrer, Head of the Agricultural Economics Department.—E. J. Kyle, Dean, School of Agriculture.

STUDENT EMPLOYEES—Renewals of applications for student employment and student concessions will be accepted at this office from now until September 15, 1942. If you expect to continue on your present job or concession, please see that your renewal is completed on time. If you are not working now, but expect work during the coming semester, please complete a renewal so that we may keep an accurate record of students available for employment.—Wendell R. Horesley, Director, Placement Office.

Eighteen Aggies Receive Wings In Largest Randolph Field Class

At the seven advanced flying schools of the Gulf Coast Air Force Training Center, another "largest class in history" graduates today and pilots from A. & M. will receive the silver wings of the Army Air Force.

Graduation day marks the end of 27 weeks thorough, intensive flight training for this record class of the Gulf Coast Training Center, which includes the center one-third of the United States. As the insignia are pinned on the young flyers, miniature wings will be mailed to "honorary members" of the class—the mothers and girl friends of the graduates back home.

New Army Air Force Pilots from A. & M. include:

Lt. Alfo L. Baker, Abilene; Lt. Harry R. Boswell, Vickers; Lt. Warner M. Brundrett, Dallas; Staff Sgt. Albert E. Burkhalter, Baytown; Lt. Marshall P. Crispin, San Benito; Lt. Andrew B. Kelly, San Antonio; Lt. James K. Kerr, Muskogee, Okla.; Lt. John C. Kerr, Amarillo; Lt. Boyd C. Knetser, Houston; Lt. William N. McGee, McAllen; Lt. Fabrian L. Magee, Frost; Lt. Joseph J. Miller, Jr., Lubbock; Lt. John E. Patterson, San Antonio; Lt. John J. Sanders, Corpus Christi; Lt. Tracy E. Smith, Corsicana; Lt. Theodore R. Stellmacher, Dallas; Lt. Paul R. Wignall, Port Arthur; Lt. Jack W. Williams, Munday.

The graduate-flyers make up

only one part of the lethal Air Force Combat team. Throughout the year-round schedule navigators, bombardiers and gunners are also being graduated and receiving wings to mark their actual commencement of active flying duty. With the pilot, these men complete the working force of the airplane. The navigator plots the course of the ship, the bombardier plots the course of the bomb and the gunner protects the entire team from the fire of enemy craft.

TWILIGHT

(Continued From Page 3)
tween Daniels and Hejl until the last inning when Hejl momentarily lost control and walked Dunn who a minute later crossed the platter as Hejl proceeded to uncork three wild pitches. Both clubs garnered four hits.

The Aggie Cleaners lost another game by a one run margin and this time the winner was Lipscomb's Pharmacy who advanced to a second place tie as Loupot's fell before the Campus Cleaners. The Pharmacy boys went to work early and scored four runs in the very first inning on hits by Sims, Atkins, Maroney, and Selman. The Aggie Cleaners came back to score two tallies in the third and added one more run in the fourth inning.

In the fifth inning Lipscomb's crossed the plate once more as Smith gained first base on an error and advanced to third from where he scored as Maroney fled to the outfield. In the sixth the Aggie Cleaners tied up the ball game as they pushed two tallies across the plate. However, Soup Ogdee won the game in the last half of the sixth with a homerun which broke up the tie and gave Lipscomb's a 6-5 win and a tie for second place.

With Willie Zapalac pitching two hit ball and with solid hitting by the rest of the team the Campus Theatre gained an 8-0 triumph over Madeley's Pharmacy. Back, Glass, and Westbrook led the Theatre hitters with two blows a piece. Champion and Reed collected the two blows that Madeley's garnered off Zapalac's pitching.

Holick's Cleaners went on a hitting rampage and collected seventeen hits in their 16-4 win over the pros. Every Holick player came through with at least one hit with Schiff collecting a homerun. The pros were held to six hits by Day the Holick twirler.

YEARBOOK

(Continued from page 1)
campus then that wouldn't be tolerated now was a dance-club known as the A. & M. Swastika Club, whose emblem was a huge swastika (Hitler style) with A-M-C in the corners of a triangular background.

The 1909 Longhorn ended up with a section devoted to jokes and humorous satire which included this schedule for the day:
6:00 Reveille sounds
6:30 Fish and corporals go to mess
1:15 Regiment begins march to Mess Hall, Furneaux in command and eager orders double time.

1:19 Furneaux and Crouch take short cut, leave Battalion to English
2:45 Furneaux back from Mess Hall, shaves, feels hungry.
6:10 Supper
6:15 Furneaux making good headway
8:01 Furneaux hungry
10:10 Taps
10:15 Furneaux enters Mess Hall through window
12:30 Furneaux founders
12:30-6:00 a. m. All quiet

Batt. Activities Offices Move To New Location Fri

Friday morning the Battalion office and the Student Activities offices will be moved to the basement of the Administration building, and will occupy the offices vacated by the Department of Publicity and Information, which have already taken new offices on the third floor of the Administration building.

Also moving to the third floor of the Administration building is the Extension Publications department. Business Manager E. N. Holmgreen will move his offices into this space next Tuesday.

It was learned that radio station WTAW will move from their present location in the YMCA to a new location on the third floor of the Administration building. About \$2,700 worth of new broadcasting equipment has been ordered so that it will be the most modern in every respect.

According to Dean F. C. Bolton, these moves are being made so that the various departments will have more room than they have at present and also to make them more convenient to the various offices surrounding them. In the case of the moving of the WTAW studio, it is for better offices, more room, and greater quiet.

WAR SKILLS

graduated from high school in the upper half of his class, and have done has major work in mathematics.

The curriculum covers testing and inspection of metallic materials and finished products, elementary metallurgy, and testing and inspection of general construction materials. Previous graduates of the course have been placed in aircraft and ordnance plants and with various government agencies at salaries ranging from \$100 to \$150 monthly.

Advanced Engineering Drawing requires graduation from high school with two years of mathematics and at least one semester of drawing. Instruction is especially designed to train draftsmen for aircraft and shipbuilding industries, as well as others. The course includes drafting, shop sketching, descriptive geometry, shop mathematics, gauges and measurements and shop processes.

The same prerequisites are listed in the Airplane Drafting and Lofting course. It is much the

same as the engineering drawing, except that specialized instruction in airplane drafting and lofting is given.

When the University of Utah graduates its mining school class there are no soft-palmed sisses that never have been down in the "diggins". The fact that you can see students in hardrock hats, sweat-soaked shirts and dirty overalls is proof. The school maintains its own practice mines.

The President of a girls' college in Georgia has ruled the students must not smoke on the campus. We are told he fears they might set fire to some of the old traditions.

Fish, Game Club Feast Made Colorful By Musical Members

Members of the Fish and Game club enjoyed a watermelon feast in the backyard of Dr. W. P. Taylor, head of the Wildlife Department, last Monday night.

Along with the watermelons and other entertainment was a musical concert given by five Aggies at the outing. Members of the orchestra included Bob Ashire, guitar; E. G. Schatzman, banjo; J. L. Boone, violin; W. F. Ross, violin and flute; and Othell Erlund guitar. Songs that were played included some of the old time favorites such as "Tiger Rag", "St. Louis Blues", "El Rancho Grande", and many others, mostly of the Spanish and cowboy variety.

Carthy has ever thought of winning for the Yankees. . . Football practice starts September 5 here. Norton and his aides will have double duty to perform and they'll have to perform that fast. . . while other colleges in the conference are having their charges work out on a two-a-day schedule, Coach Norton will have to be satisfied with conditioning his boys but once a day primarily because the boys do have to go to school. . . So instead of taking everything systematically with plenty of time to spare, Norton will have bunch up all his work for he won't have but three weeks to get his Aggies set for a rough and tough football grind. . .

MEANDERINGS

(Continued From Page 2)

weeks. "The grass always looks greener on the other side." Do you know what I mean?

THIRTY-SECOND NOTES

Some of the Big Name Bands in Texas who are playing below the Mason-Dixon Line for their last time until after the duration are Jan Savitt playing in Fort Worth, Herbie Kay playing in Dallas, Jack Teagarden playing in Houston, Del Courtney playing in Dallas and Charlie Fisk, who is now touring the state.

Current plans call for the Baryard Frolic to be held September the fifth in The Grove. This seems to have been the only Saturday night left open on the Fall Social Calendar, and it will also break up the monotony of the Juke Box Proms and Regimental Balls that are to follow.

Voting from this county for the Fitch Bandwagon seems to be approaching the 10,000 mark. Three orders of ballots have been received for the various drug stores here and in Bryan, but votes are still needed in the northern part of the state. All of the Bands competing in the contest are from Dallas except George McCullough and the Aggieband. Mc is from Ft. Worth and happens to be director of the staff orchestra of the Texas State Network. Incidentally, throughout the contest the Aggieband has not only been backed by Aggies on the campus, but by Ex-Aggies, Mothers Clubs, and Aggie supporters all over the state. They are the salt of the earth, believe me.

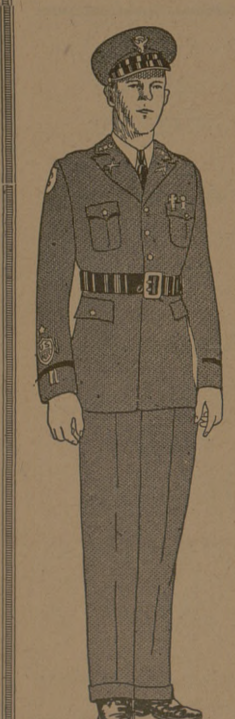

Don't be surprised if Herbie Kay should show up down here in the near future. He is now playing at the Plantation in Dallas.

To end this meandering in a patriotic tone let me leave this with you—
You can give jitterbugs one great big kick,
If you'll just play 'em simple, hot lick,
And you can give Hitler one big dose of cramps,
If you'll just lick up those War Bonds and Stamps!

(It gets worse every time I read it)
