

## Freshmen Receive Week of Intensive Orientation

### Preliminary Registration Begins Monday

### Classified Seniors Register For Classes Friday Evening

Total Fees Are \$149.05; First Installment Amounts to \$82.65 Payable September 14

Students who were in good academic standing after mid-semester, may pay their fees for the new semester and reserve a dormitory room beginning Monday, September 14. Classified seniors will register Friday afternoon, September 18, and undergraduates may register on Saturday, September 19. Registration of new students will be held Friday, September 25. Students who were on the deficiency list after mid-semester may not pay their fees, reserve a room, or register until Monday, September 28.

Fees payable for the next semester will be \$149.05, it was announced by the fiscal department. Day students will be required to pay \$42.90. Students who will pay maintenance by installments may pay \$82.65. These figures include a \$12.10 student activities fee which may be deducted if so desired.

Before students will be allowed to pay their fees, they must clear up all old obligations to the college such as breakage fees and library fines. It has been suggested by the fiscal department that these bills be paid before September 14 in order to avoid congestion at the time of registration.

The schedule for registration on Saturday, September 19, is as follows: 7 to 8—All students whose surnames begin with T, U, V, W, X, Y, Z; 8 to 9—All students whose surnames begin with A, B; 9 to 10—All students whose surnames begin with R, S; 10 to 11—All students whose surnames begin with C, D, E, F; 11 to 12—All students whose surnames begin with M, N, O, P, Q; 1 to 2—All students whose surnames begin with G, H, I; 2 to 3—All students whose surnames begin with J, K, L; 3 to 5—All students who were unable to register at their regular scheduled time.

This course highlights the principles of organization, personnel administration, cost accounting, time and motion study, and other topics relating to the conduct of a manufacturing plant.

Teachers in other fields with a related interest in this work are invited to visit this class. V. M. Faires, head of the Industrial Engineering department, pointed out.

Kimball will also teach Industrial Engineering 404, Time Study engineering.

### Aggieland Leaves For Bandwagon Show Today

Curley Brient and the Aggieland Orchestra will leave for Dallas this afternoon to begin rehearsal for the Fitch Band Wagon show to be broadcast over a 139 station NBC network from Fair Park Auditorium Sunday from 6:30 until 7:00 p. m.

Fifteen musicians and Jerry Sullivan, vocalist, will make the trip, and all will return to college Monday.

This year's attempt to land an Aggieland orchestra on the Summer Band Wagon is the fourth in the Aggieland's history, and this is the first year the contest has been won.

Votes cast by students and their friends all over the Southwest, as well as those polled by Ex-Aggie Clubs, A. & M. Mothers Clubs, and other Aggie-backing civic organizations won the place for the band on the program. Competition was given by three Dallas professional bands and the S. M. U. Varieteers.

### Dairy Judging Results Come In From Iowa

Placings in the Dairy Cattle Judging Contest September 7 in Waterloo, Iowa, as received this morning were as follows: team placings; Arshires, fourth place; Guernseys, fourth place; Holsteins, seventh place; Jerseys, tenth place; Brown Swiss, ninth place; all breeds seventh, and "fair" in individual placings.

### Weeks Plays for CA Ball

### Hitch-Hiking To LSU Game Made Easier

### Louisiana Students Explain Aggie System In Home State Papers

In an effort to make hitch-hiking easier in Louisiana for Aggies who plan to attend the A. & M.—L. S. U. football game, members of the Louisiana A. & M. Club are writing to all large newspapers in that state asking them to put articles in their paper concerning the Aggies who will be hitch-hiking in Louisiana during the week end of September 26.

This plan that is being set up will make hitch-hiking much easier than it usually is in that state. Hitch-hiking is rarely done in that state, and when it is people seldom stop to pick up anyone. The articles tell the different ways to tell an Aggie from an Army man, about the stickers usually found on the suitcase of all Aggies, collar ornaments, and shirt patches. Also in the articles is information about the advantage of picking up Aggies, which are changing tires, fixing motor trouble, relieving the driver at the wheel, and holding conversations.

Other information in the articles tells of the manner in which Aggies number off when hitch-hiking, where they stand to hitch-hike, and the order in which the Aggies take the rides offered them. Readers of these Louisiana papers, after reading the articles, should readily understand the transportation situation that confronts the Aggies going to attend the L. S. U.—A. & M. football game in Baton Rouge and should help them out as much as possible by picking them up when they see them on the road.

Officers of the Louisiana club are Clayton D'avy, president; Joe Gordon, vice-president; John May, secretary-treasurer.

### Liberal Arts Course Modified to Meet Requirements of Army, Navy Reserves

All Liberal Arts students will be required to include in their curriculum courses in algebra, trigonometry, and physics in order to comply with requirements recently set forth by the Army Enlisted Reserve Corps and the V-1 and V-7 naval reserve, it was announced today by Dean T. D. Brooks of the school of arts and sciences.

Heretofore, all liberal arts students except physical education majors were required to take six hours of mathematics and had an option their second semester of taking advanced algebra, trigonometry, or Math 110 (a general survey course), Brooks stated. They will now be required to take trigonometry their second semester.

All physical education majors must now take Math 101 and trigonometry during their freshman year. In order to do this, they will defer their language course until later. Or if they are working toward a B. S. degree, they will defer the first course in their teaching line, said Brooks.

Brooks went on to point out that all liberal arts sophomores must take Physics 201 and 202. This course will be substituted for Chemistry 106 and Geology 205. In the case of physical education majors, physics will be substituted for Chemistry 106 and Biology 341.

### Senior Ring Dance Favors Must Be Ordered by Monday

Dollar Deposit May Be Paid in Ross Hall; WPB Freezes Needed Materials

Senior Ring Dance favors must be ordered immediately by those who desire them, it was announced by Dan R. (Rocky) Sutherland, Senior class president. On October 1 the essential war materials of which these favors are made will be frozen by the War Production Board and production of the favors will not be allowed to increase beyond those which have already been ordered.

For that reason, all seniors who want favors are requested to place their orders with the Corps Headquarters office by noon Monday, September 14. A deposit of one dollar will be required to make the order valid. Deposits will be received from 8 a. m. until 5 p. m. today, tomorrow and Saturday, and from 8 a. m. until noon on Monday.

Sutherland states that no further orders will be taken after Monday and there will be absolutely no extension of the deadline since it is necessary for the engraving company to have accurate estimates of the materials they will need.

Delivery of the favors will be sometime in January.

### Dorm Assignments Are Released By Commandant

A revised dormitory assignment list was released today by the office of the commandant. Students who were in good standing after the mid-semester grades will be allowed to pay their fees and reserve a room for the new semester beginning Monday, September 14.

Special consideration will be given students who were forced to move out of Milner Hall in order to make room for repairs. The third floor of Milner will be reserved for them Monday and Tuesday, September 14 and 15, and no other students will be allowed to reserve a room on these days.

Dormitories 14, 15, and 17 will be occupied by the Field Artillery regiment. The Field Artillery band will have the top two floors of Dormitory 16. The remainder of Dormitory 16 will be occupied by 7 C. H. Q. which will consist military Field Artillery cadets for whom there is not enough room in the regular organizations.

The Infantry regiment will be assigned to the bottom two floors of Dormitory 11, all of Dormitories 9, 7, and 5, and the first floor of Dormitory 3. The 5 and 6 C. H. Q. will contain the overflow of military Infantry cadets and will occupy the bottom two and two top floors of Dormitory 1.

The Cavalry regiment will occupy Hart Hall and the Coast Artillery will live in Law and Puryear Halls. The east wing of Bizzell Hall will contain the Ordnance battalion and the west wing, the Quarter Master Corps battalion. Signal Corps regiment will be assigned to Mitchell Hall and the first two floors of Milner Hall. The Engineering Corps will have all of Walten and Post Graduate Halls.

Non-military students will be assigned to dormitory rooms as follows: graduate students and classified five-year men, top floor of Milner; 1 C. H. Q., first two floors of Leggett; 2 C. H. Q., Foster Hall, 3 C. H. Q., Goodwin Hall; and 4 C. H. Q., top two floors of Leggett.

### Band Booked For Town Hall Program

Anson Weeks, famed maestro of the old school of swing bands, has accepted an offer to play for the Coast Artillery Ball to be held in Sbis Hall Friday night, October 2. He will also play a Town Hall program just before the ball and for the corps dance Saturday night.

In announcing the decision, Ray Boyles, A Battery first sergeant and chairman of the orchestra committee, said, "We are very fortunate in securing Anson and his famous band. They are currently breaking attendance records in theatres and dance spots on the West Coast, and because he has been booked for both Plantations in Dallas and Houston, we were able to engage him for that week end."

Gus Boesch, general chairman of the dance committee, said that plans were now being completed for one of the best and biggest Coast balls in the history of the regiment. He expressed the hope that every man in the regiment would have a date down, for the juniors handling the ball will have "the perfect dance laid out for them."

Boyles, who with Charles Thahauser, is in charge of the band business for the dance, went on to say that Don Bestor, Boyd Raoburn, and Jan Savitt had been contacted but not signed previous to Weeks' notice of availability.

"Savitt was the best band available, but because he was too far from Texas, and wanted a little See ANSON WEEKS, Page 4)

### Cadet Officers Will Help Fish Start College Life

### Program Includes Explanation of All Procedure Involved in Becoming Aggies

Complete plans for freshman week, during which all September freshman will be given a full week of intensive preparation for the serious business of launching upon their college education and at the same time preparing to serve their country in the armed forces as officers, were released today by the office of the registrar.

One responsible cadet officer from each organization will be required to be here on the campus by noon, September 25, it was announced by the office of the president. The idea behind this is to have someone in each organization to advise the new freshmen as to the routine of the organization so that they will not be entirely unacquainted when the old students arrive Sunday, September 27, the president's office pointed out.

Usually authoritative sources revealed that a committee will be appointed to investigate and report on the much-discussed "fish-frog" program.

New freshman will receive physical examinations Sunday afternoon, September 20. On the next morning, they will report to the assembly hall for instructions regarding freshman week. Following this meeting, they will be free to complete their physical examinations, pay their fees, and secure their uniforms. That night they will meet in Guion Hall to hear welcome addresses by President T. O. Walton and E. L. Angell, executive assistant to the president.

On Tuesday morning, September 28, the freshman will be given psychological tests. That afternoon, they will meet with their senior military instructors, and Physical Education Director W. L. Penburthy. After supper, they will be given a chance to meet by groups according to their religious preference.

Wednesday, September 23, the freshman will be given an opportunity to learn college regulations and meet with their deans. Thursday, they will be told of Aggie Tradition by Dean E. J. Kyle of the school of agriculture. Registration will take place of Friday, September 25.

Classes will begin on Monday, September 27.

### Reserved Seats Near Sellout In Town Hall Sale

### Purchases May Be Made In Afternoons Only At Student Activities Office

Tickets for the fall Town Hall series are now on sale in the afternoons in the Student Activities office, John Lawrence, manager of Town Hall, announced today.

There are available in Guion Hall over 1800 seats, with 504 of them reserved. Most of the 1800 will be taken by the corps when they register, with the reserved seats going primarily to the faculty, college employees, and Bryanites.

About two-thirds of the reserved seat tickets had been sold by 4:30 yesterday afternoon, indicating a complete sell-out for the season.

Featured on the program are H. V. Kaitenborn, noted news analyst heard regularly over NBC; Alec Templeton, famed blind pianist and composer; and Jessica Dragonette, prima donna of the opera world. Also featured on the program are Nancy Swinford, outstanding Houston soprano; the Don Cossack choir, the Graff Ballet, the Houston Symphony Orchestra, and the Singing Cadets.

Anson Weeks has just been signed to appear as one of the two featured name-bands which complete the list for the fall series.

### 500 County Agents Here Next Week

Approximately 500 county agents and home demonstration agents will meet here for a four day conference beginning next Thursday, stated Roy Snyder, Extension Specialist on Animal Industries and member of the program committee for the four day meeting.

Previously the annual meetings had been held at the same time the Farmer's short course was in session in the middle of the summer. This year, however, the short course was not held because of war conditions, so the meeting was postponed until next week, stated Snyder.

Rueben Brigham, assistant director of the Extension Service, Washington, D. C., will head the list of distinguished visitors to be present at the meet next week. With Brigham will be several members of the Extension Service staff from Washington.

Dr. Robert L. Sutherland, the director of the Hog Foundation at the University of Texas will be at the meeting with other well known agricultural experts to pool their opinions for the mutual benefit of the county agents and home demonstration agents of this part of the country.

Harry C. Hensley, senior agricultural economist of the Department of Agriculture in Washington and Mrs. W. G. Kennedy of Muleshoe, Texas, president of the Texas Home Demonstration Association complete the list of well known visitors to attend the meeting.

County agents from 254 counties and home demonstration agents from 139 counties will get together to make up the roster of the conferees, stated Snyder. Mornings of the four day con-

ference will be taken up by general conferences while the afternoon periods will be devoted to sectional conferences about special subjects.

Women delegates will be housed in newly remodeled Milner, while the men delegates will stay the four days in various dormitories around the campus.

### Scout-O-Rama Shows Youth's Preparation for War Duties

By Jack Keith, Jr.

With such an array of signal towers, tents, first aid equipment, air raid equipment, lean-to's and bridges as have never been gathered on the Aggie campus before, the Boy Scouts of Bryan, College Station and vicinity will gather in the Animal Husbandry Pavilion at 8:15 Friday night to present their first annual Scout-O-Rama.

Director of the show, the purpose of the Scout-O-Rama is to show the public the important part the Boy Scouts of America are playing in the war effort. As a secondary purpose, peace time skills in camping, bridge-building and other activities will be demonstrated, in a grand total of nine events in 105 minutes of entertainment.

To lead off, a Grand Entry and Prologue will be staged in which the various branches of Scouting—Cubs, Scouts and Sea Scouts—will salute "Miss Liberty" and the various branches of the armed forces. Each service of the army will be represented by Scouts in appropriate uniform, and, as a symbol of that service each will receive a short pledge of allegiance and cooperation from the Boy Scouts of America.

The younger boy program, the Cub program, of the Boy Scouts will be demonstrated next with the youngsters themselves showing what they have done and are doing to defeat the Japs and Germans. Cubbing in the United States was started as an idea a little more than ten years ago. Today there are more than 236,125 cubs with more than 43,000 cub leaders.

An Emergency Service Obstacle Race, similar to the Army's "Commando Course" will be erected and run through by the boys on the mothers' club.

Chuck Chalmers, president of the Houston A. & M. Club, announces there will be a very important meeting of the Houston club tonight immediately after yell practice in the YMCA chapel to discuss plans for a big holiday party in Houston.

The Houston A. & M. Mother's club is planning a combination weiner-roast, swimming party, and juke-box dance at the Golf Crest Country Club in Houston Monday, September 21 from 8 till 12 p. m.

Chalmers strongly requests that all Houston fish show up for the meeting as well as all other A. & M. residents of Houston and vicinity. He says all the boys ought to turn out for the affair to show their appreciation of the diligent work of the Houston A. & M. mothers' club.

Mornings of the four day conference will be taken up by general conferences while the afternoon periods will be devoted to sectional conferences about special subjects.
