Swearingen Made Ground Instructor

Second Lieut. Ralph L. Swearingen, Houston, former student at Texas A. & M., has been appointed an instructor in the ground school of Uncle Sam's newest bombardier school at San Angelo, it was announced by Colonel George M. Palmer, commanding officer of the advanced flying school.

Second Lieut. Swearingen's father is First Lieut. S. O. Swearingen, also in the air corps and stationed at Ellington Field, Houston. The former left A. & M. in June 1939, and later entered the regular army at Randolph Field. He completed his bombardier training at the Midland Army Flying School before being assigned here.

Private Homer C. Covington, Battery C, 27th Battalion, Field Artillery Replacement Center, has been promoted to the rank of corporal and selected to attend the Field Artillery Officer Candidate School at Fort Sill, Oklahoma.

Upon successful completion of the three month course, Corporal Covington will be commissioned as a second lieutenant.

Military Pay Rolls Go to Headquarters

Military science pay rolls were sent in to the Eighth Corps Service Command headquarters at San Antonio yesterday, states Sergeant Thomas, sergeant major.

The checks have to be certified and endorsed in San Antonio and then sent back to the military department, states Sergeant M. E. Thomas. They are then sent to the senior instructors of each branch for distribution to juniors and seniors. The checks will be ready for distribution in about ten days.

A & M Dames Club Entertains Sailors

Sailors and marines will embark on the first of a series of entertainments with a dance in Sbisba next Saturday. The A. & M. Dames Club will sponsor the first of these dances while other women's clubs will sponsor entertainments in turn.

A supply of partners for the ladies in blue and the "Leathernecks" is the main problem confronting the club and to help solve this need a drive is underway to contact single girls in and around the college.

FOOTBALL

Hard-Blocking Zapalac
Willie Zapalac, blocking back, and Jake Webster at fullback go to form the rest of the backfield. Zapalac, the hard-hitting blocker from Bellville, has, of late, become the most consistent Aggie back. His blocking during scrimmage sessions against the B squad or the freshmen has been short of sensational, and his exhibition this afternoon should give the Ags their best blocking back since Jim Thomas dropped would-be tacklers in their tracks.

The Cadet line will be sparked today by Felix Bueck, phenomenal guard who has been the stalwart of the hard-hitting forward wall. Along with him to defend the glory of Aggieland will be Wayne Cure, at the other guard post, Don Luethy and Ben Stout at tackles, Bill Sibley, center and Bill Henderson and Boots Simmons at the wing post.

They call him "Yoshii the Yokel of Yokohama." Also there are other names, unprintable for any occasion.

In most instances fire could have been prevented, or at least the destruction reduced, if adequate precautions had been taken in time.

COMMUNICATIONS ... directing arm of combat

...and Western Electric equipment goes to every battle front

Army planes fly and fight with radio command sets. Radios ride in tanks to coordinate mechanized operations. Army commanders get reports and give orders over field telephones, wire and switchboards. Naval vessels use announcing systems, telephones and radio.

A major source of this specialized equipment is Western Electric—for 60 years manufacturer for the Bell System—dedicated today to meeting the need for equipment that delivers fighting words to fighting men.

Ag Workers Cancel January's Meeting

The Directors of the Texas Agricultural Workers' Association have voted to dispense with the annual meeting scheduled for January 8 and 9 at Abilene, according to D. T. Simons, Fort Worth, president of the group. The majority of the Directors felt that gas rationing, possible restrictions and inconvenience of travel by bus and train, curtailment of travel and travel funds by organizations, unusual pressure of work for many members, the request by the government that only essential meetings be held, the example set by similar organizations in dispensing with meetings, and the small attendance that would no doubt result, all pointed to the advisability of not having the meeting next January.

NEW COMERS CLUB will be guest of Mrs. H. M. Barlow, 294 Pershing, on Wednesday afternoon at 3:00. Both bridge and sewing.

Beginning Sunday, Sept. 18, Christian Science Services will be held at 11:30 o'clock in the Y.M.C.A. parlor, second floor.

The University of Oregon alumni office hasn't forgotten that another alumnus, Yosuke Matsuoka, former foreign minister of Japan, also has caused the university considerable embarrassment.

In 1937, the Portland unit of the Oregon Alumni association decided that Matsuoka was "the alumnus of the year" and had a plaque made for him. An alumnus was sent to Tokyo for the presentation. He was royally feted, and next time Matsuoka came to Oregon, he made a speech at the university.

Apparently the Japanese like the traitorous utterances of this native of Banks, Oregon's strawberry growing country. His work for the broadcasting corporation of Japan's foreign division earned him praise in 1938. The government's controlled Nichi Nichi wrote an extensive article praising his "fine work" and attached to him the name of "Japan's Radio Sokesman."

Alford, Palmer Frog Stars
For the Froggies, the star-studded forward wall is led by Bruce Alford, the TCU All-America end candidate and Derrell Palmer, their most brilliant tackle since I. B. Hale roamed the Southwest Conference.

The game will start at 2:30 this afternoon and when the whistle opens the festivities both the Purple and White of Texas Christian University and the Maroon and White wearers of Texas A&M will know that their biggest test of the season is under way.
