All students who wish to make applications for positions as tutors should apply at the Registrar's Office. H. L. Heaton, Acting Registrar.

Announcements

I am in receipt of the announcement of 1943 fellowships offered by the Julius Rosenberg Fund to white Southerners who wish to work on some problem distinctive to the South and who expect to make their careers in the South. Candidates must be eligible to graduate study, and from 24 to 35 years of age. The grants are available not only to students of the natural and social sciences and the humanities, but to those interested in the fine arts, journalism, education, agriculture, business, or public service. Further information may be had by calling my office. T. D. Brooks, Dean, The Graduate School.

All agricultural seniors were excused from classes from 11:00 to 12:00 A. M. October 19, in order to attend a special lecture. Through an error, this announcement failed to appear in the Battalion last Thursday and Saturday. E. J. Kyle, Dean, School of Agriculture.

Meetings

KREAM AND KOW KLUB—The Kream and Kow Klub will have its regular meeting Monday night at the Creamery. An interesting meeting will be held and refreshments will be served. All D. H. students and Professors are invited.

Come on you girls and help us entertain the navy and show them what College Station can really do in the way of real Southern hospitality. The time is Saturday night, October 24, at 9:00, and the place is the banquet room of Sbia Hall. We are having a humdinger of a sailor's orchestra to play for us, and a big crowd of sailors and marines to take care of. The A. & M. Dames Club is sponsoring this dance, and we will all be there with our husbands to get things rolling and see that everyone has a good time. You come, and bring your best friend, and have her bring a friend or two of hers. The bigger the crowd, the better the dance, and these boys down here really need us all in their pitching for them this weekend like they are going to be in there pitching for us when they go after the Japs!

Executive Offices

"Applications for Student War Loans, made available through the U. S. Office of Education, will be accepted beginning Monday, October 19, 1942. The attention of interested students is called to the following conditions pertaining to these loans:

ELIGIBILITY: Only full-time students enrolled in Engineering, Chemistry, Physics, and Veterinary Medicine whose technical education can be completed within twenty-four months after the first loan.

Applicants must (1) attain and continue to maintain scholarship standards satisfactory to the institution in which they are enrolled (a grade-point average of 1.5 or better at time of application, and continuing to make a passing grade in three-quarters of scheduled work); (2) demonstrate the need of this assistance to enable them to remain in school; (3) agree in writing to participate, unless otherwise directed, in accelerated programs of study in authorized fields; and (4) agree in writing to engage, for the duration of the wars in which the U. S. is now engaged, in such employment or service as may be assigned by officers or agencies designated by the Chairman of the War Manpower Commission. Applicants must furnish a Retail Credit report at their own expense. (This item may be waived in the amount loaned.)

AMOUNT OF LOAN: Loans are limited to an amount not exceeding tuition and fees (all charges required by the institution for participation in its educational program) plus a maximum of \$25 per month for each month of participation, and subject to an all-over maximum of \$500 by June 30, 1943. Funds, except for tuition and fees, may not be paid to students for more than one month in advance.

PERIOD OF LOAN: The borrower shall sign a note made payable to the Treasurer of the United States. Repayment shall be made with simple interest at the rate of 2 1/2% per annum on the following basis: one-fourth of principle plus interest after one year from date of discontinuance as full-time student; one-fourth principal plus interest each year thereafter until paid in full. No principal or interest shall become due during the period that the borrower is serving in the armed forces; payment shall be extended so as to date from the time of discontinuance of such service.

Further details concerning these loans are available at the Placement Office. Wendell R. Horseley, Director, Placement Office

Church Notices

BETHEL EVANGELICAL LUTHERAN CHURCH
800 S. College Ave., Bryan

Civil Service Men Interview Students

Representatives of various federal agencies and the U. S. Civil Service Commission will visit the A. & M. campus today, tomorrow and Monday to recruit, interview and make provisional appointments on the spot of engineers who meet civil service requirements, the Tenth U. S. Civil Service region announced today.

The federal government critically needs engineers of all kinds for specific war positions. Government representatives will explain these needs in their contracts and interviews with prospective appointees. Students will be required to finish their prescribed course to fill the necessary requirements before they will be entered upon active duty.

Dr. Neil E. Gordon of Central college, Fayette, Mo., has been appointed head of the chemistry department at Wayne university to fill the vacancy caused by retirement of Frederick C. Irwin.

Aggies Hold 26-8 Edge Over Baylor In SW Conf Series

The Texas Aggie-Baylor Bear series is one of the oldest in the Southwest Conference and when the two teams meet in Waco on Saturday, Oct. 24, it will mark the 41st time they have played. So far the record favors the Aggies who have won 26 games while losing eight and tying six others. The teams first met in 1899, and in the early years of the century they played as many as three games in some years and at least two annually up through 1905. The worst licking ever administered to an Aggie team was the 46-0 thumping in one of the three 1901 games. That year Baylor won two of the three played. In 1912 the Aggies ran up a box-car score with a 53-0 tital and came within one touchdown of that last season when they finally ended the game at 48-0 and threw no passes during the second half.

This year both teams have fine passing attacks and the game promises to be an aerial thriller provided rain does not fall on game day. Of the last few years only one bet on that game was sure and that is that John Fan could bet on rain for the players to handle. In event of rain Baylor will be the odds-on favorite due to the fine plunging fullback they have in Milton Crain, an All-America candidate this year.

Year	Aggies	Baylor
1899	0	0

Marshall and Clayton Have Completed Training Course

Lieut. (junior grade) Elmer Clayton Nichols, Fort Worth, and Ensign Herman Marshall, Attaway Hewitt, have completed an intensive eight weeks course of instruction in gunnery, seamanship, and navigation at the Naval Reserve Officers Training School, at Tower Hall, Chicago. These and other volunteer officers who composed this class are expected soon to go to sea with fleet.

Lieut. Nichols, who was a graduate of A&M, and was on the freshman football team, was an industrial safety engineer before his enlistment. Two-color shoes are out for the duration. WPB has banned the production of fancy footwear to save leather. At the same time it has reduced the variety of styles and cut the number of colors to six: black, white, turtan, Army russet, Town Brown and Blue. Athletics shoes, incidentally, will be made as usual.

"The Little Foxes"

MEANS MISCHIEF: Keying an avid and persistently domineering campaign to force her husband into a get-rich-quick scheme, Bette Davis is here seen plotting her ruthless course in "The Little Foxes," at the Campus Saturday night, Sunday and Monday. Herbert Marshall, as her mate, is in principal support, and also featured are Samuel Goldwyn's find, young Teresa Wright, and Richard Carson.

Foster Field Flyers

Army Air Force fighter pilots, training at Foster Field, for a whack at a Jap, show their aerial skill in this perfectly aligned formation. Two hundred miles an hour and not a prop out of position! Graduation Day means silver wings for these Foster Field flyers and those of six other advanced schools of the Air Forces Gulf Coast Training Center. Then, "Off to Tokyo . . . or Berlin!"

Army Athletes Named Athletic Assistants

Miami Beach, Fla.—(ACP)—Three famous athletes attending the Officer training school of the army air forces technical training command here have been named student assistants to R. W. Johnson, O.T.S., athletic director. They are Capt. Charles F. Erb, quarterback and captain of the University of California's 1922 football team; Lt. Steve Hamas, a five-letter man at Penn State and later an outstanding contender for the world's heavyweight boxing championship; Lt. Francis X. Shields, former national singles tennis champion and four times member of the United States Davis cup team.

Lafayette college has been enriched by a collection of more than 500 volumes from the library of the late B. F. Fackenthal, Jr., famed industrialist-philanthropist and a member of the class of 1878.

Purdue engineering students have enlisted in the war as "soldiers of production." The University has signed a sub-contract with Westinghouse Electric and the students are already turning out machine parts. Working part time, 275 students have achieved a production equivalent to a 75-man machine shop on full time.

INTRAMURAL HIGHLIGHTS

by Mike Mann

Bill Short starred as his 7th Corps Headquarters Class A basketball team smashed to a 28-9 victory over the 1st Corps Headquarters squad. Short was high point man in the game with a total of 15 points.

When C Replacement center defeated D Infantry 14-5 in another class A match, T. A. Head did his share in gaining the victory as he garnered nine points.

Spike White, director of intramurals, has sent out a call for three or four more men to act as officials in intramural football and basketball games. These officials come under student labor and are paid accordingly. Any men with three or four free afternoons each week who have had any officiating experience are urged to see White at the intramural club room at once.

Students taking intramurals who have changed from one military organization to another since last semester are requested to report the fact to Dewey Hoke at the intramural office at their earliest convenience.

A Chemical Warfare smeared 2nd Headquarters Field 27-6 in a class B basketball match. D. S. Darnell, with 10 points, was the high point man for the Chemical Warfare boys.

D Cavalry defeated A Engineers 10-6 in a hard fought Class B basketball game. In other matches A Replacement Center took E Engineers 22-9 while E Replacement Center beat B Infantry by a score of 15-4.
