

# OFFICIAL NOTICES

Notices appearing in this column must be in the Battalion office not later than 3 p.m. of the day before the paper is issued. Notices arriving after that time absolutely cannot be carried in the following days' paper, and will automatically be carried over to the next issue.

## Classified

**CARS WANTED**—Pay highest cash price for any make or model. H. L. Whitley, Jr., Phone 27009, Bryan, Texas.

**WANTED**—A car for use every Tuesday, Thursday, and Saturday for campus-wide distribution of Battalion newspaper. If interested, contact Student Activities Office by Monday at 5 p.m.

**WILL BOY WHO BORROWED** my brown striped Parker fountain pen Saturday, March 20, in the Commandant's office, please return it to Room 208, No. 11, Crozier, W. G.

**CALIFORNIA**, here I come! Contact Mrs. Bill Chennault, Milligan, Texas, for passage to California, leaving any day convenient. Offer open to man or woman.

**LARGE BROWN, SHAGGY DOG** picked up and put in vet. hospital. Owner must claim within four days, pay for vet. fee, inoculation tag, and this ad. Loyd D. Smith, City Office.

## Announcements

**CALLER MEETING** Brason Union Lodge No. 129, tonight at 8:30 p.m. There will be work in the Master's Degree. All members and visiting brethren are cordially invited to be present. R. M. Searey, W.M. J. W. Hall, Sec.

**BEGINNING TUESDAY, March 30**, the Post Office will be closed at 10 p.m. instead of 11 p.m. Mrs. Anna V. Smith, Postmistress.

**QUALIFYING TESTS** to be given April 2 are in the hands of Dean Bolton, Dean of the College.

We are directed to see that every one of our reservists, those enlisted in the E.R.C. and not under contract, takes this test either for the Army or the Navy. It is recommended that all students other than those under contract avail themselves of this opportunity for qualifying under this examination. A. J. Bennett, Lieutenant Colonel, C.A.C., Executive.

**AGRICULTURAL FACULTY**—There will be an important meeting of the Agricultural Faculty to discuss post-war problems relating to agriculture today at 4:00 p.m., Agricultural Engineering

We have just received another large shipment of regulation shirts . . . slacks . . . belts . . . insignia . . . ties . . . socks . . . underwear and shoes. Stop in and see our splendid assortment.

Regulation Cotton Shirts — Broadcloth . . . Poplin or Twill . . . \$2.00 to \$3.75

High-Back Cotton T will Slacks with zipper front . . . \$3.95 to \$4.25

Light Tan Tropic Weight Slacks . . . Rayon and Wool . . . \$7.50

Shirt to Match . . . \$6.50

All-Wool Tan Gabardine Slacks (Lightweight) . . . \$12.50

Shirt to Match . . . \$11.50

Airman Zelan Jackets . . . Shower proof . . . wind resistant. Tan Zelan with zipper or button. \$2.95 to \$5.95

Nunn-Bush Shoes. \$10 to \$11

Nettleton Shoes . . . \$10.50 to \$12.50

Edgerton Shoes \$6.50 to \$7.95

Fortune Shoes . . . \$4.95

Building. E. J. Kyle, Dean of Agriculture.

**SENIOR RINGS** due April 1 will be ready for delivery in the Registrar's office Wednesday morning, March 31, 1943. Next order leaves on Thursday, April 1, 1943.

**THE FOODS GROUP** will meet April 1 with Mrs. George Summey in North Oakwood at 3 p.m. "Milk and Eggs in the Diet" will be the program, given by Mrs. J. N. Thompson.

## Executive Offices

**STUDENTS ARE WARNED** that requests for authorized absences, if they are to be approved, must be filled out on the proper forms 48 hours after the return from the absence covered by an authorized pass, or from release from the hospital. Requests not made within that time will not be approved. F. C. BOLTON, Dean.

## NAVY V-1 AND V-7

1. The Navy Department has requested the college to conduct a qualifying examination for all men listed in the Class V-1 who will have completed four or more semesters in college by the end of this semester. Other V-1 students will be given a qualifying examination during the last half of their sophomore year. The examination will be given on Tuesday, April 20th, in the Assembly Hall and is expected to take the entire day.

2. Professor G. B. Wilcox will be in charge of the examination.

3. Students will be given authorized absences from classes while actually taking the examination.

4. V-1 students who pass the qualifying examination will be placed on active duty about July 1, 1943, and assigned to colleges designated for Naval Training. Those who, by the close of this semester, have completed six or seven semesters will receive one additional semester in college; those with four or five semesters will receive two additional semesters; those with two or three semesters completed will receive three additional, and those who will have completed one semester's work will receive four additional semesters. Engineering Reservists with satisfactory grades may be allowed to complete a total of eight semesters.

5. V-7 students who lack more than one semester of completing their requirement for a degree, will be placed on active duty and assigned to a college giving Naval Training about July 1st. Those who lack one semester or less of completing their courses here, may remain on inactive duty here for an additional semester, or they may request permission to be called to active duty and assigned to another institution to complete their course.

F. C. BOLTON, Dean

## MARINE RESERVES

1. Marine Corps Headquarters has requested the college to conduct a qualifying examination for students who are in the Marine Reserves on Tuesday, April 20th.

2. Professor G. B. Wilcox will be in charge of the examination, which will be held in the Assembly Hall.

3. Students will be given authorized absences from classes while actually taking the examination.

4. The following disposition of Marine Reserves now in college is contemplated: (a) Those who receive their degrees this semester will be called to active duty on or before August 30, 1943, and assigned to candidate's class.

(b) Those who are now juniors and seniors will be called to active duty and assigned to further college training in an institution selected for Marine Corps College Training Units about July 1, 1943. Students lacking one semester or less of completing the requirements for a degree may remain on inactive duty an additional semester here if they wish.

(c) Freshmen and sophomores (all who have completed less than four semesters of their courses), will take the qualifying test on April 20th. Successful candidates will be placed on active duty as privates in the U. S. Marine Corps Reserve about July 1st and assigned to a college giving Marine Corps Training.

(d) These Marine Corps Reserves who do not qualify in this examination will thereby be eliminated from the College Training Program.

5. The college has been requested to furnish certain personal information regarding each Marine Reserve. Each individual, therefore, is requested to report vacant period this week to supply this to Mr. E. L. Angel's office at his first information.

F. C. BOLTON, Dean

## Church Notices

**FIRST BAPTIST CHURCH**  
R. L. Brown, Pastor  
C. Roger Bell, Director Education and Music

Sunday Services  
9:45 a.m.—Sunday School  
10:30 a.m.—Morning Worship  
8:00 p.m.—B.S.U. Council  
4:30 p.m.—Choir Rehearsal  
6:15 p.m.—Training Union  
7:15 p.m.—Evening Worship

Each evening at 6:30 p.m. a short prayer service is held in the Education Building.

Dean E. J. Kyle will talk on, and show pictures of, his recent trip to South America at the Family Night program, Wednesday, 7:00 p.m.

We invite students to attend all the services of our church.

War activity may change the picture, but in 1929, as it was for many, is the biggest year on record in the United States Post Office Department. It sold 16,917,000 stamps that year, and handled 27,952,000 pieces of mail.

## KYLE FIELD

(Continued From Page 3)  
in his bed. Mind you, I said started off and not finish, for although the Aggies are far from Barracks 2, they still have ideas in mind. Poncho took that pretty good and in doing so gave the Cadets a lot of laughs. After finding the cereal in his bed his first remark went like this: "When I came in the barrack one Aggie greeted me after another and I knew something was up . . . but where did you get those Grape Nuts?"

One thing followed another until Saturday night when Poncho tried to sleep in another barrack. We all knew we were leaving Sunday morning and with that in mind and he knew it, Poncho didn't want to sleep in that barrack that night. It took him ten minutes to get in his room although nothing had been done to it (much). Tales reached him that the Aggies had sawed the rafters in two from the bottom floor, and Monaco went in his room feeling the floor like a girl does the first time she goes swimming.

These Texas Aggies have a lesson for many in this day and age and believe me, they practice it. That is a sense of humor. They made fun where others that were there at the same time found bore-some and work. Don't get the wrong idea, for the Aggies worked when the time came. Incidentally, the only barrack that was perfect during inspection Saturday, was the site for all their antics. All was not fun but those laughs from time to time found their place where they were needed most.

Because of the good distribution of fun and work, the boys from Aggieldand carried a good name with them and left it there. Because they could laugh, non-coms hated to see the Aggies leave. They got a kick out of drilling the cadets and at every opportunity they made it known who was in command.

Before leaving, the Cadets all kicked in a dime or so and made a present of a couple of cartons of cigarettes to every "House Mother." There were two to each barrack. At times the non-coms wished there were more.

Many more tales could be told if space permitted, but through it all, the Texas Aggies will be remembered for a long time at the Reception Center at Fort Sam Houston, Texas.

## TRACK TEAM

(Continued From Page 3)  
does not have a place on the Relays program. Whether Texas can get together a top mile relay team by Saturday is one of the minor problems facing Littlefield now.

Hurdles interest will center in the special event for all comers in the 120-highs, where Rice Institute's Bill Cummins, Texas' Douglas Jacques, Texas A. & M.'s Pete Watkins, and Oklahoma A. & M.'s Ralph Tait will meet. Watkins is favored to establish a new high jump record, although he will have to out-jump Rice's Bill Christopher to do the trick.

Garland Bridges, a Howard Payne senior letterman will oppose Texas' Max Minor, Stan Tharp and Bert Lindsey in the special 100-yard dash, and Oklahoma A. & M. will enter two men for the event.

Sprint relay honors are currently held by the University of Texas team, although Rice Institute's 1941 team set the record at 41.4 seconds. Minor, Tharp, Lindsey, and Footballer Jackie Field will comprise the team which will seek to lower the mark for Texas this trip. Minor and Field were on the combination relay second in the nation last year.

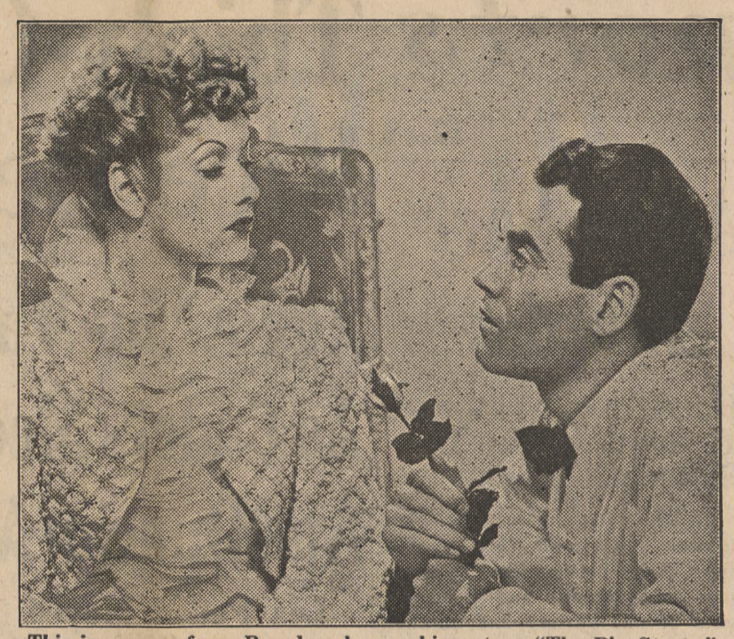

Weight event top hands will apparently be Jack Sachse of Texas, Bill Blackburn of Rice and Bill Henderson of A. & M., although Bob Williams of Southwest Texas Teachers has defeated Sachse and Henderson previously in the discus, and Frank Shirley of the San Marcos Teachers has won the pole vault in high-sounding competition.

Representatives of all Southwest Conference schools except T. C. U. and Arkansas will have entries in the meet, as will college and university teams from six states. Thirty high schools and five junior colleges have filed entries, and seven armed service posts will be represented.

University class relays are the quarter-mile, half-mile, mile, two mile, distance medley and sprint medley events. Colleges have their medley and their one mile relays and junior colleges their mile and quarter-mile relays. High school teams may enter medley, mile or quarter-mile relay events.

Special events open to university and college entries and service men, are the 100-yard dash, the high hurdles, 800-meter run, shot put, discus, javelin, high jump, and pole vault.

Junior colleges, academies and service men desiring may compete

This is a scene from Broadway's smashing story "The Big Street," starring Henry Fonda and Lucille Ball—now playing at the Campus Theatre.

## BUILDING

(Continued From Page 1)  
increased interest in egg grades, as ceilings are hardly possible on a semi-perishable product such as eggs unless they are sorted into quality and size grades, Professor Parnell believes. Texas merchants candle eggs but do little grading. "Candling is but the first step in a grading program," Parnell says. "I believe grades can be quickly and easily trained in Texas if egg handlers want to go to a full grading program. At present most dealers are handling eggs as 'assorted' or current receipts with most of them being resold without grading. However, there is a lot of interest in grading, Professor Reid reports, and the A. & M. College Poultry Husbandry Department offers its full facilities and staff to help in meeting the demand for training graders.

## SYMPHONY

(Continued From Page 1)  
ments has greatly increased the technical ability of modern trumpet players. Passages considered impossible by the old school trumpet players are today merely routine affairs.

Modern symphony composers do not hesitate to write seemingly impossible passages for the trumpet in the knowledge that the modern player can play them.

The Houston Symphony will play on Town Hall in Guion Hall on Tuesday, April 6.

## THINLY CLAD

(Continued From Page 3)  
440-yard dash: won by Frye, A.&M.; Battin, A.&M., second. Time: 50.3.  
One-mile run: won by Porter, Rice; Garrett, A.&M., second. Time: 4.37.  
High jump: Won by Christopher, Rice; Henderson, A.&M., second. Height: 6 feet, 2 inches.  
Pole vault: Won by Cummins, Rice; King, A.&M., second. Height: 12 feet.  
220-yard dash: Won by Williams, Rice; Christopher, Rice, second. Time: 22.4.  
120 yard high hurdles won by Cummins, Rice; Tope, A.&M, second. Time 15.1.  
800 yard run. won by Jajdos, A.&M; Porter, Rice, second. Time: 1:55.5.  
Discus throw: won by Donaldson, Rice; Eikenberg, Rice second. Distance: 131.6.  
Shot put: won by Henderson, A.&M; Blackburn, Rice, second. Distance: 46 feet.  
440 yard relay: Won by Rice (Christopher, Mills, Perkins, Williams). Time: 44.8.  
Two-mile run: Won by Maddox, A.&M; Garret, A.&M, second. Time: 10:25.7.  
Broad jump won by Christopher-Rice; Jay, A.&M; second distance: 22 feet 5 inches.  
220 yard low hurdles won by Cummins, Rice, Tope, A.&M, second. Time: 26.2.  
Javelin: Won by Henderson, A.&M; King, A.&M, second. Distance: 180 feet 3/4 inches.  
Mile relay won by A.&M (Bilderback, Battin, Jajdos, Frye) Time 3:23.8.

Graduates and post-graduates who are acting as graduate assistants in a recognized college as well as pursuing further studies should also be considered for deferment, the bulletin states. A graduate assistant is defined as anyone who is pursuing scientific research certified by a federal agency, or who is acting as a classroom or laboratory instructor in one of the approved fields for not less than 12 hours a week.

The bulletin instructs local draft boards to consider under-graduate, pre-professional, medical, dental, veterinary, osteopathic, and theological students for deferment if (1) they are full-time students in a recognized college or university, (2) if it is certified by their institution that they will graduate before July 1, 1945, and (3) if it is certified by a recognized medical, dental, veterinary, osteopathic, or theological college that they are accepted for admission when they finish their pre-professional work.

Four students who have been studying Japanese at Southern Methodist university have been accepted by the intelligence division of the army.

In a special 100-yard dash. High school special events are the 100, the high hurdles, shot put and high jump.

Action starts at 8:40 a.m., Saturday, continues until 5:05 when the one-mile relay, university class, tops off the program. High school competition starts the day.

Good attendance prospects this year center in the large numbers of service men who will be in and around Austin, and a special rate has been set for their benefit. Attendance of 10,000 is hoped for.

## Scientific Or Technical Studies To Give Deferments

College students in the scientific and technical fields may be deferred until July 1, 1945, under the provisions of a new occupational bulletin sent from Selective Service Headquarters to local boards last week.

In colleges which are running on accelerated programs, this broad liberalization of the deferment policy for college students means that men who now enter freshman classes in the approved fields are eligible immediately on enrollment for deferment for the whole length of their college training. Formerly students who had completed at least part of their courses.

Materially affected by the revised policy are under-graduate and graduate students in scientific and specialized fields, internes, and students of agriculture, forestry, pharmacy and optometry.

The specialized fields in which graduate and under-graduate students are eligible for deferment are: aeronautical engineers, automotive engineers, bacteriologists, chemical engineers, chemists, civil engineers, geophysicists, mathematicians, mechanical engineers, meteorologists, mining and metallurgical engineers (including mineral technologists), naval architects, petroleum engineers, physicists, (including astronomers), radio engineers, safety engineers, sanitary engineers, transportation engineers—air, highway, railroad, water.

The occupational bulletin sent to the draft board states: "A student in under-graduate work in any of the scientific and specialized fields listed should be considered for occupational classification if he is a full-time student in good standing in a recognized college or university and if it is certified by the institution as follows: (1) that he is competent and gives promise of successful completion of such course of study, and (2) that if he continues his progress he will graduate from such course of study on or before July 1, 1943."

Graduates and post-graduates who are acting as graduate assistants in a recognized college as well as pursuing further studies should also be considered for deferment, the bulletin states. A graduate assistant is defined as anyone who is pursuing scientific research certified by a federal agency, or who is acting as a classroom or laboratory instructor in one of the approved fields for not less than 12 hours a week.

The bulletin instructs local draft boards to consider under-graduate, pre-professional, medical, dental, veterinary, osteopathic, and theological students for deferment if (1) they are full-time students in a recognized college or university, (2) if it is certified by their institution that they will graduate before July 1, 1945, and (3) if it is certified by a recognized medical, dental, veterinary, osteopathic, or theological college that they are accepted for admission when they finish their pre-professional work.

## Cecil H. Connell Promoted to Major

The promotion of Cecil H. Connell, of the Faculty Exchange, College Station, from captain to major in the Sanitary Corps, United States Army was announced today at headquarters of the Medical Field Service School, Carlisle Barracks, Pa., where Major Connell is an instructor in the Department of Military Sanitation.

Major Connell received his commission in October, 1935; promoted to First Lieutenant in November, 1936, and to the rank of Captain in March, 1942. He was stationed at Camp Wallace and Camp Swift, Texas, before being assigned to Carlisle Barracks.
