Something to Read By Dr. T. F. Mayo

Ten Great Books

War and Peace, by Leo Tolstoi.

A vast and powerful novel of the Napoleonic wars, from the Russian point of view. Cellini's Memoirs

A brilliant artist and rapscallion describes his life (not always truthfully, but always vividly) in the Italian Renaissance. Montaigne's Essays

Leisurely meditations on human nature and affairs by a wise and mellow Frenchman of the 16th Century. A fine book for browsing and skipping.

Moby Dick, by Herman Melville

A tremendous American story about a life-long feud between grim Captain Ahab and the great white whale.

Homer's Iliad (in Lang's prose translation) The father of all war stories. Probably the favorite book of Western man. Francis Bacon's Essays

The worldly wisdom of one of the shrewdest of all minds, double distilled into short, pithy sentences.

The Voyage of the Beagle, by Charles Darwin The greatest of all biologists writes a travel diary.

Tom Jones, by Henry Fielding
A lusty, breezy 18th Century English novel about a healthy youngster who fell frequently but always scrambled to his feet again.

King Lear, by William Shakespeare. It contains about the best and the worst women in literature.

Although I promised you a letter on the subject of the newly formed symphony I have postponed writing it until after the Sunday meeting of the organization in order that I might include any plans of public interest

Open Forum

TO THE EDITOR OF THE BATTALION:

that should be developed at that time. In view of the fact that membership is sought from among the college students, air corps men, and College Station and Bryan residents who are interested and qualified the name of Community Symphony has been adopted as appropriate. The word "symphony" may sound pretentious but the group has adoped the viewpoint of a long term organization gradually building to the size and musical capacity of a small symphony. The attainment of this ideal foreshadows a long hard struggle. The odds may look unsurmountable to some but those who face the task seem anxious to set no less an ideal.

In its efforts to attain its goal the group had, at its first meeting, authorized the president to appoint a membership committee, its personnel confidential, to act with the director in scouting out desirable material and passing on qualifications. At the Sunday meeting it was voted to enlarge the powers of this committee to that of a general commtitee to which the president or director could refer any matters on whih committee consideration was desired. The standards of membership set up by vote of the organization under which the members of the committee will act are as follows: (1) the member shall be able to read standard music, including orchestral cuing, with sufficient readiness to alow rehearsing of new undertakings to proceed without unusual loss of time. (2) the member shall be proficient in the Momma! production of a true, good-quality tone. (3) the member shall be a person maintaining a banquets and dances this past brook Club will not be opened this the title roles and turn in fair * musical standard commensurate with the week-end was the number of moth- summer, thus jive fans will be performances in You Can't Escape * organization's instrumental capacity. (4) The member shall play some instrument, the addition of which to the group will be in the many mothers around. The ban- the closing is the shortage of gas, direction of the development of a symphonic quet room was filled before Hotard liquor, bands, in fact, everything

There is great need for more string instrument players. There are also openings Ma's hanging under and over the Go Lucky" (ahem) might be infor an oboe, a bassoon, and French horns. The members would appreciate it if any players of these instruments whose symphathies are with the movement, and who believe they meet the membership qualifications, will send their names to Col. Dunn for to sit down for the bayle line cording the song separately then his submission to the membership committee. There is undoubtedly some excellen talent savailable which is not known to the Power . . . orchestra's members and which we have no way of contacting unless it comes forward voluntarily.

Frederick A. Burt, President.
