ciatesis This ymay anoth desofrogreat importancesto at let of the fellows! but I honestly think it does apply sid to every man in Squadron Illouse mens lethus really show the other

leman perfectly in an essayude noted entirely on this subject. He said a gentleman is one who not only adheres closely to the Golden Rule, but also fully surpasses its components. A gentleman is one who will not impose himself upon those by whom he is not wanted or desired in their respective com-

sult to injury, purposely and if he should insult a person purposely, injure or defame one's character he would duely apologize and do

all in his power to acquit himself. Further, a gentleman is cleanshaven, well-dressed in appearance, good-mannered and an loccasional smile once in a while will make his and the lives of others, more ongenial. Above all he uses a civil tongue in speech and has the highest respect for women, superiors and elders. and

At alls times a gentleman con facts himself in a manner which shows refinement, and gives a clue as to his religious and educational backgrounds.

My hours grow longer, my weeks

Conversation during recent Military Science exam:

Sergeant Gralla: "What are you looking at that man's paper for?" Aviation Student, very seriously: "I wasn't looking on his paper, Sergeant; there wasn't anything written on it!"

"Dusty" Rhodes has developed, after hours of close observation, a sure-fire method for killing flies. "Dusty" contends that a fly takes off in reverse, and if one creeps up behind him (the fly), and attacks from behind, one will nevitably bring about the sudden, desired extermination of the fly.

Now, Dusty is very proud of
his research and discovery, and is willing to wager anyone five to anyone the transfer of the coates that he is right that he is right. The coates that he can always the coates the case of the coates the coat
